RUSSIAN ARMY IS NEARING BATTLE FRONT

PONTIFICAL RITES ARE HELD

Twenty-three Cardinals Meet in "First Congregation"

Roman Mayor Learns Officially of Hour of Death

ROME, Aug. 22.—The body of Pope Pius X, clad in his pontifical robes and with the emblems of his sacred office beside it, lay today in the chapel of the blessed sacrament in St. Peters. The doors of the great church were opened and the faithful resumed their pilgrimages to the bier.

Preparations for the burial are now under way. The stairway leading to the crypt under the altar where lie the remains of St. Peter, has been covered with heavy boards. Down these the bier will be lowered gently until it is finally deposited near the casket of Pope Pius VI.

Three hundred invitations have been issued for the ceremonies of entombing. Among those present will be members of the diplomatic corps and representatives of the Italian nobility.

The troops were withdrawn from the square of St. Peter's this afternoon.

CARDINALS CONFER.

Twenty-three cardinals met today in the first congregation of cardinals to arrange the temporary government of the church and prepare for the conclave in September, when a successor to Pope Pius will be elected. Cardinals Martinelli and Di Pietro are ill and unable to be present. Cardinal Seraphin Vanutelli, dean of the sacred college, attended, but being incapacitated by an indisposition, his duties were performed by Cardinal Agliardi.

After taking the oath to maintain secret their discussion, "even to the shedding of blood," the cardinals performed the traditional ceremony of breaking the fisherman's ring. The rite, however, was not literally carried out. According to the rules of the sacred college the ring should be broken and later reset and presented to the new Pope.

Today, after each of the members present had identified the ring, it was found that none had the strength to break it, even though a hammer was employed. Aid was not at hand as Cardinal Della Volpe had not permitted the presence of any one except the cardinals and the latter finally decided that the symbolical ceremony would be properly observed if the symbol of office was scratched. This was done.

LEGACY FOR ORPHANS.

It is learned that the testament of the late Pope provides for the maintenance of about 400 little ones made orphans by the earthquake at Messina and Calabria in 1908. The Pope's sister, Anna, who collapsed when the pontiff died, was better this morning and inquired about the arrangements for the funeral Saturday. She insisted on kneeling in bed to pray for the departed soul.

The outer walls of all the churches are placarded with notices from Cardinal Pompili, vicar general of his holiness, stating that the chamberlain had given him officially the sad news of the death of Pope Pius X on Thursday and instructed him to notify all the faithful and ordered that the bells in all the churches be tolled for one

Three Are Killed, Two Wounded in Affray

TULSA, Okla., Aug. 22.—Two men and one woman were killed and two other women are suffering probably fatal wounds as the result of two shooting affrays near here yesterday. In each instance domestic troubles led to the shooting.

At Dumwright, an oil field settlement, Alva Goldsby, 19, killed Mrs. U. G. Meyers, his mother-in-law, and probably fatally wounded his eighteen-year-old wife, following a quar- [illegible] of farmers bent on inflicting summary punishment came within sight of the house where Goldsby had fled he fired a bullet into his own brain, dying almost immediately.

At Bartlesville, Charles Foxll shot his wife in a crowded dining-room, where she was employed, and then killed himself. The woman is not expected to survive.

BURGOMASTER AND PEOPLE OF BELGIAN TOWN ASSASSINATED

By Associated Press.

PARIS, Aug. 22, 10:25 a. m.—Official announcement was made here today that the Germans had shot to death the Burgomaster and a group of the inhabitants of the Belgian town of Aerschot. The execution is declared to have been without provocation. The men were all shot at once.

CAVALRY PATROLS ENTER GHENT.

LONDON, Aug. 22, 8 p. m.—The Standard this afternoon says: "Information has reached London that German cavalry patrols have entered Ghent, Bruges and Ostend. No resistance was offered at either place. The official bureau is not able to confirm this news."

The Express publishes a dispatch from Ostend stating that the Germans already are in Ghent and that they will be in Bruges tomorrow. There was no resistance at Ghent.

UHLANS NEAR DUTCH FRONTIER.

LONDON, Aug. 22, 3:55 p. m.—In a dispatch from Amsterdam the correspondent of the Daily Mail says: "I have received a telephone message from Rosendaal on the Dutch-Belgian frontier, declaring that German Uhlans were seen Friday afternoon three miles from the Dutch frontier, near Esschen, which is eighteen miles north of Antwerp.

RUSSIAN ARMY ADVANCES.

LONDON, Aug. 22, 11:48 a. m.—In a dispatch from St. Petersburg the correspondent of the Reuter Telegram Company says the Russian general advance on both Austria and Germany is progressing without interruption.

A big cavalry engagement of the northern army on Friday was a severe blow to the Germans in Prussia. An entire German battery was captured. Aviators are throwing bombs on the German entrenchments and military buildings.

Three Austrian army corps are engaged in the Austro-Servian theater of war. They are wedged in the junction of the Drina and Yadal rivers. In a battle of four days' duration the Servians captured sixty Austrian guns.

CAPTURE BATTERY OF GUNS.

A dispatch received here from Antwerp says the Russian minister has been advised officially that in an encounter in Prussia the Russians took many German prisoners and captured an entire battery of guns. According to the same information, the Austrians in Galicia have been defeated with heavy losses. Six officers and 1250 men were taken prisoners.

GERMAN VICTORY REPORTED.

WASHINGTON, Aug. 22.—An official German dispatch reports a "magnificent victory" of the German forces between Metz and the Vosges mountains. No additional details are given.

AUSTRIANS DROWNED OR KILLED.

LONDON, Aug. 22, 9:30 a. m.—According to a Central News dispatch from Rome, many Austrians were drowned in their flight to the Drina river. The Servian artillery annihilated survivors. The correspondent says that 25,000 Austrians were killed or wounded in the battle and that 10,000 were taken prisoners.

FIGHT FOR TWO DAYS.

NISH, Servia, Aug. 22.—There has been continuous fighting along the whole frontier for two days without any change in the respective positions of the Austrian and Servian armies. It is officially stated that a part of the Servian army has invaded Bosnia successfully, and that a great battle with an outcome favorable to the Servians is expected.

200,000 MEN IN BATTLE.

ROME, via Paris, Aug. 22.—The newspapers print the following dispatch dated Nish, Servia, August 21:

"The general staff announces the complete victory of the Serbs in a four days' battle near Losnitza. Austrians to the number of

MIKADO'S FLEET WILL COVER THE LANDING OF TROOPS AT KIAO-CHOW

By Associated Press.

SHANGHAI, Aug. 22.—According to information obtained today from an official, but not Japanese source, the Tenth Division of the Japanese army, consisting of 16,000 men, went on board transports at Kokura last Friday. Furthermore, a Japanese battleship fleet, including the super-dreadnought Kongom, has sailed to bombard Tsing-Tau, the seaport of Kiao-Chow, and cover the landing of the first Japanese forces of occupation.

The second Japanese cruiser squadron from Port Arthur is patroling between Korea and the island of Formosa.

A British cruiser from Hongkong passed here today, going north.

DEMAND ANSWER TOMORROW AT NOON.

WASHINGTON, Aug. 22.—The Japanese government today instructed its charge d'affaires in Berlin to leave there at 4 a. m. tomorrow, Berlin time, if an answer was not returned then by Germany to the Japanese ultimatum.

Baron Chinda asked Secretary Bryan to transmit through the American embassy at Berlin to the Japanese charge d'affaires instructions in detail as to the course he is to pursue if no answer is returned by Germany.

Germany's answer to the ultimatum of Japan is awaited with absorbing interest in official and diplomatic quarters, as only a few hours remain for the time limit of the ultimatum.

While Japan's note specified "noon on August 23" as the time limit, yet the difference of fourteen hours' time between here and Tokio makes noon tomorrow about 10 p. m. tonight, eastern time, in the United States. For this reason it is believed that a reply, if one is to be made, must now be en route, as the delayed cable communication around would require many hours to insure an answer getting through in the short time still remaining.

Baron Chinda said that the Japanese charge d'affaires at Berlin would wait for an answer until 4 a. m., and that if no communication was received he was to ask for his passports, place the interests of Japan in the hands of the United States and leave at once.

Baron Chinda did not say what course the Japanese charge d'affaires [illegible] turned and proved unsatisfactory, but it was presumed he will remain in Berlin until [illegible] considered by the Japanese government.

Von Haniel von Haimhausen, the German charge d'affaires, was a state department caller

War Tax Legality Washington Puzzle

WASHINGTON, Aug. 22.—Until the exact conditions of the $40,000,000 war tax is to be levied on Brussels by its German captors, [illegible] international law experts here to pass finally on the legality of that method of warfare.

The practice of levying such taxes on conquered communities which was quite common in most wars up to and including the Napoleonic era, has since that time fallen into desuetude.

AUTO RACER KILLED

Spenser Wishart and Mechanician Pinned Under Car on Elgin Course.

ELGIN, Ill., Aug. 22.—Spencer Wishart, the veteran hero of many automobile races, was fatally injured while he was leading the field in the Elgin National Road Race today when his car overturned and died shortly afterward at St. Joseph's Hospital. His mechanician, John Jenter, was badly hurt. De Palma won the race, with Pullen second.

Wishart's right leg was broken, his skull was fractured and his chest crushed. His assistant's right arm was fractured and he was also injured internally. Both were rushed to a hospital. They were unconscious.

Mrs. Wishart, who had been cheering in the stands each time her daring husband flew past, was taken to his bedside. Wishart was 24 years old, and was married only two months ago to Miss Louise McGowan of Indianapolis.

The accident was due to the furious pace sustained. For nearly half of the distance of 301 miles until the accident, Wishart averaged almost 78 miles an hour, or nearly five miles faster than the new record which was established yesterday by Ralph De Palma.

On the thirteenth lap his car skidded through a fence and overturned. Some

German Consul Has Tidings of Victory

SAN FRANCISCO, Aug. 22.—The following summary of the German advance was given out here today at the German Consulate General, as telegraphed from the German Embassy at Washington:

"Brussels has fallen. The Belgians retreated on Antwerp. Pushing German forces to Charleroi. The allies army is estimated as five French and three English army corps. If not decisively defeated, they are in full retreat.

"The Saar army has attacked the French army and forced it back to the Selle river.

"The eastern border is all right.

"Libau has been successfully bombarded."

Oaklander Reported Safe in Stuttgart

WASHINGTON, Aug. 22.—Bert Swartz, child of Oakland, Cal., is safe at Stuttgart, Germany, according to consular dispatches received today by the State Department. Inquiry had been made as to his safety.

CALL LAST RESERVE OF TROOPS

Germany and Austria-Hungary Summon Landsturm

Teutonic Armies Soon to Face Allies in Big Battle

By Associated Press.

LONDON, Aug. 22, 10 p. m.—With the Germans bombarding the forts of Namur and large bodies of their troops continuing to move westward, a contest must soon be joined with the main allied forces. The German army will then for the first time find itself facing its chief opponents and a great battle, which must have an enormous effect on the future of the war, will probably ebb and flow for several days before a decision is reached.

The front of the German fighting line may extend far to the westward if the suggestion is well founded that the right wing of the Emperor's battalions is carrying out a great circling movement with a view of breaking into France. Further to the south, according to official reports, victories gained by the French troops have opened the way to Colmar, capital of Upper Alsace.

Seven thousand Austrians are reported to have arrived at Strassburg for the defense of that fortress.

CALL LAST RESERVE.

Both Germany and Austria-Hungary have called the Landsturm, their last reserve of troops, to the colors.

If the news of a great Servian victory, which comes from many sources, be true, Austria-Hungary, which must be reeling under the smashing blow delivered by her small adversary, will need every available man.

The Russian army on the eastern frontier of Germany gradually is emerging from the mist and in such forces as soon will demand more attention.

The official press bureau this afternoon issued a warning to the public to bear in mind that for practical

Cruiser Bearing Relief for Americans Delayed

LONDON, Aug. 22 (2:37 p. m.)—The American embassy up to 2:30 o'clock this afternoon had not been advised of the arrival at Rotterdam of the American cruiser Tennessee with Assistant Secretary of War Henry S. Breckenridge on board.

The Tennessee is carrying financial relief to Americans on the continent. She left Falmouth Thursday and should have reached Rotterdam yesterday. Breckenridge expects to go from Rotterdam directly to The Hague, where messages for him have been forwarded by Ambassador Page.

The failure to hear from Breckenridge is arousing apprehension here that the Tennessee has been delayed and that she will not be able to rush her relief to Americans marooned in Germany. The officers of the cruiser hoped to get the money into Germany by way of Holland.

German Cruiser Sinks British Ship

WASHINGTON, Aug. 22.—The sinking of the British steamer Hyades, plying from Rosario to Rotterdam, by the German cruiser Dresden, was reported to the state department today by the American consul general at Rio Janeiro.

The German ship Santa Kathina, the report also stated, which runs between New York and Brazilian ports, was captured by the British cruiser Glasgow.

CREW IS SAFE.

NEW YORK, Aug. 22.—There was news in shipping circles today that the crew of the British steamer Hyades had been landed at Rio de Janeiro and had reported that the ship was sunk by the German cruiser Dresden after the warship's sailors had taken out all the coal aboard.

The Hyades, 3350 tons, plied between British and South American ports. Her crew was brought into Rio de Janeiro by the German steamer Prussia.

50,000 fought an equal number of Serbs. The losses on both sides were enormous. The victors captured great booty and several thousand prisoners."

REPORT OF DEFEAT CONFIRMED.

Official sources confirm the reports that the Austrians lost 25,000 men in the three days' fighting on the River Drina and that General Leman, the Belgian commander of the forts at Liege, is a prisoner of the Germans and en route for Cologne.

General Leman was until recently the head of the Belgian military school and is considered an authority on military engineering. He is known as a determined and resourceful commander. He is 62 years of age.

PURSUED BY SERVIANS.

A dispatch to Reuter's Telegram Company from St. Petersburg, sent under today's date, says:

"After a brilliant Servian victory at Matschwa, the Austrians fled toward the bridges of the Drina, pursued by the Servians, who captured rich booty and a large number of prisoners, including officers. They took forty guns, most of them howitzers, horses, ammunition and field hospital military kitchens."

ITALY PLANS MOBILIZATION.

PARIS, Aug. 22.—A general mobilization in Italy has been decided upon and will be proclaimed in three or four days, according to a message which the Rome correspondent of Eclair succeeded in smuggling through to his paper. The correspondent asserts that King Victor Emmanuel until recently felt obliged to renounce all idea of Italian intervention in the conflict, but was won over by the arguments of his ministers. Minister of Foreign Affairs Marquis Antonio di San Giuliano as one of the cabinet held to a contrary opinion.

GERMANS CAPTURE GHENT.

LONDON, Aug. 22.—The Daily Mail under an Ostend date of Friday, publishes the following:

"The Germans are overrunning North Belgium. They are within a few miles of Ostend on the coast of the English channel.

"Fifty thousand Germans who marched through Brussels are now at Ghent.

"The English consul at Ostend has advised all the English to leave this place. Most of them left on the night steamer for Folkstone.

"The town is peaceful and quiet. The Germans are expected at any moment. They are supposed to be near here now, but there is no definite information as to their whereabouts."

LEVIES BIG WAR TAX.

Fifty million dollars is the price demanded by Germany for the Belgian resistance to the capture of Brussels and Liege—$40,000,000 from Brussels and $10,000,000 from Liege.

News of the levy of this enormous war tax came last night in dispatches from Ghent and Rotterdam, and is confirmed by the official press bureau of the British war office.

M. Hallet, treasurer of the city of Brussels, stated that no posible coercive measures will influence him to give the Germans the $40,000,000 demanded from the city as a war tax.

GERMANS OVERRUN BELGIUM.

LONDON, Aug. 22.—The Daily Mail's Ostend correspondent, telegraphing Friday evening at 6 o'clock, says:

"The Germans are overrunning Northern Belgium. They are now believed to be within striking distance of Ostend.

"Fifty thousand Germans marched through Brussels, and are now in Ghent."

The Antwerp correspondent of Reuter's Telegram Company in a dispatch dated Friday says:

"I learned from a reliable source that German cavalry patrols appeared today at Malines, thirteen miles southeast of Antwerp, where there was a skirmish. Our troops in armored automobiles took ten German prisoners.

"An advance guard of German cavalry left Brussels today, proceeding northward, supposedly for Ghent. The Uhlans everywhere are cutting telegraph and telephone lines. The burgomasters of rural communities are disarming the civil guards in order to prevent the enemy from firing on a peaceable population."

HOW ENTRY WAS MADE.

A dispatch to the Daily Mail from Brussels, which came by way of Ghent, adds the following details concerning the entry of the Germans into Brussels:

"Burgomaster Max met the Germans outside the city.

"He was accompanied by four sheriffs, who went out in a motor car. M. Max endeavored to assert the claims of the populace to certain rights under the rules of war, but was roughly interrupted by the German officers, who insisted that he remove his scarfe of office.

"The burgomaster complied and the negotiations being satisfactorily concluded, he was ordered to continue in charge of the civil affairs of the capital. At the same time he was warned that he would be held responsible personally for any overt acts of the populace against the Germans.

MUSICAL ACCOMPANIMENT.

"The German entry was accompanied by much music from the bands, drums, fifes and bugles, and continuous singing by the soldiers of 'Die Wacht am Rhein' and 'Deutschland Ueber Alles.'

"The was no touch of color in the German uniforms, all were of greenish gray and the helmets were covered with grap cloth. The guns were painted and gray, as were the carriages. Even the pontoon bridges, which were carried in sections, were of the same color.

"The Belgians watched openmouthed as the Germans marched into the public square, where they broke into the famous parade march of the goose step. Many observers were heard to mutter, however, as the Germans marched through the [illegible] 'they will not come back this way, for the allies [illegible]

SURROUNDED BY CAVALRY.

The Daily Telegraph's Brussels correspondent, en route to the frontier, has sent the following account of the German entry into Brussels:

"By 7 o'clock in the morning the city was practically surrounded by German cavalry, which systematically seized the railway and telegraph offices and posted pickets at the cross roads. When this envelopment was completed a full German army corps marched through Brussels.

"The first troops to enter the city were the famous Black Brunswick Hussars, wearing the well-known death's head badge. Their horses were exhausted. Then came a solid phalanx of German infantry, which took possession of the Brussels barracks' and heights. Regiment after regiment quietly piled their arms, looking rather weary but determined and fit. They behaved in an exemplary manner."

FIGHT BLOODY BATTLE.

The Daily Mail's correspondent at Aloist, Belgium, fifteen miles northwest of Brussels, in a dispatch dated Thursday, says:

"The Belgians evacuated Louvain on Wednesday night after a bloody battle, in which they admit their losses were enormous. They fought against fearful odds and were driven back."

The Daily Mail's Antwerp correspondent, Colonel Fairholme, militaary attache of the British legation, says the situation of the allies is entirely favorably. He declares the Germans have lost ten days on their program, while the allies have carried out their program without the slightest delay.

TO ATTACK NAMUR.

The Daily Telegraph's correspondent at Givet, Belgium, says he expects the next determined effort by the Germans will be against Namur and nearby places, where he says the Germans are now mobilized for a slashing effort to plunge their great army into France.

An army corps now on the way from Rochefort, the correspondent thinks, will be hurled squarely against the French frontier.

"The Germans," the correspondent continues, "already have made tentative assaults at every point along the Meuse wherever its crossing is feasible. This war is no child's play. Solemnly I warn the English that this is only the beginning of a time of great trial.

"The English army, I think, must eventually adopt the heaviest burden of the fighting. We have a handful of men here on the fighting line, but more must come, and many lives must be sacrificed to dam this engulfing flood. I guarantee that the battle for the mastery of France may begin tomorrow."

TO REFUSE TAX DEMANDS.

The Antwerp correspondent of the Chronicle says: "M. Mallet, treasurer of the city of Brussels, informs me that no possible coercive measures will influence him to give the Germans the $40,000,000 demanded from the city as a war tax."

All the morning papers in London denounce the German attempt to levy a tax of $40,000,000 in Brussels, which would work out at about $55 per capita for the population. The papers say that such an assessment is opposed to all the ideas of modern warfare and worthy of the robber barons of the middle ages. It is supposed that the demand was accompanied by threats to destroy the beautiful public buildings of the town, the newspapers say.

GUARD DISARMED.

PARIS, Aug. 22.—A dispatch to the Havas agency from Bruges, Belgium, under date of Friday, says:

"The civic guard at Ghent was disarmed this morning. The Brussels civic guard was sent to Bruges and Antwerp.

"The enemy occupied Aloist and Wetteran today. It is feared that the arrival of the Germans at Ghent is imminent. Many people are leaving the city by automobile or carriage for Ostend."

An official statement issued last night says:

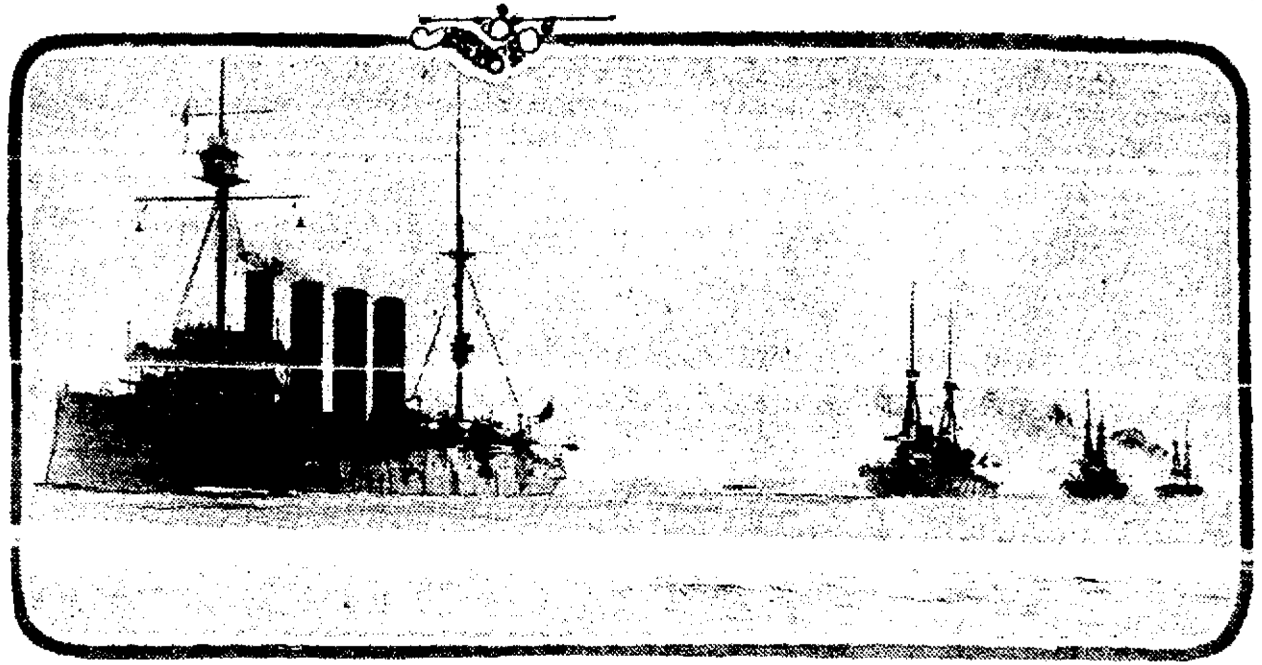
"Namur is partially invested. Heavy artillery opened fire toward noon. The westward movement of the German columns continues on both bands of the Meuse outside the range of action of Namur."

Colonel Leonce Rousset, writing for the Petit Parisian, says: "The situation is good. The slight setback in Lorraine is unimportant. On the whole the German staff's plan of invasion may be said to have failed. They sought to crush us with a lightning blow, but it is we who will carry the war into the enemy's territory."

[illegible] Report Is Received by Daniels

WASHINGTON, Aug. 22.—Secretary Daniels received a report on the Mazatlan today from Rear Admiral Pond but declined to discuss it. Certain circumstances, however, not disclosed here, were understood to be the basis of the Treasury Department's action in refusing to clear the ship.

ENGLAND'S FLEET PUTTING OUT TO SEA. DESTINATION WAS UNKNOWN WHEN WAR BROKE OUT, BUT IT IS NOW WELL SETTLED THAT THE FLEET HAS BOTTLED UP GERMANY'S FIGHTING SHIPS IN THE NORTH SEA.



Germans Anger Belgians by Binding Of Two Officers

PARIS, Aug. 22, 8:15 a. m.—A local paper, describing the entry of the Germans into Brussels, says a feature of the maneuvers was the presence with the German forces of a hundred automobiles equipped with machine guns.

Another story published here is that two Belgian officers, manacled to the stirrups of German horsemen, were obliged in this manner to accompany the cortege through the city. The spectacle provoked an angry growl from the populace, who were threatened by the cavalrymen.

On the whole, however, the people of Brussels were very self-possessed.

WAR NEWS IN BRIEF

By Associated Press.

LONDON, Aug. 22.—The Times publishes a report that Karl Baedeker, the publisher of the Baedeker guide books, has been killed in action.

PARIS, Aug. 22.—Prince Louis of Monaco, a retired captain of the African light cavalry, having applied for reinstatement in the army has been appointed to staff duty.

WASHINGTON, Aug. 22.—All British army reservists in the United States have been ordered to place themselves at the orders of English consular officers in their districts.

PARIS, Aug. 22, 12:20 p. m.—The son of Major Dreyfuss, who was exonerated on a charge of treason in 1906, has been promoted to the rank of sergeant for heroic conduct on the field of battle at the taking of Muelhausen.

WASHINGTON, Aug. 22.—Mr. Havenith, the Belgian minister, presented a note of protest to the state department against violation by Germany of the treaty of 1839, which guaranteed the neutrality of Belgium. The same note will be delivered to the foreign offices of all neutral and allied nations.

PARIS, Aug. 22.—In view of the appearance of Germans on her southern frontier, Holland has renewed her declaration of neutrality to Paris and London, according to the Petit Parisian. The newspaper adds that important conversations are proceeding at The Hague between The Netherlands foreign minister, the French minister and a special envoy from the French foreign office.

PARIS, Aug. 22, 2:40 a. m.—Maxiam Bartou, 18 years old, son of former Premier Bartou, is among the enlisted men mustered in yesterday. Joseph Caillaux, former Minister of Finance, has been promoted to be a second lieutenant and named as the general paymaster of the army.

ROME, via Paris, 5:50 a. m.—The Giornale d'Italia prints a dispatch from Pola, Austria, saying conditions there are most grave. The correspondent adds:

"The authorities have issued notices asking all the inhabitants to make food provision for ninety days. Those unable to do so must leave within twenty-four hours. This is due to the expected bombardment by the Anglo-French fleet."

LONDON, Aug. 22, 4:40 p. m.—The German advance through the western part of Belgium has not yet interfered with the passenger steamer service between Folkston and Ostend. The regular morning boat from each port left on time today. The reports of last night that German patrols had reached Ostend have not been confirmed.

LONDON, Aug. 22.—A dispatch to the Exchange Telegraph Company from Rome says that the Duke of the Abruzzi has been appointed commander-in-chief of the Italian navy.

LONDON, Aug. 22, 9:30 a. m.—A dispatch to the Exchange Telegraph Company from Rome says that according to messages from Berlin, the German press is indignant at Great Britain's acceptance of Japanese support. The leading papers declare that Germany will retaliate by stirring up an Islamitic war in India, Egypt, Tunis, Algiers and the Soudan, which will quickly bring England and France to terms.

LONDON, Aug. 22, 8 p. m.—Official news from Paris gives further details of the encounter in the Adriatic about a week ago, which resulted in the loss of the Austrian battle-ship Zrinyl, a vessel of over 14,000 tons and a crew of 857 men. The Zrinyi was struck by a shell from a French warship. This projectile exploded in her magazine and damaged her so badly that she foundered in a few minutes.

AUSTRIANS "SEEING THINGS."

LONDON, Aug. 22.—A dispatch to the Havas agency from Rome says that the correspondent of the Giornale d'Italia at Trieste relates that during Thursday night the Austrian fleet engaged in a violent artillery combat with an imaginary fleet. According to the correspondent the mistake was discovered only after a six-hour cannonading.

TODAY'S ACTION IN THEATER OF WAR

The German advance into Belgium is going on today. Having taken Brussels, the troops of Emperor William are forcing their way steadily and rapidly to the north and west. They have occupied Ghent and are approaching Brughes and Ostend. They would appear to be endeavoring to overrun the whole of northern and western Belgium. At the same time they would seem to be drawing closer to the French frontier. Southeast of Brussels they are investing the fortified city of Namur, on the Meuse.

It is reported from Antwerp that the Germans will not continue to occupy Brussels, contenting themselves merely with marching through the city. This determination, however, may be altered by the attitude of the city treasurer of Brussels, who is quoted as saying he will never pay the $40,000,000 demanded by the Germans as a war tax.

The concentration of the Belgium army before Antwerp is said to have been accomplished in good order and the morale of the Belgian troops is reported to be unimpaired.

While German patrols are close to Antwerp, no strong detachments have yet been reported near the city.

A Paris newspaper declares today that general mobilization in Italy has been decided on and will be proclaimed in three or four days.

London announces officially that General Laman, Belgian commander of the forts at Liege, is a prisoner in the hands of the Germans at Cologne.

The American consul general at Rio de Janeiro has reported the sinking of the British steamer Hyades by the German cruiser Dresden.

St. Petersburg announces officially that the Russian army is advancing along the entire Austro-German frontier and at the same time successfully maintaining the offensive at every point of contact with the enemy. A reported cavalry engagement of the Northern Russian army last Friday is described as a severe blow to the Germans in East Prussia. It is said an entire German battery was captured in this engagement. Russian aviators are reported throwing bombs in German entranchments.

Further accounts of the reported Servian victory over the Austrians say the fighting lasted three days along the Drina river. The Austrian casualties were given as between 20,000 and 25,000, while it is said 10,000 prisoners were taken.

The Servian artillery did good work against the enemy. Nish declares officially that a part of the Servian army has invaded Bosnia and that another great battle is expected in the near future.

The time limit of the Japanese ultimatum to Germany, demanding the surrender of the German holdings at Kiao-Chow, expires tomorrow and Japan is described as fully ready to proceed against the German position. A dispatch from Tokio says that the German ambassador to Japan will sail for Seattle August 26 and that a number of German officials have already left Tokio.

The news of the German occupation of Brussels has been posted in Berlin.

The American ambassador in Berlin has published a denial of reports that Americans have been ill-treated in Germany.

U. S. MAY ORGANIZE COMPANY TO HOLD MERCHANT MARINE

WASHINGTON, Aug. 22.—The bill to create a government bureau of war risks for vessels of American registry during the European war was before the house today with Chairman Alexander of the merchant marine committee urging its passage. The measure, which was passed by the Senate with slight changes, [illegible] appropriation of $5,000,000 to insure American vessels and cargoes against risks of war. It was believed that no serious opposition to the bill would be encountered in the house.

Chairman Clark of the Senate commerce committee practically has completed the tentative draft of a bill to carry out the proposal of the government for the formation of a corporation for the purchase of ships to move American crops to Europe and hoped to submit it to the committee today. Chairman Alexander also is preparing a similar bill for submission to his committee.

The plan is for the creation of a corporation capitalized at $10,000,000, or more, as may be necessary, the government to hold 51 per cent of the stock and the remainder to be open to public subscription. The government's capital would be raised by use of treasury funds, and if necessary by an issue of Panama canal bonds up to [illegible]. That is a feasible method of financing the project, according to Representative Alexander, as the Panama canal owes the treasury $150,000,000. He said the idea was that if the public failed to subscribe the 49 per cent the government would go ahead with the project, anyway.

Those who oppose the plan contend that there will be ample private capital to meet the situation. Definite action on the proposal is not looked for before next week.

BANK OF ENGLAND KEEPS UP CREDITS

Discounts and Loans Continue, While Joint Stock Concerns Shut Off.

LONDON, Aug. 22.—There is much criticism in financial circles of the policy of the joint stock banks, which have discontinued all business except the acceptance of deposits and payments on checks.

The Statist says the Bank of England is discounting and lending at the rate of £5,000,000 ($25,000,000) daily. In ten days the bank has added to the available resources of the London money market the immense sum of £100,000,000 which is more than half the estimated amount of bills discounted in London in a similar period under ordinary circumstances.

The paper adds that the joint stock banks are putting off customers and lending on only a minute scale, while the great dealers in bills, other than the banks, are practically on a strike. The answer of the banks is that they hold a great amount of Austrian and German acceptances which cannot be cashed. The Bank of England's staff is working nearly all night, meals being eaten in the bank. Many wealthy men with securities worth many thousands in their safes are pressed for cash.

The Statist states that German banks have been trying to finance German trade with British money. In a clever way they get German bills accepted in Amsterdam and other natural markets in large amounts. These bills are sent to London with the hope that they may be dealt with there. The banks have unanimously refused them, however, and the bills have been returned to the senders. A great newspaper discussion is being waged on the subject of economy during the war. It was started by proposals that the rich should give the country an example of plain living and cut off all luxuries. This excited a storm of protests on the ground that eschewing luxuries would bring ruin to a large class of the population whose business it is to provide them.

U. S. TO PERMIT CODE MESSAGES

American Naval Officer to Be in Charge of Wireless Stations.

WASHINGTON, Aug. 22.—Administration officials believed today that they had found an equitable solution of the wireless-cable controversy which has thus far furnished the most vexed question of the neutrality for the American government's consideration.

Haniel von Haimhausen, charge d'affaires of the German embassy, had an engagement for a conference today with Secretary Bryan at which the plan drafted by officials of the Washington government was to be submitted to him. The suggestion which as been advanced after a careful examination of the legal aspects of the case at the Department of Justice and international law phases at the State Department, is that no censorship be imposed on the cables, but that a modified form of supervision be exercised over wireless stations.

Under the instructions to naval officers in carge of wireless stations, following President Wilson's executive order, no code messages of any kind were permitted to go to foreign countries. The new arrangement would permit code messages to be sent, but after the American naval officer in charge had been satisfied in some way yet to be determined of the neutral nature of the information transmitted.

It was predicted here today that the German government would not object to the new plan and that it would be adopted, but official information on the subject was lacking. If accepted the proposed method would give German embassy officials and consul an opportunity to communicate directly with Germany [illegible] from Berlin more official news of the progress of the war from the German viewpoint.

GERMANS FACE BELGIANS IN 25-MILE LINE OF BATTLE

By Associated Press.

LONDON, Aug. 22.—The Amsterdam correspondent of the Reuter Telegram Company sends the following detailed account of the advance of the Germans across Central Belgium during the present week. The account as sent by the correspondent was taken from an Antwerp newspaper. It follows:

"Tuesday morning the great advance movement began along a line extending in a broad 'V' from Diest to Tirlemont and St. Trend. The Belgians retired from St. Trend, as the Germans outnumbered the Belgian advance guard. The first Belgian battle line extended along a line of about thirty-five miles, and included Diest, Haelen, Geetbeetz, Neerlinter and Tirlemont.

"Tirlemont was guarded by cavalry detachments only, while on the other end of the line the burden of defense at Diest was taken by bicycle sharpshooters.

[illegible]

"The battle started at daybreak on Tuesday near Geetbetz, where the Belgians gained the first blood by bringing down a German aeroplane which was scouting above the Belgian position. At 6 o'clock the Germans opened their attack with large forces of cavalry, supported by infantry and artillery with machine guns. Within a few minutes a fierce battle was raging along the six mile front.

"In the north the German right wing attacked Haelen and Loxbergn. In the south it attacked Bedingen.

"The main attack was aimed to break through the Belgian line at Geetbetz, where the dismounted Belgian cavalry poured in a terrific fire, annihilating the German advance columns. Thereupon the German cavalry executed a daring flank movement around the Belgian position, necessitating the slow retirement of the Belgians on Budingen, where Count Dursel was killed.

GERMANS BOMBARD DIEST.

"The most remarkable stand was made outside Budingen by two Belgian squadrons of 240 men, who opposed for a long time 2000 Germans.

"On the extreme north the Germans stormed Diest, bombarding the town furiously and destroying a large part of the city.

"Late Tuesday the Belgian headquarters, having learned the enemy's strength from aviators, decided further resistance along this advanced line would be foolish and ordered a gradual retirement.

"[illegible] ferocious battle along the whole line continued. The hottest fighting was at Aerschot, twenty-three miles northeast of Brussels, where the carnage on both sides was awful. The advance guard of the two Belgian regiments made an heroic stand, but was forced to retreat at 7 o'clock in the evening.

"At 11 o'clock the German's reached Louvain in motor cars armed with machine guns. The Belgians continued to fall back in good order, administering severe punishment to the enemy all the way. Their retreat took them through Haliners and thence to Antwerp."

DESCRIBES BATTLE AGAINST GERMANS

Gives Details of French Attack at Meulhausen and and Altkirch.

By Associated Press.

LONDON, Aug. 22.—An Exchange Telegraph Company dispatch from Paris gives further details of the battles of Muelhausen and Altkirch.

"As the enemy's retreat had not been cut off they made good their escape," says the dispatch, "hiding in the forest over a space eighteen miles in extent. French troops entered Muelhausen as night was falling, to the acclamations of the people, who royally feted the soldiers. Muelhausen was difficult to defend against a force coming from the north or east and was relatively easy to retake.

"The Germans attacked out positions that same night, coming from the forest on the right and Neu Breisch on the left while other troops marched in the direction of Cernay to cut off our retreat from there. Cernay is on the Thur river, southeast of Thann. By staying in Muelhausen with a comparatively weak force we risked losing our line of retreat to the heights of Vosges. Therefore it was thought possible to attack the enemy marching toward Cernay and utilize our reserves when a rally was necessary.

RETREAT ONLY SOLUTION.

Our left was being attacked toward Cernay by a superior force. Our center was engaged at Muelhausen and our right was forced to remain inactive. The battle was going against us. Therefore retreat was the only solution, as the enemy was not prepared to give up the heights of Alsace without a struggle and had brought up a large force for its defense.

"Our object was to take up a new base in the shelter of Belfort. The enemy suffered severely from our artillery. Their howitzer battery caused us much trouble. Accordingly General Pau determined to give battle while the enemy seemed inclined rather to continue the skirmishing.

"The battle front was less extended than on the previous week. The German line of retreat lay by the canal leading to the Rhine. When the attack commenced Thann and Dannemarie were the objective points. The fight was sharp and decisive and the Germans were driven out. They set fire to the greater part of the towns before leaving.

CAPTURE GERMAN BATTERIES.

"General Pau next gave an order to attack in the direction of Muelhausen. At the same time our left began an attack in the direction of Colmar and Neu Breisch and our right began its march on Altkirch. Our left and right also menaced the line of the German retreat before Muelhausen. Four German batteries were abandoned and our men, limbering up their guns, captured twenty-four of the enemy's guns.

"The struggle continued desperately, but already the enemy had forced our troops steadily gaining ground, and apparently fearing that the bridges over the Rhine would be destroyed, retired in great disorder and vigorously pursued by our men. We now hold the sides and the main valleys of the Vosges and are in the best positions to follow up our success in the direction of Colmar."

DECLARATION OF LONDON TO BE PUT INTO FORCE

LONDON, Aug. 22.—The Gazette announces the decision of the British government to put into force the declaration of London as though it had been ratified.

This decision was taken in view of the fact that British, French and Russian navies are acting jointly and France and Russia had given notice of their intention to act in accordance with the provisions of the declaration, so far as is practical, during the present hostilities.

The declaration of London was discussed at a conference of maritime powers held in London in 1908-09. Among other things it provided for a modification of the law of contraband and rights of seizure and search. It was agreed upon by the delegates but has not been ratified by all the countries concerned.

RUSSIA ADVANCING ALONG FRONTIER

Army Reported Maintaining Offensive at Every Point of Contact.

By Associated Press.

LONDON, Aug. 22.—A despatch to the Exchange Telegraph Company from St. Petersburg says:

"It is officially announced that the Russian army is now advancing along the Austro-German frontier and successfully maintaining the offensive at every point of contact."

The St. Petersburg correspondent of the Daily Mail in a despatch dated Friday, says:

"According to information from a high source the retreat of the Germans reported yesterday was marked by brilliant Russian cavalry exploits. Crack guard regiments hurled themselves with irresistible fury on the foe. The third squadron of horse guards captured a hostile battery.

"The grand dukes who were in the fight were unscathed. Among the wounded is Colonel Peter Von Benckender, the youngest son of the Russian ambassador to Great Britain. The casualties include many of the most distinguished names in Russian aristocracy."

RACE ISSUE FIGURES IN AUSTRIAN MOBILIZATION

PARIS, Aug. 22.—The latest information received here concerning the Austrian mobilization shows that the racial question is considered an important factor in the use of troops. A division of the fourteenth Tyrolean corps was first sent north to Lake Constance but later was sent back to the Tyrol. Chasseurs were sent against Russia to replace the 12th corps, composed of Slavs. Austria has sent against France heavy and siege artillery automobiles. Seven thousand Americans are now reported to be in Strassburg.

NO LOAN POLICY OF U. S. WINS APPROVAL

LONDON, Aug. 22. — The Economist, referring to the opposition of the American government to allowing a French loan to be floated in New York, says:

"The United States government has done honor to itself and a service to the world by maintaining neutrality in its strictest sense and refusing to allow its bankers to take profit by prolonging the carnage in Europe."

The newspaper points out that if a French loan had been permitted a German loan also must have been permitted and that the effect would have been to prolong the war.

ENDURED HARDSHIPS IN WAR-RESCUE DASH

American Graphically Relates Experience in Heart of War Zone

By Associated Press.

LONDON, Aug. 22.—Dr. Franklin Martin of Chicago, who left here a week ago for Munich to get his niece, Miss Stone, also of Chicago, has returned to London. He tells a story full of interesting experiences on the continent. He attempted first to make his way to Munich by way of Paris and Berne, Switzerland, but was not successful. He was unable to proceed beyond Paris.

Stories related to him of the hardships endured by Americans marooned in Germany impelled him to make a second attempt, and in company with John Moran of New York, whose wife was last heard of in Munich, Dr. Martin started again through Holland. There he fell in with S. Bergmann of New York, who had spent three days in an English prison at Winchester, owing to his inability to prove his American citizenship. "We as Americans," said Dr. Martin, "had little difficulty in passing through the German lines, but Mr. Bergmann was stopped until finally he exhibited his release from the English prison on which his photograph was pasted.

REFUGEES CAMP ON BEACH.

LONDON, Aug. 22.—Passengers who arrived tonight from the continent say that refugees from Brussels are camping on the beach at Ostend. Many of them had the greatest difficulty in leaving the capital as the trains were filled with wounded.

One woman who said she left Brussels on the last train out, asserted that all the morning and afternoon before the arrival of the Germans long processions of German wounded passed along the main road leading from the country to the northern railway station. She went to the station, she said, but could not find a place on board until an officer permitted her to enter the Red Cross car, which was filled with wounded soldiers.

Arrangements have been completed for the despatch twice daily of trains from Switzerland across France to the coast under diplomatic auspices. It is expected that the service will begin next week and quickly repatriate 20,000 Americans and 4000 English who are in that country.

The proprietor of a tourist agency who went to Switzerland to investigate conditions there says that many English in that country are without money or even a change of clothing, as their baggage has gone astray. They are being cared for at hotels by their consuls, however. Americans are better supplied with funds, he said.

Acting under orders from the American ambassador, Walter Ames Page, Major Daniel W. Ketcham and other officers in charge of the distribution of funds deposited in Washington for Americans in Europe began payment this afternoon.

DESCRIPTIONS BEING CABLED.

Descriptions of persons to whom money is sent are cabled from the State Department in Washington. Applicants are required to furnish cablegrams and letters showing that money has been sent to them and these persons are questioned and scrutinized with great care to make sure [illegible].

Descriptions of persons all over Europe are being forwarded to the American Embassy and arrangements will be made on the continent for all banks to pay tourists who are stranded in various cities. The sums deposited with the Treasury Department in Washington vary from fifty dollars to several thousands.

Americans were much relieved by the announcement that Ambassador Page had cut the red tape and ordered the money paid to them, as many needed cash with which to purchase passage on steamers sailing soon.

AMERICANS HOMEWARD BOUND.

PARIS, Aug. 22.—The steamer Espagne left Havre today taking nearly 1000 Americans back home. The steamship Rochambeau will leave for the United States on August 29 and the Flandre, which has been substituted for La Champaigne, on August 31. Major Morton J. Henry of the United States army, who has been acting as a military observer, has gone to Havre to inspect the Espagne before she sails.

The French foreign office today gave American Ambassador Herrick assurances that when more ships were needed they would be requisitioned.

Archer W. Huntington and wife have arrived at Amsterdam from Nuremberg. The former's foster mother, Mrs. Collis P. Huntington, has just received word here that he will go to London.

IDZUMO LEAVES FULLY STOCKED

Japanese Cruiser Passes Out Through Golden Gate; Will Clear for Action at Sea.

SAN FRANCISCO, Aug. 22.—The Japanese cruiser Idzumo, fully stocked and provisioned, fresh from the dry dock and glistening with new paint, passed through the Golden Gate at 12:10 p. m. today. She will clear for action at sea.

The cruiser Idzumo steamed out of Hunter's Point drydock shortly after midnight and began taking on coal, while lying at her former position in man-o'-war row, midstream.

There is no limit to the amount of fuel Captain Moriyama may secure for his vessel, as formally the Idzumo belongs to a power at peace. Her status will change in all probability this afternoon. Japan's ultimatum sets its time limit at noon, Sunday, Tokio time, which is [illegible] hours ahead of San Francisco.

Unless the Kaiser yields, or the proposition to have the United States act as "receiver" for Kiao Chau is accepted by Japan and Great Britain, Japan will be joined in the general conflict.

Captain Moriyama says nothing of his movements when he leaves this port. Whether he will convoy the Toyo Kisen Kaisha steamer Shinyo Maru on its voyage to Japan is not known. At the T. K. K. offices it was stated that the liner would sail at its scheduled time, Monday, 1 p. m. It is, however, already coaled and provisioned for the trip.

The Shinyo Maru is liable to requisition by the Japanese government in case of war to act as a transport or auxiliary cruiser. The company here has announced that it will not make the final China ports of Hong Kong and Shanghai, but put up on reaching Japan for overhauling. W. H. Avery, the assistant general manager of the company, will be on board.

Whether the Idzumo will lie outside to convoy the liner on its home trip, or the Shinyo Maru hasten its departure to go with the war vessel, probably is known only to Captains Moriyama and Smith and the heads of the company. The Idzumo, which far outclasses both the Leipzig and the Nurnberg may keep a free hand to meet these vessels, or let the Japanese liner proceed alone as a bait for the Germans.

That the Leipzig is still persisting in its patrol of these waters was further evidenced by word brought to Seattle by the American tanker Catania. The Catania was stopped at a point about 150 miles north of San Francisco last Tuesday by the Leipzig, but allowed to proceed when she showed the American flag.

OFF CALIFORNIA COAST.

SEATTLE, Aug. 22.—The first definite information of the whereabouts of the German cruiser Leipzig since she left San Francisco early Tuesday morning was brought to port today by the American tank steamer Catania, which arrived today from Port San Luis, and reported that she had been halted Tuesday by the Leipzig 150 miles north of San Francisco.

Captain Castle of the Catania said he was running along without displaying his colors when the Leipzig bore down upon him at full speed from the southwest. When within a mile of the Catania, which paid no attention to the approach of the German cruiser, the Leipzig displayed her colors and hoisted signals which read:

"Heave to. Show your colors."

The Catania promptly stopped her engine, while the quartermaster ran up her signal letters and displayed the American flag at the stern. Apparently satisfied [illegible] to proceed and, turning about, put to sea.

Advices to Captain Castle [illegible] indicate that the Leipzig still is hovering off the California coast, apparently seeking prizes from which she can obtain fuel. The Leipzig took on 375 tons of coal at San Francisco Tuesday and cannot visit an American port again for three

just a few minutes before Baron Chinda arrived, and said that, while he had no definite information, he would not be surprised if no answer was returned to the ultimatum, placing the burden of action on Japan.

Secretary Bryan said today that his communication to Japan, reaffirming the open door policy of the United States in the Far East, had gone forward through the American embassy in Tokio two days ago.

Senators of the foreign relations committee said no action would be taken on Senator Gallinger's resolution to that effect without consulting the state department.

California's interest in the far eastern Japanese-German crisis increased in intensity today with the approach of the time set for the expiration of the Japanese ultimatum —12 o'clock tonight, Oakland time.

The colonies and dependencies of Germany in question are Klao Chow, a protectorate in Northeastern China on the Yellow sea, and in the Pacific German New Guinea, consisting of Kaiser Wilhelmsland, the Bismarck archipelago, the Caroline islands and the Samoan islands of Savaii and Opolu.

These islands of the Pacific have an area of 96,160 square miles and a population of 357,800.

The estimated area of Klao Chow is 200 square miles. This does not include the bay, with an area of 200 square miles, and the neutral zone, of 2500 square miles, with a population of 1,200,000.

The estimated population of Kiao Chow is 168,900. Of this population 3896 are whites, almost all German.

An imperial governor is the administrative head of Germany's Pacific possessions, the first of which was acquired in 1884 and the last in 1899.

Kaiser Wilhelmsland, with a population of about 700 white men, abounds in sage, copra and valuable woods.

Eight principal islands comprise the Bismarck archipelago.

Germany owns the Solomon islands in part, several small ones to the east of Bougardville having been transferred to Great Britain in 1899.

The Caroline Palau and Marianne, sometimes known as the Ladronne islands form a part of the German New Guinea protectorate.

They have a native population of 55,000, with about 200 Germans. These possessions were acquired from Spain in 1899 for about $4,000,000.

The Marshall islands have been German since 1885. Their chief export is phosphate.

German Samoa has an area of 1000 square miles.

Find Dum-Dum Bullets; Powers Are Notified

PARIS, Aug. 22.—The Government today calls the attention of the powers which signed The Hague Convention to its report on August 10, following an engagement, a French army surgeon found five dum-dum bullets on the road to Munston, in Alsace. These bullets were in a rifle clip, and were turned over to the French commanding general.

Other dum-dum bullets taken from the bodies of French soldiers killed in battle have been forwarded to the Minister of War.

W. T. Greene, Bopkinton, N. H., writes the following letter, which will interest everyone who has kidney trouble. "For over a year Mrs. Greene had been afflicted with a very stubborn kidney trouble. An operation was advised. This I would not consent to. Foley Kidney Pills did more to complete her recovery than any medicine she has taken and I feel it my duty to recommend Foley Kidney Pills to all who need kidney medicine." They are tonic in action, quick to give good results. Sold everywhere.

GROSS WINS MANY VOTES

HE MAKES DIRECT APPEAL

During the few days which remain before the primary election next Tuesday, City Auditor and Assessor George E. Gross of Oakland, candidate for the office of county clerk, will make from three to half a dozen speeches daily. Aside from this strenuous campaigning, Gross will be in his office during business hours, for it has always been his policy never to neglect the affairs of the municipality nor utilize any of the time belonging to the city for personal convenience or private profit.

Gross is one of the most forceful and convincing speakers before the people at the present time. In a direct appeal that is shorn of oratory he presents his propaganda to the voters "straight from the shoulder" and never fails to convince his audience that he is in earnest when he makes them a promise and intends to do exactly what he says he will do. Gross never makes an address that fails to win him new supporters and it is characteristic of him to retain the friendship of everybody who lines up with him politically for better government.

GEORGE E. GROSS, CANDIDATE AT PRIMARIES FOR OFFICE OF ALAMEDA COUNTY CLERK.

During the present campaign Gross probably has addressed as many meetings as any other candidate for county office. He has received the achievement of the municipal department which has been under his supervision since 1907 and pointed to the splendid record he has made as city auditor and assessor of Oakland as a guarantee that if promoted by the people to the office of county clerk he will serve them faithfully and efficiently. Gross thinks there is room for sweeping reforms in the conduct of the county clerk's office and for this reason he wants the people to give him the opportunity to bring them about.

Gross' primary campaign has been clean cut and in the open. Since opening it he has received the endorsement of innumerable labor and civic organizations, together with woman's clubs and most of the prominent business and professional men of the community. His friends predict a splendid vote for him at the primaries and his election as county clerk in November.

LAST RESERVES ARE SUMMONED

Germany and Austria Call Landsturm to the Colors.

(Continued From Page 1)

purposes almost all information concerning the progress of the land operations comes at present from the side of the allies.

NEWS IS MEAGER.

The official statement continues:

"Very little news filters in from Germany and Austria by the channels of neutral countries, but sufficient does get through to indicate that the enemy claims successes in various quarters, both in the west and eastern theaters of the war.

"It should furthermore be remembered that these campaigns have been carried out on an enormous scale and that a majority of the encounters which already have taken place can only in their due perspective be classed as incidents of minor importance.

"No achievement on either side deserves to be called a victory. The French have gained gratifying successes in Alsace and the Germans, by a steady pressure, have obliged a large portion of the Belgian field army to retire on Antwerp.

"In the eastern theater there have been a number of affairs of which our allies are believed to have gained ground, but the campaign in that quarter can scarcely be said to have commenced.

"The exaggeration into important triumphs of minor episodes in which the allied forces are alleged to have gained the upperhand is misleading.

ONE SUCCESS ADMITTED.

"This, however, may be said. In the western theater of the war, in which this country is most interested —one real noteworthy success has been gained, although it should, perhaps, be called a German failure rather than an allied success.

"At the end of three weeks the enemy has not yet attempted to deliver an attack which, had it taken place and proved even partially successful a week ago, might conceivably have interfered with the concentration of the French army and might have proved prejudicial to their subsequent operations.

"It was apprehended that the Germans would take full advantage of this circumstance. These suppositions have proved incorrect. The situation at this moment is, in a military sense, satisfactory."

Bust of Kaiser Saves Life of French Soldier

MARSEILLES, Aug. 22.—Among the French wounded who arrived here is a soldier who has been fighting in Lorraine. He owes his life to a small bust of Emperor William which he picked up in a village school and placed in his haversack. A German bullet struck the bust and damaged the head. Thus deflected, the missile inflicted only a nonfatal wound.

Paris Prices Lowest in Over 20 Years

PARIS, Aug. 22.—Cheap living is anomaly of the present situation in Paris. Meats today sold at the lowest prices in twenty years and at the central markets yesterday vegetables were abundant and comparatively cheap. This, in spite of the fact that some merchants have raised their prices at the risk of prosecution.

WISHART KILLED ON ELGIN COURSE

of the witnesses said he seemed to lose control of the steering gear.

The accident put Burman in the lead, but the awful pace and the heat of his engine made him sick and he had to withdraw in favor of Ralph Mulford, who took his seat at the steering post.

The new leader was followed closely by Alene, Pullen, De Palma, Grant and Wilcox.

The race was not stopped. While spectators were lifting the car off the prostrate forms pinned under it, the other contestants, their set faces looking straight ahead in the dust and smoke, pursued their breakneck course.

Three spectators were reported slightly hurt when Wishart's car hit the fence, near which were their seats.

Oldfield was third. De Palma's time was 73.5 miles per hour, or one-tenth of a mile slower than the new record, which he established yesterday. His time for the race was 4:06:18.

At 150 miles the leaders stood as follows at the end of eighteen laps: First, Burnam, time 2:01:34; second, Rickenbacher, driving for Alley, time 2:02:35; third, Pullen, time 2:04:04; fourth, De Palma, time 2:05:16; fifth, Grant, time 2:07:30; sixth, Anderson, time 2:08:58.

Oldfield's time was 4:24:02, 17 minutes behind Pullen, who made the race in 407:28.4.

Morris was fourth and Hearne fifth.

Twenty-two racing automobiles, driven by the skilled drivers of the world, lined up for the start of the 301-mile race.

The number of withdrawals was surprisingly small. Practically the same drivers who raced the 301-mile event yesterday were scheduled to start. Ralph Mulford, however, who finished third yesterday, was compelled to withdraw because of a break in his machine.

Ralph De Palma, winner of yesterday's race, was a favorite with many, while Spenser Wishart also was picked as a probable winner.

Fountain took the pole and the lead at the start, but as he finished the first lap Dearborn was close behind. Mishaps began almost with the start of the race, and three cars were put out of it on the first lap, the machines driven by Shrunk, Tidemarch and Walker being forced to withdraw.

Germans Are Across Channel From England

LONDON, Aug. 22, 3:05 p. m.—According to a dispatch from Folkestone to the Chronicle, passengers who have arrived there from Ostend report that Friday afternoon German patrols were at the outskirts of that Belgian seaport.

"Several Englishmen and a number of Americans arrived at Folkestone tonight on the cross channel steamer from Ostend," the correspondent of the Chronicle continues.

"It is hard to believe," one of these travelers said, "that the Germans are really occupying a position on the straits of Dover across from the English coast. When we left Ostend Friday afternoon the Germans were already in the outskirts. It is expected that they would be occupying the city by the time our steamer reached England.

"All foreigners were ordered to leave Ostend yesterday. The postoffice and the government offices are closed and the inhabitants are in a condition of panic."

hour at sunset today and on Saturday. The clergy also are directed to [illegible] masses for the late pontiff, "recommending his blessed soul to God."

Dr. Machiafava, one of the two physicians who were at the death bed of Pope Pius X, has given the Associated Press the following statement:

"The Pope died Thursday, August 20, about 1:15 in the morning. (Signed)

"E. MARCHIAFAVA."

A RIDICULOUS REPORT.

When informed of the premature announcement in the United States of the pontiff's death and the claim made that it actually occurred prior to the time as officially announced, Dr. Marchiafava said he thought it ridiculous to doubt the exact hour at which the Pope had passed away and decried the attempt to shorten his life by hours in view of the fact that there are plenty of witnesses who saw him alive early Thursday morning.

These include such outside and disinterested persons as Monsignor Falconio, former apostolic delegate in the United States, who, at about midnight of Wednesday insisted on entering the Vatican, the doors of which were closed. He was given admittance and remained in the Pope's bedroom for half an hour.

Dr. Andrea Amici, the other physician in attendance, when told of the American dispatch, said:

"I can give you the best of documents showing the irrefutable truth."

With those words he produced his own written announcement of the death of the pontiff to the mayor of Rome. This announcement is as follows:

"Most Illustrious Sir and Mayor: It is my sorrow to inform you that today, August 20, at the hour of 1:15 a. m., his holiness, Pope Pius X, known secularly as Giuseppe Sarto of Riese, ceased to live in the Vatican palace, from bronchial pneumonia, aged 79 years. Dated August 20, 1914."

Prince Colonna, the mayor of Rome, has ordered a special cover, richly bound and lined with satin, for the death certificate. It bears the Roman coat of arms in the center and has the following inscription in silver letters:

"Death certificate of his holiness, Pius X. Expired August 20, 1914."

BODY AT ST. PETER'S.

Borne by red uniformed members of Sedialie, who when he was alive carried him in the sedan gestateria chair, the body of Pope Pius X, dressed in pontifical robes and mitre and with the other emblems of his sacred office lying beside it, was taken yesterday to the chapel of the Blessed Sacrament in St. Peter's where the solemn rites of absolution were performed.

Thousands of persons previously had visited the throne room, where the body lay, to look upon the face of the dead pontiff, and many [illegible] themselves into the great procession from the throne room to the chapel. The procession was headed by the bearers of the massive silver pontifical cross, and twenty cardinals and patriarchs, archbishops, priests and papal and court chamberlain and members of the Swiss noble and Vatican guards in their multi-colored uniforms. The scene was an impressive one. Under the flare of the candles in the chapel could be seen the tear dimmed eyes of prelate, priest, layman and papal guard. Especially affected were the bearers of the body of the Pope.

The burial of Pope Pius will be private. This was decided upon today.

The body was embalmed prior to its removal to the chapel for the ceremony of absolution. Instead of the antiquated method of removing the viscera and preserving it in a vase in the church of St. Vincent near the Quirinal, a fluid which it is claimed will preserve the body perfectly was injected into the arteries.

BROTHER AT BIER.

The late pope's only brother, Angelo Sarto, arrived in Rome yesterday. From a handsome elderly person, grief had changed him to a broken old man. Great affecton existed between the two brothers, and when Angelo entered the mortuary chamber today he fell to his knees at the side of the body, sobbing aloud. There he knelt for an hour, praying, the tears streaming down his face and so convulsing his frame. Kindly hands eventually lifted the sorrowing man and led him from the death chamber to the apartment of his sisters.

Mourning throughout Rome continued today. All the theaters, moving picture shows and other places of amusement remained closed. Thousands of persons gathered in St. Peter's Square last night and remained there, some of them in prayer, until broad daylight, when a violent thunderstorm, accompanied by sharp flashes of lightning, drove them away.

The contents of the will of Pope Pius became known today. The testament is dated 1911 but has codicils made in successive years. To the members of his immediate family he leaves $20,000, which was presented to him some years ago, and $2400 to his nephews. Both bequests are made subject to the approval of his successor. In the will is the following phrase:

"I was born poor and lived poor, and I wish to die poor."

Prince Chigi, the hereditary marshal of the conclave, because of his advanced years, today requested Cardinal Della Volpe to obtain a substitute for him. The cardinal chose Prince Ludovico. The marshal of the conclave is entrusted with the protection of the cardinals dur-

CONDOLENCES RECEIVED.

Vatican officials today expressed their appreciation of messages of condolences received from President Wilson and Secretary of State Bryan.

Cardinal Farley telegraphed the Vatican today that he was leaving Switzerland to attend the conclave.

The Marquis di San Guiliano, the Italian Foreign Minister, has ordered the representatives of Italy abroad to state that though nearly the whole of Europe is engaged in warfare, the Catholics can elect a new pope in peaceful Italy.

The Swiss government has notified the Vatican that it has ordered forty-six Swiss guards, who returned to Switzerland for the mobilization, to leave immediately to resume their duties at the Vatican.

"It has virtually been decided that the conclave shall be held in the Vatican. All the cardinals are living inside the building and owing to the accommodations provided by Pope Pius little work will be necessary to secure the Sacred College and their attendants from contact with the outside world.

The Tribuna today says that the approaching conclave will not be split into a German party and a French party, but have the religious discretion of the papacy, Pius X having laid politics aside.

There will be present a conservative right, whose candidate for the papacy will be Cardinal de Lai, supported by Cardinal Billot, Cardinal Merry del Val, Cardinal Dubillard and Cardinal Sedin. The party of the left will have modern tendencies. Its candidates will be Cardinals Gaspari, Maffi and Ferrati, supported by Cardinals Agliardi, Della Chiesa, Amette and Bourne together with the Germans and the Austrians. The third party, that of the center, will have as candidates Cardinals Ferrata, Pompilj Serrinfo, Vanuelli and Gotti.

The Tribuna expresses the idea that the chances favor Cardinal Ferrata, one of the candidates of the center.

AMERICAN CARDINALS SAIL.

NEW YORK, Aug. 22.—The next pope will be an Italian, in the opinion of Cardinal Gibbons of Baltimore, who sailed last night on the White Star liner Canopic with Cardinal O'Connell of Boston, to participate in the conclave at Rome which will name the successor to Pope Pius X.

Cardinal Gibbons said he based his opinion on the fact that there was a predominance of Italian representation in the Sacred College. He thought the time had not yet arrived for the election to the papacy of a cardinal of any other nationality. Some time in the future, however, he thought a cardinal of American birth might be elected to the Vatican.

Despatches from Switzerland yesterday announced that the third American cardinal, John Farley of this city, expected to leave soon for Rome. He has been abroad some time.

Cardinal Gibbons was accompanied by his secretary, Father Stickney, chancellor of the archdiocese of Baltimore, who carried a satchel weighted down with gold coin with which to defray traveling expenses. At the dock they were greeted by Martin Maloney, a marquis of the Holy Roman Empire, who accompanied the two cardinals; Monsignor M. J. Lavelle, vicar general of New York, Monsignor Mooney, Bishop McFaul of the diocese of Trenton; Monsignor Kavanagh, chancellor of the archdiocese of Philadelphia, and other prominent Catholic ecclesiastics.

Before retiring to his cabin Cardinal Gibbons [illegible] hands with Cardinal O'Connell on deck and they exchanged words of greeting. Before the war is concluded in Europe, Cardinal Gibbons said, he thought that many of the nations in conflict would be glad to turn to the church to settle their difficulties. He considered it possible that the Sacred College would send a note to the European powers in an endeavor to secure peace.

Official Records Give 1:15 a. m. As Pope's Death Hour

ROME, Aug. 21 (delayed in transmission).—The death of Pope Pius X was formally announced to the municipality of Rome today.

Prince Camillio Rospigliosi, commander of the Noble Guard, and Marquis Giovanni Sacchetti, head marshal of the apostolic palace, went to the capital accompanied by the official witnesses of the pontiff's demise, two members of the Noble Guard, Count Michele Moroni and Marquis Callo Antici Mattei.

The mayor of Rome, Prince Prospero Colonna, received the party in the council hall, where the register had already prepared the certificate of death. This was inscribed with the words:

"ACCORDING TO THE STATEMENT OF PHYSICIANS AND WITNESSES PIUS X DIED AT 1:15 O'CLOCK ON THE MORNING OF AUGUST 20, 1914."

The representatives of the Vatican expressed their thanks to Prince Colonna for the evidences of regard shown them in the conduct of their sad mission. The mayor replied:

"The municipality has simply accomplished a painful duty."

Archbishop Ordains Requiem for Pontiff

Archbishop P. W. Riordan of San Francisco, who returned from his summer home in Menlo Park yesterday, expressed his sorrow for the death of Pope Pius X and issued the following order, which will be observed in all Catholic houses of worship throughout the diocese:

"It is with very deep regret that I announce the death in the eightieth year of his age and the twelfth of his pantifi- of his age and the twelfth of his pontifi- Pope Pius X, which occurred on Thursday morning, August 20. Assured of the filial love which both our priests and people have always borne him, it will be unnecessary for me to ask that they offer their prayers to Almighty God for the happy repose of his soul.

"I direct, however, that the churches be suitably draped in mourning and that a solemn requiem mass—or, at least, a Missa Cantata—be celebrated in all the parish churches of the diocese on a day which shall be announced later, probably the day of the funeral in Rome.

"During the interregnum the prayer "Pro Eligendo Summo Pontifice" will be added in all the masses when permitted by the rubrics."

The Catholic clergy and the members of local parishes are awaiting official announcement of the date of the Pope's funeral in Rome. Upon that day requiem masses for the repose of his soul will be said the altars will be draped in black.

Ford Granted Stay in Order to Vote

SAN FRANCISCO, Aug. 22.—In order that he may not lose his vote Henry L. Ford, former United States commissioner at Eureka, was granted a stay of execution by United States Judge Marlow this morning, which will permit him to remain out of jail until August 26. Ford has been sentenced to a year in prison for accepting bribes. He ran as the Socialist candidate for attorney general at the last election and is very prominent in Humboldt county. This time he says he wants to vote the Democratic ticket and United States Attorney Preston requested the boon for him in the federal court today. Ford was convicted of accepting bribes in connection with the sale of liquor to Indians.

It was claimed that he induced several redmen to solicit liquor in the barrooms in Eureka and thus tried to obtain money from the proprietors, promising that they would not be prosecuted.

CITY BENEATH CAMPUS? DISCOVER INDIAN RELICS

Claim of Aged Scientist May Be Borne Out by Investigations

BERKELEY, Aug. 22.—When Prof. Joseph Voyle, aged scientist who made his home at the Pacific theological seminary, traced by means of a divining rod the boundaries of what he believed was a buried city beneath Berkeley, was he so far wrong? Scientists of the University of California, especially Professor T. T. Waterman of the department of anthropology, are almost ready to answer that question in the negative, for Professor Waterman believes a great Indian village [illegible] the present course of Strawberry creek.

This deduction Professor Waterman bases upon the discovery at the end of last semester of the skeletons of three Indians, when excavations were made for an addition to the Faculty Club, and of various mortars and other aboriginal relics. In the past as well, according to Professor Waterman, almost every excavation along Strawberry creek has been attended by similar discoveries.

The claims of Professor Voyle, some years ago, of virtue in the divining rod which he had plucked and carved from a campus tree, aroused much local interest. Not only that it would discover water, but other treasure as well, was his declaration. He used it in several places about Berkeley, finally on the hill slopes near the Hearst Greek theater and in other parts of the campus.

"Here lies a buried city," Professor Voyle was finally able to declare. Others interested in his work, who accompanied him in his experiments, declared they saw the tip of his divining rod dip toward the earth at various points as he traversed, step by step, the line beneath which he believed the ancient walls to have been buried. Though several of the professors connected with the university faculty itself made some investigation of his claims, they were not willing to verify these.

Comes now Professor Waterman with a somewhat parallel statement of a former somewhat parallel statement of a form- [illegible] present site, he declares, in the ante-Serra days.

"Practically every time excavations are carried on in Strawberry canyon," says Professor Waterman, "or the laying of pipes or sidewalks, or for the foundation of new buildings, Indian relics are brought to light, the latest find being these three skeletons at the Faculty Club. The reasons for the selection of this site for a village were undoubtedly the presence of Oaks, which supplied acorns, and a sheltered spot for encampment as well as drinking water, the trout in the streams, and the game in the hills."

The various specimens which have been brought to light are now in the Museum of Anthropology, on the campus. They consist principally of the stone remains of weapons and some stone mortars for grinding acorns, as well as several skulls and parts of skeletons.

DOCTORS ENDORSE CORONER TISDALE

They Urge His Re-election Because of Efficiency in His Office.

The following physicians and attorneys who have come in close personal contact with Dr. Charles L. Tisdale during his term of office, have given expression to their commendation of his administration of the coroner's office, as follows:

We, the undersigned, believing that efficiency in public office should be given proper recognition and appreciaton, hereby desre to express our warm commendation of the manner in which the duties of coroner have been performed by Dr. Charles L. Tisdale, the present coroner of this county, and we unqualifiedly endorse his administration of that office and desire to commend and call attention to, the fair, just and efficient manner with which inquests have been conducted during his term of office.

TO HEAR 'PHONE COMPROMISE PLAN

State Railroad Commission Will Conduct Investigation at Council Chambers.

BERKELEY, Aug. 22.—Next Saturday morning has been set as the time for the hearing of the telephone compromise recently arranged between this city and the Pacific States Telephone & Telegraph Compaay. Max Thelen, secretary of the state railroad commission, will conduct the investigation at the council chambers at that time.

The compromise, if effected, will permit the defunct Home Telephone Company's franchise to be transferred to the existing corporation. By the terms of the compromise, the latter is to pay the city the two per cent of its income that the Home franchise made mandatory.

September 11 has been set by the council as the final date for the protest against the Northbrae park district. Under the terms of the state law the council has planned to proceed to try various parking schemes in that section, and there has been no decided protest. Under the law, however, the council has to set a date for hearing such protests, if any.

The council has given final approval of the plan for placing gasoliers along Grove street. These are to be eighty in number, and to extend from Berkeley way to Woolsey street. The council is now receiving data regarding the placing of similar lights along Shattuck avenue.

MISS ANITA WHITNEY TO BE HEARD IN BERKELEY

BERKELEY, Aug. 22.—Miss Anita Whitney of Oakland, who has just returned from speaking in the Nevada campaign for equal suffrage and who is chairman of the legislative committee of the State Civic League of California, will speak at the Berkeley high school auditorium on Sunday afternoon, August 23, 1914, at 3 o'clock, on the red light abatement and injunction referendum.

Miss Whitney has had extensive experience in reform work as secretary of the Travelers' Aid Society in California, and is a most interesting, instructive and entertaining speaker.

Opportunity will be given for questions from the audience on the subject at the close of the lecture.

George R. Knowles, candidate for justice of the peace in the city of Berkeley, will tell why the small wine-grower is replanting his vineyard to trees and other crops.

There will be some short talks from the floor, and several of the questions which were asked of the debaters last Sunday afternoon, and which were not answered for lack of time in which to answer them, will be answered so far as time will permit.

The public are invited to be present.

ALAMEDA GROOM TO WED SAN FRANCISCO BELLE

ALAMEDA, Aug. 22.—Otto Zemler, son of Mrs. J. H. Bruns of this city, will tonight take for his bride Miss Hilda Holtermann of San Francisco, daughter of Mr. and Mrs. J. J. Holtermann.

The wedding will take place at the home of the bride, in the Mission district, and the Rev. Henry Feix, formerly pastor of Christ Lutheran church of this city, will perform the ceremony in the presence of about half a hundred relatives and friends.

The bride will be attended by Miss Minnie Rippe as maid of honor and Miss Edith Klaversahl as bridesmaid.

Erwin H. Bruns will act as best man.

CHURCH MEMBERS MEET.

ALAMEDA, Aug. 22.—Fifty members of the Santa Clara Avenue Methodist church attended the annual meeting of the organization this week. A banquet was served, followed by the rendering of the annual reports. W. A. Rogers was toastmaster, and he called forth many interesting and enjoyable responses. Dr. S. D. Hutsinpillar was present and assured the gathering that Rev. J. E. Wright would be returned to the local church for the ensuing year.

PASTOR TO MAKE ADDRESS.

ALAMEDA, Aug. 22.—Rev. F. K. Baker, pastor of the First Methodist church, will tomorrow night deliver a sermon on "God's and the Country's Call for Men." His address will concern the coming elections. He invites all candidates to be present.

WOMAN PRISONER IN HOUSE.

SAN FRANCISCO, Aug. 22.—The police received instructions last night from Bakersfield to arrest Artie Keith Bancroft, indicted by the Kern county Grand Jury on a charge of perjury. The Bancroft woman, who has been implicated in several tenderloin scandals, was found in a local resort. She pleaded that she was ill and a policewoman was instructed to watch the house until a Bakersfield deputy arrives.

BERKELEY TO SEND GARBAGE TO SEA

Council Expected Before End of the Month to Abandon Incinerator.

BERKELEY, Aug. 22.—Abandonment of the municipal garbage crematory, for which $50,000 was paid, but which has proved too expensive to justify its maintenance, is under contemplation by the city council, which will act on the matter of refuse disposal before the first of next month. It is expected that the plant will be given up and the garbage carried to sea.

The probability of abandoning the incinerator has been heightened by the new [illegible] price than was first suggested. It is costing about $800 a month to run the incinerator. It was offered by Lindemann & Company, which has the contract for disposing of Oakland's debris, to take Berkeley's too for $650. The council refused the bid, whereupon a second was filed, cutting the cost to $499.

City Engineer J. J. Jessup has embodied the several phases of the crematory matter in a report which he is expected to file with the council next week. Jessup is expected to show that the cost of the incinerator is prohibitive, and that the better plan would be for its abandonment and the acceptance of the latest Lindemann offer.

This city has had trouble for years to find an adequate system for the destruction of its garbage. In the term of Mayor J. Stitt Wilson, the incinerator bonds were issued, and this was expected to solve the problem. The cost of maintenance has been so high, however, that this will have to be abandoned as well.

JUSTICE CANDIDATES MAY DEBATE ISSUES

ALAMEDA, Aug. 22.—One of the hottest political battles ever waged in Alameda is that between Police Judge R. B. Tappan, candidate for re-election, and L. R. Weinmann, seeking the same office. Both candidates have been speaking morning, noon, and night in all sections of Alameda, as well as canvassing among the electors in all districts.

Judge Tappan has challenged Weinmann to a public debate on Park street, tomorrow night, to discuss the question of selling liquor without a license. Weinmann has replied to Judge Tappan and has stated that he will debate in a public hall, but not on the street.

Judge Tappan has been police magistrate of Alameda for many years. He is a native of this city and has been known for his severe sentences in cases of infractions of the law. He declares in his speeches that he is standing on his record.

Weinmann is exalted ruler of the Alameda lodge of Elks and is an attorney of San Francisco. He claims that the office of police judge has not been carried on efficiently, and that there has not been sufficient dignity.

Judge Tappan, who has resided in Alameda all his life, now has his home on a houseboat near the Alameda shore. Weinmann has a slogan, "A home man for a home town."

The fight for the two constableships of Alameda township has also developed into a close contest. The incumbents, Al Kihn and William Higby, are seeking re-election, and they are being opposed by Asa L. Hutton, Charles Porep, and Charles Jackson.

CUT IN BUDGET STIRS PROTEST

Playground Directors Declare Allowance Proposed by the Council Inadequate.

A clash between the city commissioners and the playground board is anticipated over the allowance to be granted for the maintenance of playgrounds in the fiscal budget, as the directors of the playgrounds declare that it will be impossible for them to get along if the council makes the cut threatened by Commissioner of Revenue and Finance John Forrest. It is possible that the board may threaten to resign in a body if the department estimate is too radically pruned.

The department has asked for $100,000, but this has been cut to $77,400, the amount allowed last year. Miss Ethel Moore, president of the board, declares that it will be impossible to get along on less than $90,000. In a letter to the commissioners Miss Moore says:

"This board feels strongly that it cannot possibly maintain the playgrounds now in operation and also meet obligations entailed by the recent acquisition of the Golden Gate playground and the boathouse on Lake Merritt if the council persists in its determination to leave the appropriation for this department at the amount of last year's expenditures.

NEW BURDENS.

"Since the beginning of the fiscal year this department has had to undertake the maintenance of three additional playgrounds—Prescott, Poplar Street and Golden Gate—and, more important still, the park department has turned over to us the municipal boathouse at Lake Merritt.

"These additional responsibilities place this department in a unique position, compared with other departments that may not have had new obligations to the public thrust upon them. By eliminating improvements and practicing the strictest economy in meeting the natural growth of this department in its attendance and activities, we can reduce our estimates to $90,000 at the very lowest figure.

"We offer this information only in a spirit of hearty co-operation, but we feel it our duty to call your attention to the curtailments that the public would suffer in the closing of playgrounds in various sections of the city. Before final action is taken in this matter I am directed by the board of playground directors to ask for a hearing before the council."

The city council will grant the playground directors a hearing early next week.

SUNDAY SCHOOL HAS PICNIC.

ALAMEDA, Aug. 22.—The annual picnic for the Sunday school of Christ Episcopal church was held today in Mosswood park, Oakland. A program of games and athletic events was arranged for the children, several hundred of whom attended the picnic. The little ones were accompanied by their parents, all joining in the merry-making.

HOME INDUSTRY CLAIMS URGED

Alamedans Hear Speakers on California's Work and Resources.

ALAMEDA, Aug. 22.—Enthusiasm marked the Home Industry evening held at the Haight School auditorium by the Chamber of Commerce. Many Alamedans took advantage of the opportunity to receive hints as to how to help, not only the state, but the city of Alameda.

E. J. Silver, managing secretary of the chamber, introduced the speakers of the evening. Weston Volberg, a student of the Alameda High School, made the talk telling of the advantages of patronizing local merchants. Young Volberg is a fluent talker and his remarks were applauded. He showed how high school students can help by buying in Alameda and calling for "Made in California" articles. He paid a tribute to local merchants for their assistance in student affairs, one of these being the issuance of the "Acorn," the school paper.

C. E. Butterfield of the Home Industry League, gave a discourse, his address in many places being illustrated with moving pictures.

Butterfield opened his remarks by asking his audience what it would do if the legislature should appropriate $1,000,000 for something that would be of benefit to no one. He said that by the same token people of this state are sending East each year millions of dollars for products which could just as well be kept in California and circulated here.

He pointed out that $480,000 is being sent East for soap, when there are eleven big factories in California that need support. In the case of mineral water $2,000,000 are sent East every year, although this state produces some of the finest mineral water in existence.

One of the largest paint industries west of Chicago is located in San Francisco, Butterfield said, yet millions are sent East for paint products. He then showed the various processes of producing white lead and paint, being aided by moving pictures.

The best means of obtaining more industries for California, said Butterfield, is to encourage those now established. He pointed out the advantages of this state, with its climate, natural oil and electricity. The state, he declared, should eventually be one of the largest industrial centers in the country.

At the present time cotton is being grown in the Imperial valley, Southern California. There is also a manufactory which reduces iron ore by electricity.

The manufacture of stoves at Newark, Alameda county, was shown by Butterfield. The evolution from pig iron to the putting together of a range was shown from beginning to end. Buy "Made in California" goods, was Butterfield's parting request to his audience.

ROOSEVELT QUITS HINMAN'S CAMP

Fusion Failing, He Promises to Campaign for Progressive Ticket.

OYSTER BAY, N. Y., Aug. 22.—Theodore Roosevelt last night withdrew his recent endorsement of former State Senator Harvey D. Hinman, Republican nominee for governor on the Progressive ticket, and pledged himself to the support of a straight Progressive party fight in New York state.

Colonel Roosevelt announced his decision after a conference at Sagamore Hill with the committee of twenty-one appointed by the state committee of the Progressive party to map out its campaign. The committee came here after a meeting in New York at which it voted to make a lone fight.

Colonel Roosevelt under no circumstances will be the Progressive candidate for governor he declared in a message sent to the committee before it left New York. As a result no strong effort was made to get him to change his mind. Names mentioned for the nomination are William H. Hotchkiss, former state superintendent of insurance, and Frederick M. Davenport, who ran for lieutenant governor in 1912. Each attended the conference.

Apparently Colonel Roosevelt's attempt to bring about a so-called fusion in New York was frustrated by the declaration of Hinman at the unofficial convention of the Republicans at Saratoga that he would not be a candidate on any other ticket if defeated for the Republican nomination.

Colonel Roosevelt made it evident that he felt that the men whose cause he championed a few weeks ago had thus put himself out of the running as a Progressive candidate.

Colonel Rosevelt promised the Progressive leaders that he would make a statewide campaign for the nominee of the Progressive party.

ASKS PROMPT REPORT OF BALLOT DISCREPANCIES

Persons who have received a sample ballot which they believe not to be in accordance with the way they registered have been asked by County Clerk Cook to immediately call or phone at the office in the Hall of Records so that the matter may be straightened out. In many instances Clerk Cook points out that a clerical error may have caused the discrepancy, but that the original registration affidavit will be consulted to determine the status of the voter.

Several carloads of election supplies have arrived at the county clerk's office and deputies are busy assorting the material to be delivered to the precincts throughout the county. One hundred and twenty thousand sample ballots have already been mailed out and there are now 150,000 regular numbered ballots for the election.

DEAF STUDENTS TRANSFERRED

The recent discontinuance of the school for deaf children, formerly operated by the Board of Education as a department of the Lafayette School, will this term send a number of students to the State School for the Deaf and Blind in Berkeley. This announcement has been made to parents by Principal C. F. Gulick.

RETURN FROM CRUISE ALONG NORTH COAST

ALAMEDA, Aug. 22.—Mrs. C. E. Bain and daughters, the Misses Juliet and Evelyn, have returned home from a seven weeks' visit in the Northwest, making the return trip on the Beaver, which "spoke" the Algerine, the British vessel, on the high seas, off the California coast, the ships exchanging courtesies.

While in the Northwest, the Alamedans were guests of Mrs. Bain's uncle, Martin Ford, one of the large lumber merchants of that part of the country, located at Bucado, Washington, where the visitors had an opportunity of seeing all the interesting details of logging and life in a lumber camp, as well as a certain amount of adventure in the forest fires.

After visiting the different points along the sound, they made a stop at Tacoma, and took the trip to Mt. Rainier and the national park, spending two days at National Park inn, on the mountain, and after visiting the glacier, ascending to the Rees camp, above the clouds, at an altitude of over 7000 feet.

WOMEN CLIMB SIERRAS FOR HOLIDAY OUTING

ALAMEDA, Aug. 22.—Mr. and Mrs. Wallace Beanstone have returned from the high Sierras after an outing. Beanstone remained two weeks, but Mrs. Beanstone extended her stay for a week longer and was accompanied by her mother, Mrs. N. J. Rea, and sisters, the Misses Myrtle and Kathleen Rea, and Miss Cora Tuttle, all of San Francisco. The party went to Lake Spaulding for their outing, and from there made excursions about the country.

One of the most exciting adventures was the going through the inspection tunnel of the big dam, which has never been entered by a woman. Mrs. Beanstone and one of her sisters, with Miss Tuttle, were the women in the party.

AEOLIAN YACHT CLUB IN JOINT OYSTER FEAST

ALAMEDA, Aug. 22.—The yachts of the Aeolian Yacht Club, under the direction of Ex-Commodore Jones, will tomorrow go to Hunter's Point, where a joint oyster feast will be held with Dirigo lodge of the Knights of Pythias.

All the members of the organization are also planning for the big cruise to Redwood City, starting Saturday, September 5. Every available boat that can float will be on this cruise, which will last for three days.

The yachts will carry many guests. Saturday night, September 5, the tars will hold a dance in Foresters' hall, Redwood City. Members of the Peninsular Club have been extended invitations to attend the affair.

The hall is to be adorned to represent a tropical garden and intertwined will be the various flags of the boats.

MISS MARIE R. BEHMER WEDDED TO C. E. HAENNI

ALAMEDA, Aug. 22.—Miss Marie R. Behmer of Santa Rosa became the bride of Constant E. Haenni of this city at a ceremony performed by Rev. L. P. Russell of the First Baptist church at the home of the sister of the bride, Mrs. H. O. Coffman, 1821 Sherman street. Only the immediate members of the two families were in attendance at the wedding.

The bride was in a handsome traveling suit and was unattended. Following the ceremony, a wedding feast was enjoyed, and the young couple left on their honeymoon.

Haenni is a popular resident of this city and is connected with the Southern Pacific Company.

OXFORD MOTHERS' CLUB HAS A NEW PRESIDENT

BERKELEY, Aug. 22.—The first meeting of the Oxford School Mothers Club was held Thursday afternoon with a large attendance. Reports of chairmen were read and work for the coming year discussed.

Miss Mary Riley has returned from a visit at the Presidio at Monterey, where she was delightfully entertained by friends.

Announcement is made of the engagement of Miss Dorothy Ross, daughter of Mrs. S. M. Ramon, to Ralph Kuhland of Benicia. The news was made known recently at a pretty affair given by Miss Ross in honor of Miss Gertrude Chappelle, the fiancee of George Paul Jr.

BOYS' BAND EXPECTS TO DRAW BIG CROWD

UNIVERSITY OF CALIFORNIA, Aug. 22.—A large audience is expected tomorrow afternoon at the Hearst Greek Theater, when the first half-hour of music of the semester will be given. As usual, the first will be a band concert and the honor of opening the series has been given to the band of the Columbia Park Boys' Club, of which Mr. Conrad Horst is the able bandmaster. The band consists of fifty boys, most of whom were members of the club's educational around the world tour that ended last March. The program that they will present is as follows:

March, Our Republic (Bagley); Overture, Lustspiel (Keler-Bela); grand finale of the second act of "Aida" (Verdi); selection from "Maritana" (Wallace); Fantasie, Remembrance of Wagner (Horse); March, University (Seitz). The public will be welcome.

BERKELEY Y. M. C. A. TO HAVE A BUSY YEAR

BERKELEY, Aug. 22.—The chairmen of the various committees of management of the Berkeley Y. M. C. A. met last night at an informal supper with the Board of Directors to discuss plans for the ensuing year. Advanced steps were proposed in every line of work and in every department. J. J. Jessup is chairman of the boys' work; Dr. A. E. Howe, physical department; L. R. Anderson, religious work and Bible study; S. S. McCahill, educational; N. M. Scotchler, membership, and Al Biehl, chairman of the boys' cabinet.

The board in regular session approved the proposals of the committee and voted to provide the means to make this year a banner one for the association. Judge William H. Waste is president and Dr. A. B. Howe is secretary of the board.

VISITOR WILL SPEAK.

BERKELEY, Aug. 22. — For Sunday evening a special service has been planned for St. Michael's Evangelical Lutheran Church, corner of Alcatraz avenue and Benvenue. The address for the evening will be given by the Rev. John Telleen, D. D., pastor of Emanuel Lutheran Church, San Francisco. Dr. Telleen came to the acific Coast thirty-two years ago, taking charge of the Ebenezer Church of San Francisco, serving them for eight years. He has always been engaged in mission work, but now after many years of labor he expects to return to Chicago, where he will reside. This will be in the nature of a farewell service to any of his friends.

HONORED BY SHOWER.

ALAMEDA, Aug. 22.—Miss Alice Rank, fiancee of [illegible], and who is to be married the first week in September, was given a miscellaneous shower by the Alameda Rebekahs, of which she is an active member.

The affair was given at the lodge rooms, immediately following the initiation into the lodge of Miss Annie Collins and George Sommers.

The lodge room was adorned with pink and white asters and the banquet hall, where an elaborate supper was served, was in pink and white sweet peas. The remainder of the evening was given to general social diversion and dancing.

PLOT TO SUPPLY CRUISERS PROBED

SAN FRANCISCO, Aug. 22.—United States government sleuths co-operating with Federal District Attorney John W. Preston and Admiral Pond naval commandant of the Twelfth District, are busy today uncovering an alleged plot to supply the German cruisers Leipzig and Nurnberg, with information concerning the movements of warships and merchantmen of every nation.

A wireless operator said to be a University of California student, is alleged to have entered into a plot with the German officials to supply the Leipsic, which is scouting near the Farallones, with details and reports of what is going on in the [illegible]. According to information which has been laid before the authorities, the young man whose arrest is hourly expected, is the owner of an amateur wireless telegraphy plant. As the story goes, he arranged to communicate by a system of code signals the necessary information. The radio inspectors are said to have caught one of the messages and with the aid of other information, learned the identity of the operator whose name they are keeping secret.

It is understood that such activity on the part of a citizen of a neutral power in view of President Wilson's proclamation, constitutes the crime of treason. Sensational developments may be expected.

YOUTH IS RUN DOWN BY AUTOS; WILL DIE

Fatal injuries were incurred this afternoon by a youth of about 18 years, believed to be Le Roy Allen of 1738 Fifth street, West Berkeley, when he was struck by an automobile at Broadway [illegible] his skull being fractured.

The youth was riding a bicycle. As he passed the corner, Dr. G. B. N. Chown backed his automobile out of his yard. At the same moment Lee Kerfoot, of 651 Thirty-third street, a park superintendent, came by in his auto. It is not known which car struck the bicyclist, but Allen was stretched on the pavement.

He was taken to Providence hospital. He is unconscious.

PROF. BARROWS DISCUSSES WAR

U. C. Educator Tells of European Alliances and Their Effect.

That the war in the old world, giving us terrible proof of the perils of alliances, will strengthen us in our traditional policy of excluding the political influence of Europe from the affairs of the new world"; that it will "banish from American thought considerable optimism concerning the inherent goodness of men," and cause us to build up more powerful machinery for physical defense against a race not amenable to reason," were conclusions arrived at last night by Professor David Barrows in an address at the First Congregational Church.

Dr. Barrows spoke on "European Alliances and Their Effect on the Present Militaray Situation." Testifying to the deep interest in the topic a large audience listened to the educator analyze the subterranean roots of the most gigantic conflict in history.

ANTICIPATED CONFLICT.

"I suppose you have asked yourselves," said Professor Barrows, "What are these terrible conventions and necessities that have drawn one country after another into this tremendous catastrophe?" To explain the politics that lay behind the present struggle, he began with a review of Germany's past, her unprotected and disadvantageous geographical situation, and her vast ambition. "Germany," he declared, "is a country that exists only through her preparation for war. Her position of dominance in Europe is traced to the combined subtle diplomacy and brutal pressure exerted by Bismarck."

Bismarck was shown to have anticipated the struggle of today, and to have alienated Italy from France in order to insure Italian neutrality when war should break out between Germany and France. Believing that an irreconcilable antagonism existed between France and Italy, a rivalry on the Mediterranean, Bismarck fanned that antagonism by encouraging France's desire to add Tunis to her African possessions, on the one hand, while he further fomented the Italian grievance, a suspicion that France wished papal authority in Rome. his alienation consummated according to Bismarck's plans, he persuaded Italy to stand in with Germany and Austria, her traditional enemy. In this manner rose the Triple Alliance.

FRANCE MAKES ALLIANCE.

Describing the isolated position France now found herself in, Dr. Barrows related the manuevers of that country to engage the friendly interest of another power. France had not only to face alone possible war with her united enemies, but contend with the insatiable desire of her own people for a war of revenge. By loans to Russia she laid the basis of her association with that country. In 1891 Russia formed her defensive alliance with France.

A result of Europe's attempt to divert Russia's attention from the west to the east was the Japanese situation, which showed Japan was unsupported. Prince Ito was sent to secure an ally, and finally formed that relationship with England which is dragging her into the war today.

Dr. Barrows discussed the colonization schemes of Germany, France and England which had come into conflict in Africa. He described German's vain efforts to establish great colonies, when the parts of the world open to colonization were already taken.

NICARAGUAN PACT.

Finally analyzing the Servian element in starting the present war, the Dean arrived at the United States, advocating her standing alone, but fully prepared to defend that stand. Announcing that he expected to see the Senate ratify the treaty with Nicaragua, which would give this country another naval base in the Pacific and help to protect the Panama canal.

Dr. Barrows concluded his resume of "the real facts concerning the real ethics of people playing the great game" by quoting Hayes' belief that "the Monroe doctrine and the Golden Rule are all we need to follow in our foreign policy."

FOOD EXPORTS MAY BE CUT

New York Committee to Make Appeal to Shippers Over Entire Country.

NEW YORK, Aug. 22.—In their efforts to keep the cost of living within reasonable bounds the mayor's committee, investigating the high price of foodstuffs in this city has decided to increase the scope of its endeavors by making an appeal to the manufacturers and shippers throughout the country to limit the export of food to what might be regarded as excessive

[illegible] Department of Agriculture was held responsible for a shortage of beef and the consequent rise in meat prices by F. W. Lyman, a witness yesterday in the food cost investigation in progress before the district attorney of Bronx county.

Lyman, representing Armour & Company, of Chicago, said the Department of Agriculture on August 1 warned the farmers to hold their grain because there was a lack of shipping facilities due to [illegible] farmers, he said, assumed the same lack of means of transportation would apply to cattle as well, and they failed to send the normal amount of beef to the markets

The witness said the steamship Zinol, a Lamport & Holt liner, was due to arrive today with a cargo of 30,000 quarters of Argentine beef, which would relieve the situation to a great extent replenishing the supply so that prices would drop

THREE CAUSES GIVEN.

Before Chief Magistrate McAdoo the food price inquiry begun by District Attorney Whitman of New York county was continued witnesses representing several Chicago packing houses testifying James A Howard, district manager of Sulzberger & Sons, said the asking price here was fixed by the home office in Chicago and that there was no arrangement among district managers to determine the price The supply and demand ruled he said

In reply to questions from Magistrate McAdoo, Howard said he believed the reasons for the increase in beef prices were

First: A scarcity of cattle; second, that farmers were too busy with other affairs just now to send their cattle to market; and, third, the farmers realizing that conditions are unusual, are inclined to hold their supply.

In Brooklyn, federal and county authorities continued separate investigations Before a United State grand jury, producers testified concerning the price raise of grain and sugar products placing the blame on the farmer for holding back the staple, and on the war for preventing normal American imports of sugar

It was understood at the Federal building that testimony developed by United States District Attorney Young recently probably would lead to indictments

SUGAR PROBLEM.

The county inquiry before a supreme court justice developed that large quantities of sugar have been stored by dealers in local warehouses and that many companies have been asked to store sugar indefinitely.

Henry F Cochrane, counsel for the American Sugar Refining Company, several of whose officers have been subpoenaed to appear at the county inquiry, promised to bring the company's books to court.

"We have to depend on foreign countries for our raw material," the attorney said, "and the transportation facilities that brought it from abroad, have been almost entirely destroyed, practically all foreign sugar being imported on foreign bottoms. No ships are now available, the chances for resumption of importations are problematical."

William W Gardner, a sugar expert and statistician, testified that the crop in Cuba which supplies the bulk of raw sugar used in the United States, is plentiful this year and that there has been little or no trouble in getting it to this country.

Through this witness it was brought out that the local wholesale price of sugar has increased from 4 to 7½ cents a pound since May.

PACKERS "VEXED."

WASHINGTON, Aug. 22 — It is understood here that the packers have not taken kindly to the investigation. The plan adopted has been to look into affairs of branch houses and the packers have objected and insisted that the investigation be made at headquarters.

The rise in the price of sugar has led to a renewed interest among department officials in the investigation of the supposed connection between the so-called sugar trust and the beet sugar interests

ON GRILL IN CHICAGO.

CHICAGO Aug 22 — Harry Wilkins head of the beef department and E C Sheppard, manager of the cured meat department of the Cudahy Packing company, testified yesterday in the United States inquiry into food prices

They were the first representatives of the packing industry to be summoned to the inquiry although earlier in the week lawyers representing the packers appeared voluntarily before the United States district attorney and gave information concerning the industry

The witnesses appeared as a result of subpoenas and explained entries in their books

EXECUTION UNFOUNDED.

CHICAGO, Aug 22—Walter Lanfersiek, national secretary of the Socialist party, received a telegram Thursday from W. J. Bryan, Secretary of State, saying that the United States Ambassador had reported there is no truth in the rumor that Carl Liebknecht, the German Socialist, had been executed

MINIMUM WAGE LAW ENDORSED

Industrial Relations Commission Hears Testimony for Elements Affected.

PORTLAND, Ore, Aug 22—Oregon's minimum wage law for women, which went into effect last fall was strongly endorsed by witnesses for all elements affected by it before the Federal Industrial Relations Commission yesterday. W. F Woodward, representing employers, said he thought the federal government should pass a similar measure in regard to putting employers in all states on an equal wage footing, but in its essentials he endorsed the Oregon statute.

Wages paid and hours of labor under the law are: Offices, $9.25 a week, fifty hours, factories, $8.64 a week, fifty-four hours; experienced mercantile establishment workers, $9.25, fifty hours, apprentices over 16 years, $1 a day, fifty hours. Night work is prohibited in all industries.

Passage of the law was obtained on [illegible] to better living conditions and the question of sex morality did not enter into the discussion, the Rev. Father Edwin V. O'Hara, chairman of the State Industrial Welfare Commission, testified.

"We did not suggest sex morality because we thought it had nothing to do with the wage question and also because such a suggestion would have been an insult to our women workers," he said. "We found girls eating two meals a day and living in poor rooms on account of low wages and that is the argument upon which we obtained the new wage. And that is the argument which will last."

The commission calculated that $25 a month was required for decent board and room. Provision for dress alone was taken into account in fixing the wage above the actual cost of living, Father O'Hara said, because estimates on the cost of recreation, dentistry and incidentals were too varied to obtain a concrete idea of what allowances should be made for them.

C. E. S. Wood, who acts as counsel for local unions, evoked cheering by his declaration that he was an Anarchist. He suggested as a remedy for social unrest making land titles the same as water and reducing the working day to four hours.

H. M. Lornsten, Astoria, Ore., and M. C. Banfield, T. H. Burchard, Ernest Kroner and Miss Caroline J. Gleason also testified.

PHILIPPINE CONTROL A TRAGEDY, SAYS AMERICAN

SAN FRANCISCO, Aug. 22—An indictment of the policy of the present administration to grant Philippine autonomy, an indictment which he says is indorsed by thousands of patriotic Americans in the islands, is forthcoming from Samuel E Hilles, president of the Samuel C. Tatum Company at Cincinnati, O., who has just returned from a three-months' tour of the Orient. Hilles spent most of his time in Manila, where he went with the determination to learn at first hand the degree of preparedness of the Filipinos for self-government.

"The proposals of the Wilson administration to grant autonomy to the Filipinos at the present stage of their development is nothing but a tragic outrage," said Hilles in the Sutter Hotel last night. "As registering their disgust and distrust of the present policy, thousands of Americans are leaving the islands. Every vessel takes them out, for they are afraid to take any chances on the administration. I am going to prepare a report on what I saw and learned, and will make every endeavor to have it presented to President Wilson or Secretary Bryan"

CONSCIENCE STRICKEN, CONFESSES HORSE THEFT

Conscience stricken over the theft of a horse and rig from Petaluma Joseph Romero, a young man, approached Patrolman Shefoff early this morning at Seventh and Linden streets and asked to be placed under arrest

"I stole a horse and rig at Petaluma," explained Romero "I drove to Sausalito and sold it for $40 and then came to Oakland But I'm sorry I did it and can't forget that they are after me, so I might as well go back and settle."

Romero was placed in the cell and the police will communicate with the Petaluma authorities.

MOVING PICTURES OF AUTO FACTORY

Coast Manager Toner Host at Maxwell Gathering Yesterday.

(By EDMUND CRINNION)

With the object of getting the dealers of Northern California together and outlining the comprehensive selling plans that the company has launched for the 1915 Maxwell "25" cars, the Maxwell Motor Sales Corporation, through T J Toner, district sales manager of the concern, was the host yesterday at a banquet and moving picture exhibition in the Palace Hotel

A representative body of dealers from all over the northern part of the State was in attendance, and after an elaborate spread listened to an interesting talk on the making of Maxwell cars illustrated by special moving picture films showing the growth of the automobile from the molten metal to the finished product

"Our object in getting our out-of-town dealers together," said Toner, "is to outline our selling plans to them and also give them a more intimate knowledge of just what we propose to do to help them make the coming year the banner Maxwell year"

The films shown yesterday will be shown all over the country and illustrates the marvelous strides that the motor car building art has made.

Roy E. Peed of the Maxwell Company was in charge of this feature of the gathering and told of the making of automobiles as the process was depicted on the screen

Dealers from the various cities in this territory were deeply interested in the plans of the company to show films in their respective towns, and promised to co-operate in making these exhibitions the greatest success of anything of this kind ever undertaken

ATTORNEYS OF COUNTY UNANIMOUS FOR JUDGES

Unqualified Endorsement Urges Their Re-election

No better evidence of the excellent standing of Superior Judges William H. Waste, T. W. Harris and Everett J. Brown could be obtained than the practically unanimous endorsement that has been given to them by the members of the Alameda county bar. These attorneys have come in daily contact with the judges and are in a position to know by actual first-hand knowledge as to their capabilities and the manner in which they have performed their duties in the past, and Judges Harris, Waste and Brown may justly take pride in the practical unanimity with which this action has been taken by the large membership of the legal profession of this county. The terms of all three of these judges expire this year and there is no doubt that the people will take the same view as the lawyers regarding these faithful public officials and return all three of them to office by large majorities.

The indorsement given by the members of the bar is as follows.

"We, the undersigned, members of the Alameda county bar, heartily endorse the records of Judges William H. Waste, T. W Harris and Everett J Brown, and we most respectfully urge the citizens of the county to re-elect them to the Superior bench of Alameda county at the coming election.

PACIFIC MAIL STEAMER DEFEATS DEATH IN RACE

SAN FRANCISCO, Aug. 22.—Death raced with the Pacific Mail liner Korea from Honolulu and lost.

D. M. Perry, chairman of the Foreign Trade Committee of the National Association of Manufacturers, lay unconscious in his cabin suffering from an unknown malady with which he was stricken two days from the island port. Immediately upon landing yesterday the patient, who had been under the personal care of Dr. Albert Snowden of New York, also a member of the committee, was rushed to a private hospital and he is now in a precarious condition.

The committee was in San Francisco seven months ago It is composed of Parry, John Kirby of Dayton, Ohio, and Dr. Snowden of New York, had visited the United States, the Hawaiian Islands, the Philippines, Japan and China, Australia, New Zealand, and had penetrated as far as Mukden, Manchuria. It was their intention to proceed on across Siberia and Russia to Europe The war changed their plans.

Two days after leaving Honolulu Parry became unconscious. The doctors of whom there were several aboard ship, were unable to diagnose the case

The Korea was met by Addison Parry, son of Mr Parry, who is also the head of the C. T. Smith Lumber Company of Marshfield Oregon, and David Parry, a younger son Mrs. Parry is hurrying to San Francisco from Indianapolis

The Meddler

WHILE there has been plenty of dancing at all the seaside and mountain resorts, it has been the more strenuous activities that have come to the foreground. The girl who could dance has been very popular, but the athletic girl has been the one to carry off honors. California has been well known for many things, but it is coming to the foreground once more because of the activities of its young people. Jack Neville has qualified in the East and has defeated the best player Chicago could put up against him. To be sure, he did not vanquish Travers, the great American golf player, but Jack is young and there is another golf day dawning down there in the East.

And then there is the great tennis victory of Maurice McLoughlin, whom the Eastern papers say hails from San Francisco, but who is in Wickham Havens' office and whose practice is all done on the Havens tennis courts at Piedmont. He played before 15,000 people, and one reads of him:

"The victories of Maurice McLoughlin of San Francisco over both Brookes and Wilding, in the Davis cup competition, and his performance in American tournament play this season establish him as the greatest tennis player of the world during the present year."

They call him in the East "the auburn-topped Californian," and they write of his play with Wilding:

"McLoughlin tore into Wilding at terrific speed, and gave the towering Australian a crushing defeat that he is likely never to forget. He served and hammered away at Wilding's returns with cyclonic force until the latter was either run off his feet or left standing flat-footed by the lightning strokes of his master.

"Then McLoughlin would suddenly vary his game and by cross-court or softly placed strokes leave Wilding floundering yards away. The latter was game, however, and did not go down without a struggle. He put everything he had in the way of speed and cut on the ball, and as a result the two players raced back and forth, across and up and down the court until they were dripping with perspiration."

They were two of the most sensational sets ever witnessed on a tennis field. McLoughlin is coming back to California and will again spend his Sunday afternoons on the Havens tennis court at Piedmont.

Wickham Havens plays an exceedingly good game of tennis; so does Edward Engs, and Charles D. Bates Jr. spends many hours on the tennis court developing a game that is swift and skillful. And among the best players in the state bid fair to be that group of Piedmont girls who spend many hours in practicing on the tennis court in the grounds of General and Mrs. Oscar Long.

Swimming is rapidly becoming a rival of both tennis and golf. On our own coast and on the Atlantic seaboard it is developing into an activity worth while. It is one of the main diversions at Tahoe, and at Del Monte, Santa Barbara and Coronado.

There are many private swimming pools or tanks besides. The largest is at the Hacienda, which has a very beautiful swimming tank as part of the house, and there are interesting swimming pools on the large estates at Burlingame. One of the best swimmers at Newport is Mrs. Hermann Oelrichs, who, with her sister, Mrs. Vanderbilt (Birdie Fair), learned to swim on the beach at Santa Cruz. The most expert swimmer at Tahoe was Miss Marjorie Mhoon, the bright young debutante daughter of Mrs. John B. Mhoon.

The Misses Marian and Harriet Stone and Miss Elsie Posey are all expert swimmers, who have learned in their summers on the Russian river, and Miss Adele Scott and Miss Alice Palmer swim as well as any mermaids that ever lived in the sea. The most expert swimmers at Santa Barbara this season were Mrs. Oscar Long and her daughters, the Misses Amy and Sally Long.

Bathing suits have been along very colorful lines this season, and at Bailey's Beach, in Newport, some well-known women have carried parasols in the water. That would not suit our girls at all, who go in for swimming for the genuine good exercise it affords.

It is always amusing when a man [illegible] styles, or the clothes [illegible] which women wear. That [illegible] humorist, E. S. Martin, is sending back this year amusing sketches of the leading summer resorts of Europe, and from Ostend he writes of the sort of bathing suits the leading women wear. He sends his approval to the "one-piece suit" in the [illegible] fashion:

"[illegible] each abbreviated garment, such as men bathers wear here, is what most of the women wear there. The effect is interesting and cheering. Jane and I both liked it very much, and hung about till lunch time getting lessons in civilization. It was very improving. You can't tell what you admire until you have seen it. Here at home we have been working along up from pantalettes, and have come, after some generations, to a convention that lets men into water fairly free from excess of raiment, and has shortened the bathing skirt of women. But it still prescribes the skirt and stockings for women. But at Ostend and I guess all up and down that shore from Scheoeningen to Gibraltar the bathing girls and women are emancipated both from skirts and stockings. And they look very nice and quite proper, because propriety is all convention. A girl in tights in the water at Ostend was more conspicuous, and therefore seemed less modest than her bare-legged sisters, and the women in skirts and stockings (there were a few) seemed conspicuously prudish and less suitably clad than the rest. 'Proper' really means suitable, and the single-piece suits the girls wore were certainly suitable, and therefore presumably proper."

There is much sense in his conclusions.

MRS. N. E. DAVIDSON IS HONORED GUEST.

One of the most important social gatherings of the week was the large reception given at the Hotel Oakland on Tuesday, in honor of Mrs. N. E. Davidson, who is one of the best-known educators of the state. The affair was arranged as a welcome to Mrs. Davidson, as well as a means of allowing many old friends to meet her. It was a notable gathering, because of the number of club presidents who came from all around the bay. There were informal addresses, the one by Mrs. Davidson being scholarly and optimistic in its forecast for the educational future of the state.

Mrs. Davidson has an exceedingly interesting personality, very magnetic, and she has most charming manners. She is delightfully feminine, very well bred, and she is much loved in Kings county, where she has for twelve years been the school superintendent, bravely leading the way to higher fields of work for women.

Mrs. Davidson was attractively gowned, her costume being a most artistic creation in lavender and green.

Among the very stunning guests of the afternoon was Mrs. George Gross, who wore a handsome tailored costume in tones of brown, the costume completed by hat in tones of burnt orange, a most effective combination.

Mrs. Warren S. Palmer, one of the most brilliant matrons on our side of the bay, was gowned in black taffeta, with the Roman trimming now so fashionable in Paris.

Mrs A. C. Posey, who is one of the best loved of the club presidents around the bay, was also gowned in black, the skirt representing the ruffled effect that is so picturesque, and the short coat trimmed at the neck and sleeves with rare lace.

From San Francisco were present Mrs. F. L. Richmond, president of the Papyrus club, and Mrs. Henry Coleman. Mrs. Richmond [illegible] changeable silk, made in a most artistic fashion, and Mrs. Coleman, who is very handsome, wore a gown of black, with a hat that was most effective, planned in one of the newer shapes.

Mrs Lucien Langworthy wore a gown in tones of pale lavender, very Parisian, and among the most attractive of the young girls was bright Miss Isabella Scupham, who recently returned from Santa Barbara, and who accompanied her mother, Mrs. J. R. Scupham, to the meeting.

Mrs. Childs looked exceedingly well in gray, and one of the most beautiful of the matrons present was Mrs. Joseph Matthews. She was accompanied by Mrs. William Ralston, who was formerly Miss Grayson, and whose home was for many years on this side of the bay.

Mrs. William Creed, who is Mrs. Davidson's sister, received the guests with her, and it was a late hour before the interesting reception was at an end.

Mrs. Davidson is on the state ticket for the superintendent of schools.

MRS. JOHN HAMPTON LYNCH RECEIVES SOCIAL TRIBUTE.

Another interesting afternoon was that given by Mrs. James K. Moffitt, who entertained at an informal tea in honor of her sister-in-law, Mrs. John Hampton Lynch, formerly Miss Lucy Moffitt. Mrs Lynch spent some days in California, having come to the coast to visit her mother, Mrs. James Moffitt. Her friends regret extremely that her stay was so short, as Mrs. Lynch was a most popular belle of a few years ago. Both the Misses Lucy and Alice Moffitt—now Mrs. Lynch and Mrs. Doubleday—were members of the "Vieux Temps," one of the most exclusive of the earlier dancing clubs. Many friends of Mrs. Lynch were planning entertainments in her honor, but she was unable to remain here, and she left for her home in the East last Friday.

The tea given by Mrs. Moffitt (Pauline Fore) was a most happy reunion of Mrs. Lynch's friends, some of whom were her former classmates. Among the latter were Mrs. Leon [illegible] Dieckmann (Josephine Chabot), Mrs. Edson Adams (Bessie Wheaton), Mrs Henry Nicholls (Ethel Kellogg), Mrs Jesse Langdon (Ruth Dunham), Mrs. E. A. Howard, Mrs Charles Fore, Mrs. Robert Lee Stephenson, Miss Mary Dunham, the Misses Genevieve and Natalie Fore, the Misses Virginia and Gertrude Jolliffe.

FARNHAM DIFFICULTIES SURPRISE SOCIETY.

Society on this side of the bay was greatly surprised on hearing of the domestic difficulties of the Sylvanus Farnhams, whose home in the first years of their married life was on this side of the bay. Sylvanus Farnham belongs to one of the pioneer families on this side of the bay, and the old-time family home of the Farnhams was for many years on Four- [illegible]

A few years ago the Sylvanus Farnhams moved across the bay, where they have entertained extensively. This summer they occupied the Edoff cottage at Brookdale. Mrs. Farnham last winter was one of the leading social lights in the dansants at the St. Francis. She was the first to learn the difficult steps of the tango, which she danced with Douglas Crane and with Count Montgelas. She was one of the best dancers across the bay.

Her sister, Miss Elsie Clifford, also dances exceedingly well, and both are very popular in army circles. Mrs. Farnham's sister is Mrs. Clifton Kroll, and the Krolls have a delightful home in the Linda Vista district.

PICTURES IN THE MEDDLER.

Mrs. Joseph Rosborough is one of the handsome young matrons of Oakland society. She was Miss Josephine Heinrichs before her marriage to the popular Bohemian club bachelor last season. The Rosboroughs are occupying an attractive apartment at The Highlands, in Park View Terrace, where several brides and grooms have established their residence.

Miss Barbara Bromwell will be one of the prettiest of the fall brides. Her wedding to John Martin Jr., of Ross Valley, at the Charles Hutchinson home on September 2 will be a brilliant event, for which 200 invitations have been sent to members of the smart set in Oakland and Ross.

Mrs. W. B. Hopkins is an attractive and vivacious young matron of San Francisco society, who is frequently a guest at affairs on this side of the bay.

Miss Joelle Raas is the charming fiancee of Howard Allen, to whom her marriage will take place next month at the Raas home in Ross Valley. She is a popular member of the Marin county set and has attended many of the affairs in honor of Miss Barbara Bromwell. Mr. Allen is a son of Mrs. Frank Allen of San Francisco and a nephew of Mrs. Fred Kellam and of Miss Louise and Tyndall Bishop of Berkeley.

SOCIETY LEADERS AID WAR SUFFERERS.

Apropos of war times, the women of the summer colony at Newport, headed by Mrs Stuyvesant Fish and Mrs. W. K. Vanderbilt Jr., have started to raise $20,000, to be devoted to the use of the Red Cross in its work in the warring countries of Europe. They gave an entertainment—a lawn fete and tableaux—which took place last Friday at "The Breakers."

Mrs. W. K. Vanderbilt Jr had charge of the tableaux, and Mrs Fish presided over a booth, in which were offered for sale pet dogs and other small animals. They raised the $20,000, of course. Mrs. Fish long adhered to her decision to give the big floral ball for which she had sent out invitations. But the passing of Mrs. Wilson and the growing seriousness of the situation caused her to change her mind, and the date for the floral ball has been cancelled.

PIEDMONT HOMES OPEN FOR SEASON.

Among the Piedmont homes which have been closed for the summer, and which were opened again this week, were those of Mrs. Edson Adams, Mrs. Mark L. Requa and Mrs. Oscar Long. The Adams and Requa families returned from the lake, and Mrs. Oscar Long and her daughters arrived from Miramar, near Santa Barbara, where they spent two months of the summer.

Those who have stayed at home all summer are backward in one respect: they have not learned the new dances. Now that one's friends are arriving from mountain and seashore they quite pride themselves on the new steps they have acquired, and they discuss in most learned fashion the new steps involved in the lulu fada and the ta-tao. The ta-tao came direct from Paris, having reached Paris by way of Portugal. Mr Edward Greenway taught it to the visitors at Tahoe this summer and he has been equally kind to the guests at Del Monte.

The ta-tao was introduced at [illegible]

MUHLNER-VEITCH CARDS ARE OUT.

Cards were sent out this week in which Mrs. Frederick Parker Muhlner and Mrs. Elizabeth Latham Veitch announce their marriage on Saturday, the 15th of August, at St. Paul's church, Oakland. An enclosed card also announces that they will be "at home" after the 15th of October, 624 Mariposa avenue, Oakland.

The wedding was arranged along quiet lines, without any ostentation, but the details were beautifully planned. The altar was a charming study in white and pink lilies, arranged with fine artistic effect. The bride looked very young and pretty in a going-away gown of blue with a hat to match. No formal invitations were sent out, but the many guests in the church included relatives and intimate friends of the bride and groom.

Mr. and Mrs. Muhlner have gone to the mountains, and on their return they will spend a few days in Mrs. Bull's home on San Pablo avenue, taking possession of their own home later.

SOCIETY CALLED TO SOULE RECITAL.

A most interesting card has been received by many well-known Oakland people, in which Mrs. Alma Schmidt Kennedy invites them to attend a recital to be given by Mr. H. Douglas Bacon Soule, pianist, assisted by Mr. Luther Brusie Marchant, vocalist. The accompanist for the latter will be Mr. Soule.

The recital will be given on Tuesday evening, August 25, at the Century club, Derby and College avenues, Berkeley.

Mr. Soule is here for the summer, having spent the past two years in Germany, studying music with the best masters there. He was an exceedingly fine pianist before going abroad, and there is a very general desire on the part of his friends and of musical people here to hear him. Mrs. Soule, Miss Bacon and Douglas Soule had planned to return to Europe next month, sailing on the Imperator, but the great European war may make a difference in their plans.

Mrs. Beach Soule has returned from her Eastern trip, having spent some delightful weeks with friends in New York and on the New Jersey coast. Mr. and Mrs. Soule and their little son, Armand, are spending the summer with Mrs. Ella Bacon Soule at "Thorkill," the faimly home at Linda Vista.

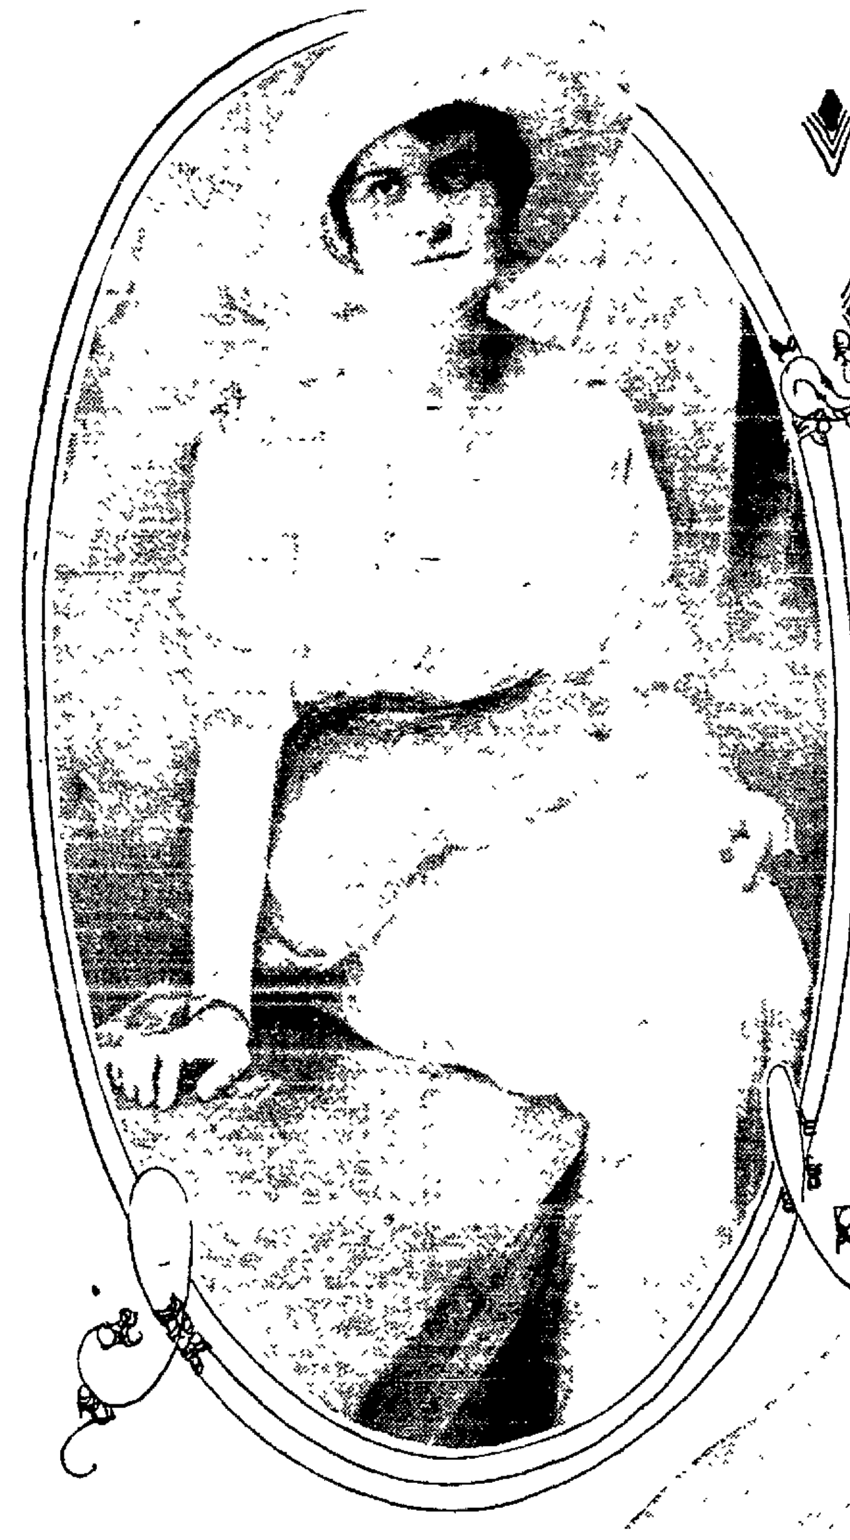
CABLE AWAITED FROM EASTERBROOK PARTY.

Friends of Mrs. Easterbrook have not heard from her recently, but are expecting a cable at any time now. When last heard from Mrs. Easterbrook's party was at Christiania, having taken the Scandinavian trip. One hears it is not easy to come from Sweden now, as the North sea has been mined, so Mrs. Easterbrook's return has been delayed.



MISS BARBARA BROMWELL, WHOSE WEDDING TO JOHN MARTIN JR. WILL TAKE PLACE SEPTEMBER 2.—McCullagh, Berkeley, photo.

MRS. W. B. HOPKINS, WHO IS ONE OF THE PROMINENT HOSTESSES OF SOCIETY.—Boye photo.

Mrs. Andrew Simpson, whose daughter, Miss Beatrice Simpson, is with the Schillings abroad, has received direct word from the travelers. They are safe and well in Denmark, and they also will be home earlier than they had originally planned. All the members of the Schilling party are good travelers and they greatly enjoyed motoring through Germany. They were also among the many Americans this season who went to Norway—"to the Land of the Midnight Sun." They enjoyed the wonderful picturesqueness of the great fjords, and they went to Trondjem, the farthest northern city of Scandinavia. Miss Schilling and Miss Simpson are fast friends, and they are charming girls, whose fine educations have been supplemented by world-wide travels. They both write exceedingly well, and very charming letters have been received from them by their friends.

Mrs. Andrew Simpson has been in Tehama county most of the summer, attending to her large business interests there, and her home in Vernon street has been rented during her absence.

Mr. and Mrs. Tyler Henshaw are going north, called there by Mr. Henshaw's business interests. They will spend some time there, choosing Oregon this year as the wonderful background for their vacation days.

Among those who will go to Santa Barbara for the late summer are Mrs. Grace Henshaw and her daughter-in-law, Mrs. Tyler Tubbs Henshaw. They will spend part of the month of September at the Potter. Mrs. Tyler Henshaw is a very talented young matron, and as Irene O'Connor she was one of the most popular girls of her class in the University. She has a good voice, and she sings ballads in a most fascinating way. At the University they called her "Patsy O'Connor," and "Patsy" is also a favorite name for her among her friends. She is clever enough, and with her voice she could have made a great success on the stage.

Mrs. Henshaw is very fond of her daughter-in-law, and they have spent many months together.

News comes thick and fast from Europe, and that which relates to friends is of special interest. A recent European mail brought the news that John McMullin, who has been in London for the past two years, had joined a hospital corps and expected to leave for Paris July 30.

He has been abroad for nearly four years, having gone to Europe to study art, and he has been well established in London as an interior decorator.

John McMullin's home is in Oakland, his mother being Mrs. Joseph Norris, and his sister, Mrs. John Gallois (Eliza McMullin). One can imagine how anxiously they will watch for letters from abroad, telling them of Mr. McMullin's safety, for he will have to take many chances in a French hospital corps.

Mrs. John Hays is with her mother, Mrs. John McMullin, who always spends part of each summer at the White Sulphur Springs, Virginia. The McMullins are among the best known pioneer families on the coast, and for years Mrs. McMullin's home in California street was a center of much entertainment, along lines of well-known Southern hospitality.

Mr. and Mrs. Paul Havens have as their guest Mrs. Havens' mother, Mrs. Mary Widemann, formerly Mrs. Fairweather, so well known to students of history and literature on both sides of the bay. She is very devoted to her little grandson, Roland, the charming little son of the Paul Havens.

Mrs. Widemann is much concerned for the safety of her two daughters, the Misses Fairweather, who are in Paris. Miss Una Fairweather, who has a wonderful voice, has succeeded in Paris, and before this war broke out a fine musical future was assured her in Paris, Rome and Vienna. She is one of the best and most successful American concert artists abroad. But no doubt the girls are safe, and Mrs. Widemann will receive the glad news before long.

NEWS FROM FRIENDS ON RUSSIAN RIVER.

From the Russian river comes interesting news of the well-known people who have camped there all summer. The Egbert Stones and their bright daughters enjoy camp life to the full, and they do not intend to return to their home across the bay until September.

The Misses Hattie and Mabel Stone entertained twenty guests at a recent week-end party, among their guests being Mr. and Mrs. William Hough, Miss Helen Weaver, Frank Kalis, Dean Witter and Herbert Schmidt.

The Walter Scotts are still at Eagle's Nest, the delightful camping place on the Russian river, in which they have passed pleasant summer holidays for the past sixteen years. All the members of the Scott family love country life and are enthusiastic over the birds and trees, and all things pertaining to the great world of out of doors in the summer.

In their perfectly organized camp there is much entertaining all through the holiday time.

Last week Mrs. Scott gave a luncheon at "Eagle's Nest," her mother, Mrs. Rynders, being the guest of honor. It was Mrs. Rynders' birthday, and this eighty-third anniversary was made a very happy day for her. And she is the "youngest lady of that age" to be found anywhere in the land. Some such friend must the poet have had in mind when he wrote his lines:

> "Age cannot wither her, nor custom
> stale her infinite variety."

The luncheon was beautifully planned for it, and there were many congratulations and good wishes for [illegible] Among the guests were Mrs. H. H. MacDonald, Mrs. George A. Scott, Mrs. George E. Perkins, Miss Florence Sloper, Miss Ruth Perkins, Miss Marjory Middleman and Miss Adele Scott, all of Oakland, and Mrs. C. F. Rohrer and Julia Wright of Santa Rosa.

Mrs. Scott is entertaining a party of Los Angeles guests, who motored from the south, and in the party are Mrs. L. W. Rand and her daughter, Lillian, and Ralph Chandler.

Miss Suzette Newton of San Francisco is Miss Adele Scott's guest at the camp.

There are many tents making up the camp at Eagle's Nest, and one of them is worthy of note. It is immensely picturesque, and was brought from Egypt, and was presented to Mrs. Scott by one who had in Egypt. It is a most colorful tent, its lining reminding one of the wonderful patchwork quilts our grandmothers used to make, the blocks being made of white and red. There are only two other tents like it in this country, one in the Bohemian Grove, owned by Charles Crocker, and the other is owned by Mrs. Hearst, and is at the Hacienda.

Among the young people who recently spent a week end with Mrs. Scott are Helen Dawson, Edward Biven, Gaylord Mitchell and Frank Rolls.

The Scotts are so greatly enjoying their country life this year that they are planning to remain out of town until early in September.

✿ ✿ ✿

NEWS OF SOCIETY AND SUMMER TRAVEL.

Mr. and Mrs. Charles Leonard Smith are still at Fort Seward, in Humboldt county, where they are passing pleasant vacation days. This week they motored from Fort Seward to Eureka, which is a beautiful trip along the Eel river and through the wonderful timber, which make up some of the finest forest lands in the world.

On arriving at the hotel in Eureka they were surprised to find on the veranda some of their well-known Oakland friends, Mrs. Charles H. King, Joseph King and Mrs. Pearl King Tanner. The Kings had motored to Eureka, where they have extensive business interests. They will return to town next week.

Among those who have been touring Humboldt county are Mr. and Mrs. E. K. Taylor, who are now at Twin Rocks. They are passing their days in hunting and fishing, and Mrs. Taylor is enjoying the vacation trip quite as much as her husband, for she is a very good marksman.

Mr. and Mrs. Allen Chickering and Mr. and Mrs. Howard Huntington left this week for a motor trip to the northern part of the state. Mrs. Huntington was formerly Miss Leslie Green of Berkeley, and she spent some days with her parents, Mr. and Mrs. Adam Green, before leaving on the motor trip.

Mr. Huntington is the only son of Henry E. Huntington, the multimillionaire of Pasadena, and the Huntingtons have one of the exceedingly fine homes of Southern California.

The Capwells are being welcomed home again, after a long stay in the country this year. They have opened "Kelton Court," their Linda Vista home, and it is a home in which young people have many good times, for every member of the Capwell family is most hospitable. Both Mr. and Mrs. Capwell are generous also, and love to make their young guests happy in their home.

The Capwells have spent much time this summer at Del Monte, and at their Brookdale summer home.

Miss Phyllis Capwell's engagement to Lieutenant Seydel was announced in the spring, but no date has yet been set for the wedding of the young people.

Lieutenant Seydel is with his regiment, which has been stationed at Fort Scott.

Mr. and Mrs. Spens Black and Mrs. Black's mother, Mrs. S. B. McKee, have gone to Del Monte, and they expect to remain there through August and September. Sam Bell McKee is with them, and he is very much improved in health.

CHARLES MINOR GOODALLS ESCAPE WAR'S TERRORS.

Captain and Mrs. Charles Minor Goodall and Miss Helen Goodall were obliged to cut short their trip abroad, and they were among the fortunate ones arriving recently in New York. Miss Goodall is a charming young girl, who will resume her work in the University of California this year. She is to be one of the bright bevy of pretty bridesmaids who will be Miss Barbara Bromwell's attendants [illegible]

WOMEN BRAVE WAR ZONE EXCITEMENT FOR BEAUTY

MISS NOEL JOHNSTON (LEFT) AND MISS MARIE TAILER, WHO ARE NOW IN EUROPE. MISS TAILER WAS RECENTLY DECLARED BY THE RUSSIAN GRAND DUKE TO BE THE MOST BEAUTIFUL GIRL IN THE WORLD.

NEW YORK, Aug. 22.—Does excitement make beauty? Will mental tribulation make eyes sparkle brighter and cheeks flush a more rosy red?

Miss Marie Tailer, declared by Grand Duke Alexander Michaelvich of Russia to be the most beautiful girl in the world, is going to try it. She's now in Europe and intends, so her friends say, to stay there through the war. She can't come back for a while, anyhow.

Miss Tailer and Miss Noel Johnston left together on the Olympic and are being feted in London. Letters from the society girl declare that she's not in the least afraid, and rather enjoys the excitement, so far.

She is the daughter of Mr. and Mrs. J. Lee Tailer of New York and is one of the leaders in the younger social set.

OAKLAND'S BOYS & GIRLS

NEW SPECIMENS FOR CHILDREN AT MUSEUM

Natural history specimens collected by [illegible] Wilcomb, curator of the Oakland Museum, will be installed in the children's department of the new annex of the museum, in the near future. The articles were secured by Curator Wilcomb on his Eastern trip. He also gathered charts and models for the children's room, which will be made attractive by curios.

The illustrated lectures given last year by Mrs. D. W. De Vere, assistant curator were attended by about 6000 boys and girls of the public schools of this city. Mrs. De Vere also gave famous talks on natural history, in thirty-one schools throughout Alameda county.

With the permission of the Oakland Board of Education the pupils of the Oakland schools will again visit the museum, where the lectures will be continued. However, no date has been set for the course of natural history addresses. The children are anxiously waiting for the series to be resumed.

MOSSWOOD PARK HAS VOLLEY BALL LEAGUE

Volley-ball leagues are being formed in the Mosswood park playground, where the games will be held during the evening hours. Last month about 649 volley-ball contests were held at Mosswood, where the average daily attendance was 1334.

In the post-season baseball games the Intermediate team made an excellent record. The last contest was between the Mosswood Intermediates and the Washington School squad, whom the Mosswood Intermediates defeated by a score of 12 to 1.

The Girls' Athletic Club of the Garfield School playground have enjoyed a series of exciting games in the school court of East Oakland. The winners were feted recently, and took part in an impromptu program. Among the guests were Lulu Belsen, Lucy Amorro, Eona Clark, Wilsa Carrerro, Aldora Simmons, Luella Lehman, Gladys Clancy, Elizabeth Spaulding and Minnie Royce.

The hostesses included the defeated team. They were Irene Weaver, Freda Sears, Loretta Lehman, Bernice Mau, Jessie Yoakum, Pauline Luque and Otithia Nuris.

The Campfire Girls of Bushrod Park playground are planning a number of entertainments to be given this season. The Onowanta Campfire Council has completed plans for a program to be given on September 9, when the girls will give an exhibition of their work and folk dances. The proceeds derived from the affair will be placed in the council treasury for the purchase of the girls' ceremonial costumes. The committee of arrangements consists of Katherine Stoops, Wilhemimia White, Sigfrod Miller, Violet Young, Hazel Geary, Doris Compton, Graham Broche, Emma Furrer, Melba McNaught, Olive Balmain, Alberta Myers, Marjorie Cross, Beatrice Molay, Vivian Eaton, Clara Armes, Dorothy Lillison and Eloise Ewing.

WANTS GOVERNMENT LINE.

WASHINGTON, Aug. 22.—Conditions in the South American shipping field were explained to a House naval sub-committee yesterday by Edwin Drake, vice-president of the Panama Railroad Company. He advocated a Government steamship line operating by way of the Panama canal to South American west coast points. At present he said that trade is confined to three lines owned by foreigners. Drake criticised the Senate proposal to convert naval cruisers and scout ships into mail and freight vesels, declaring the naval ships would not be able to navigate the shallow waters of South American harbors.

JURIST'S WILL IS VOID.

WASHINGTON, Aug. 22.—The will of Justice Horace H. Lurton of the Supreme Court, absolutely void for want of attesting witnesses, was filed for probate here yesterday. It is written entirely in the last Tus[illegible] and the law here requires at least two witnesses to sign the instrument. The will is dated Nashville, Tenn., the former home of the testator, June 8, 1898, and leaves the estate to Mrs. Lurton. It is understood, however, that his wishes as expressed in the will are to be carried out. The value of the estate is not given.

SOCIETY

Oakland society is much interested in the wedding of Miss Henrietta Blanding and Chauncey Goodrich, which will take place next Thursday at the Fairmont in San Francisco. The Blandings are spending the summer at their place in Belvedere, but keep their apartments at the Fairmont, where the ceremony will take place at noon in the presence of only the relatives of bride and groom. Dean Gresham of Grace Cathedral will read the marriage service and later there will be a wedding breakfast. Although it will be a small wedding the appointments will be very beautiful and a host of friends will send their good wishes to the young couple. Miss Blanding has endeared herself to everyone who knows her with her gracious personality and charm. She is one of the brilliant girls of society whose [illegible] of great things. Among guests at the wedding will be Mr. and Mrs. Fred Sharon, Dr. Harry Tevis, Mrs. Elizabeth Goodrich, Mrs. John Orr, Mr. and Mrs. Fred Crist, the Gordon Blandings and a few others.

☼ ☼ ☼

MISS VON HAGEN'S WEDDING.

The wedding of Miss Edna Von Hagen and Ralph Thornton will take place at the First Unitarian Church in Berkeley on September 19th. It will be a large affair for which several hundred invitations will be sent out to be followed by a reception for a limited number of guests. Miss Florence Kelsey, who will be Mrs. Thomas Stewart then, will be matron of honor, and the bridesmaids will be Miss Elise Bertheau, cousin of the bride; Miss Genevieve Thornton, Miss Helen Wilkins and Miss Mabel Thomas. Albert Thornton will be best man and the ushers will be Charles Kauffman, Bradford Crow, Edgar Harrison and Julian Davis of Stanford.

☼ ☼ ☼

IN LONDON.

Mr. and Mrs. Harry East Miller are still in London, where they are happily situated with friends and enjoying the season in spite of the rather uncertain conditions in England. They have written to Oakland friends that they will return to America as soon as they can arrange conveniently to do so, but are in no haste to leave England. The reassuring news has been received with pleasure by friends of the Millers who have been abroad for the past four months and were on the continent when war was declared.

☼ ☼ ☼

TEA IN SAN FRANCISCO.

Cards have been received for a tea to be given on the afternoon of September 4 by Miss Marie Abbott Cutten at her home in Sacramento street, San Francisco. A number of Oakland friends of the hostess will be present and assisting in receiving will be Miss Doris Borneman, Miss Ethel Graham, Miss Leah Beckett and Mrs. J. E. Cutten.

☼ ☼ ☼

DINNER THIS EVENING.

Miss Jessie Reed will be hostess at a dinner at her home in Berkeley this evening in honor of Miss Edna Von Hagen and her fiance, Ralph Thornton. Among those invited to meet them are Miss Florence Kelsey, Miss Genevieve Thornton, Mr. and Mrs. Russell Reed, Mr. and Mrs. Colvin Reed, Miss Mabel Reed, Grant Reveal, Paul Rieder, Ralph Rohrer, Thomas Stewart and Albert Thornton.

☼ ☼ ☼

VISITING NICKEL RANCH.

Miss Ernestine McNear, Frederick Van Sicklen and George Bowles were among a number of young people who left this morning to be guests over the week-end of Mrs. Leroy Nickel and Miss Beatrice Nickel at Mount Madrone, one of the Nickel ranches. Others in the party are Miss Helen Garritt, Miss Phyllis de Young, Miss Gertrude Thomas, Miss Leslie Miller, Miss Marion Crocker, Miss Helen Bertheau, Miss Ruth Winslow, Miss Ruth Zeile, Miss Corennah de Pue, Miss Marie Louise Black, Lewis Martin, Nion Tucker, George Nickel, Kenneth Moore, Hall Roe, Rudolph Bertheau, Algernon Gibson, Walter Husa, Alan Humphreys.

☼ ☼ ☼

BRIDES-ELECT FETED.

Miss Florence Kelsey, whose wedding to Thomas Stewart, is set for the first week of September, and Miss Edna Von Hagen, who will also be a September bride, are being feted at a number of teas and dinners in the weeks before their weddings. Among affairs planned for them is a tea to be given next Wednesday by Miss Genevieve Thornton, who will be a bridesmaid at the Kelsey-Stewart wedding on September 3, and at the Von Hagen-Thornton wedding on the 19th.

Next Tuesday afternoon Mrs. Waldo Dodge and Miss Mabel Thomas will be hostesses at a tea for Miss Von Hagen, who will be guest of honor also at a luncheon to be given by her cousin, Miss Elise Bertheau in Belvedere. Miss Von Hagen and Miss Kelsey will share honors at a tea to be given by Miss Alice Bacon at her home in Orange street for Miss Mabel Thomas, the fiancee of Carroll Kauffman, and on the 27th Miss Rose Barker and Miss Antoinette Dye will entertain for popular Miss Von Hagen.

☼ ☼ ☼

FAREWELL DINNER.

Mr. and Mrs. Thomas Watson Cushing who, with Miss Carmen Ghirardelli, will leave for the East next Saturday, were guests of honor at a dinner given last evening by Mr. and Mrs. A. H. Higgins at their home in Piedmont. Among the guests were Mr. and Mrs. W. S. Rheem, Mr. and Mrs. Louis George Henes, Mr. and Mrs. A. T. Ellis and Mr. and Mrs. Henry Hensley Eastman.

☼ ☼ ☼

RETURNS FROM MONTEREY.

Miss Lucy Pierce has returned to Cheyne Court from a visit of two months in Monterey and Carmel, where she made a number of sketches, and enjoyed the diversions of the summer art colony. Miss Pierce spent much time with Miss Isabel Percy and Mademoiselle Betti De Jong, and later was the guest of Miss Louise Mahoney at her cottage in Carmel.

☼ ☼ ☼

LEAVE FOR SANTA BARBARA.

Mrs. G. T. Henshaw and her daughter-in-law, Mrs. Tyler Henshaw, left today for Santa Barbara, where they will spend two weeks at the Potter. They will be entertained by the W. G. Henshaws at Montecito during their stay, but informally, as they are still in mourning.

☼ ☼ ☼

RETURN TO BERKELEY.

Mr. and Mrs. N. P. Cole have returned to their Berkeley home from a motor tour of Southern California. They were absent two weeks. The Coles have spent the summer at their beautiful country place in the Napa Valley, where a number of guests have been entertained during the season. Among those were Mrs. William Kip of San Francisco, Mrs. Reed and Miss Lillian Clark of Berkeley. Mrs. Cole is an expert motorist who did much of the driving on the southern tour.

☼ ☼ ☼

LEAVE FOR THE EAST.

Mr. and Mrs. Lin S. Church will leave for the East tomorrow to meet their daughter, Miss Esther Church, on her arrival in New York from Europe. Miss Church sailed from Glasgow today on the steamer Columbia, accompanying Mrs. D. W. Hawkins and Miss Sidney Hawkins of San Francisco. Mr. and Mrs. Church and their daughter will leave at once for California, arriving about September 1.

☼ ☼ ☼

FOR MISS BECKWITH.

[illegible] were hostesses at a tea this afternoon in honor of Miss Lois Beckwith, the attractive fiancee of James Moorhead. It was given at the Ehrenberg home in Harrison street, and was an interesting and pretty affair. Among the guests were Mrs. John Backwith, Mrs. Charles O'Conner, Mrs. Guy Whitmore, Mrs. Guy Walton, Mrs. Edgar Hurt, Miss Tracey Crawford, Miss Rosalie Ogden, Miss Margaret Meek, Miss Guglielma Roeth, Miss Margaret Garthwaite, Miss Laura Lamoureux, Miss Esther Cooley and Miss Florence Wheeler.

☼ ☼ ☼

[illegible]

Mr. and Mrs. J. M. Atwell left yesterday for Del Monte, where they will spend two weeks.

☼ ☼ ☼

AT CASTLE CRAGS.

Mr. and Mrs. R. A. Bray left this morning to join Mr. and Mrs. Oscar Sutro at Castle Crags, where they will spend the next two weeks. The Sutros and Miss Ellen O'Sullivan went up last week.

PLAYWRIGHT TULLY IS GRANTED DIVORCE

Declares He Was to Blame for the Quarrel Which Started Action

LOS ANGELES, Aug. 22.—Richard Walton Tully, author of "Omar the Tentmaker," "The Bird of Paradise" and other plays, today secured a divorce from Eleanor Gates Tully, author of "The Poor Little Rich Girl" and other novels and dramas.

The decree was granted by Judge Taft in the Superior Court on the ground of desertion. Tully and his mother were the only witnesses questioned. Mrs. Tully is in New York.

In telling his story [illegible] all the blame for the troubles which caused their separation in 1912. He said: "We were married January 26, 1901, at Merced.

"In 1912, while in the Hotel St. James, in New York, we quarreled and separated. It was my fault. I gave her a good cause to quarrel with me."

"When we separated she went to San Francisco. I followed her and we became reconciled, but later we quarreled again and separated.

"I wrote to her several times in an effort to again become reconciled, but finally she wrote asking me not to bother her any more."

WOMEN OF DENVER ARE SHOWING WAR SPIRIT

DENVER, Aug. 22.—Women bound by birth or blood ties to the warring countries of Europe are showing no lack of patriotic zeal.

"If I were in Paris now," says Miss Jeanne de Mare, society leader and French born, "my instincts would lead me to the front with the army of France. Did my mother's health permit, I should go at once. There is a small company of French women in Denver, but they will do what they can for France.

"If it is money she needs, we will give her our money. If she needs nurses for her wounded, we will go to her. We are at her call. I am opposed to war, but, since war has come, I pray that France may triumph. She fights for a cause. She has past wrongs to remember. Nothing can keep her from victory."

The women of Germany, of England, of Austria-Hungary are displaying the same spirit. The foreign consuls express amazement at the number of women who have visited the consulates to offer their services.

"AFFINITY FLED IN KIMONA," CHARGES WIFE

NEW YORK, Aug. 22.—An alleged affinity who ran out of the house in her kimona when the wife visited her husband at 10 o'clock at night is described in divorce papers which Mrs. Catherine Thompson has filed in the Supreme Court against Frank T. Thompson, a retired Pittsburg iron manufacturer. He is alleged to have an income of over $50,000 a year.

The Thompsons were married in 1888 in Ohio. They have two sons, Frank and William, both over 21. Mrs. Thompson learned for the first time of her husband's alleged misconduct when some one told her he was living with another woman at No. 149 West One Hundred and Fifth street. She went there, she says, and found this was true.

At another time William and his mother called on their father one night and the "other woman" ran out into the street in her kimona. William says his father makes large sums of money. At one time he showed his son $50,000 in bills, which he said he had made in one transaction.

The defendant admitted he has occasionally made large sums of money while playing cards, but said he didn't think such chance winnings should be made the basis for alimony.

Mrs. Thompson asked for $750 a month alimony, but the defendant's lawyer said Thompson would rather spend six months in Ludlow street jail than pay more [illegible]

RACE HORSE OWNER ADDS OSTRICH TO HER "STABLE"

DONALDSON, La., Aug. 22.—Mrs. Joseph T. Landry, owner of racehorses, has added another fleet-footed traveler to her string of winners. It is an ostrich, which arrived last week and is in training. Many persons in this section have never seen an ostrich in the flesh, to say nothing of one that races, and the first appearance of Mrs. Landry's bird on the track in an exhibition of speed will be eagerly awaited.

TEACHER IN COURT, BUT HOLDS KEY TO SCHOOL

PLACERVILLE, Aug. 22.—Katherine Coughlin, the militant teacher, was brought here yesterday by a deputy sheriff, and when arraigned pleaded not guilty to malicious mischief. On the promise to be good until her trial, September 8, she was released on her own recognizance. She still retains possession of the keys to the schoolhouse.

FOUND STENOGRAPHER'S PHOTO IN HIS ROOM

NEW YORK, Aug. 22.—Dainty garments hanging in the wardrobe where her clothes used to be and a fair face looking from a gold frame greeted Mrs. Nina Ray Wagner when she returned to her home to talk over a reconciliation with Albert F. Wagner, her husband, she told the court. Wagner is an automobile dealer at No. 1902 Broadway, with a reputed income of $15,000 a year.

Mrs. Wagner sued for separation some time ago, but Supreme Court Justice Giegerich advised her to go back to her husband. In her second action for separation yesterday she informed the court she went to her husband's home on July 21 last, but was ejected before she had a chance to say anything.

Mrs. Wagner told the court she also saw a photograph of her husband's stenographer in his room. After being put out of the house, she alleges, she wrote a note to Mr. Wagner, saying:

"When I went to your house this afternoon I meant to explain to you that I am willing to go back and live with you so that I may maintain your house properly, but you didn't give me a chance. You threw me out of the house.

"Such action on your part is cruel and unjust, yet I am satisfied to take up my quarters with you. I now offer to go back to live with you, but I expect you to cease your attentions to other women."

Wagner filed an answer denying his wife's charges. He said he was willing to be reconciled, but would not negotiate through his wife's lawyer. On the second application the court awarded the wife $15 a week.

Madame Ise'bell

Opens Her Mail Box and Talks of Facial Surgery and Sallow Skins.

Some days my correspondence is so interesting that I am tempted to share it with my readers and it often reminds me of subjects that I would like to talk about. A pupil writes me in regard to facial surgery, whether I would advise it for deep frowning lines that she says she is unable to remove by massage.

First of all I do not advise facial surgery except in serious cases where there is some absolute facial deformity. It is an expensive process and the results are somewhat problematical. It should only be entrusted to the hands of a qualified surgeon of the first rank.

The operation my correspondent refers to is a simple one. It consists of cutting the skin near the hair line back of the temples and drawing back the skin, that is, taking a little seam in it so that the loose skin over the forehead will be tightened and the lines disappear. This operation is painful and it sometimes leaves a scar. Let us assume for argument's sake that it does not leave a scar, what are the results? When the operation is a success it leaves the forehead for the moment perfectly smooth and unlined.

RESULTS NOT LASTING.

Unfortunately, the permanence of these good results cannot be guaranteed. If the habit of frowning is still indulged in, the lines will return, for the skin is extremely elastic and will continue stretching. In such a case the painful, expensive operation must be repeated.

To rid oneself of frowning lines first of all stop frowning. This is due to nervousness or to defective eyesight and either case can be corrected. I know of one woman who cured a bad case of frowning that gave her a most disagreeable look by working always in front of a mirror. Whether she was sewing, writing or reading, she would have a mirror in front of her and from time to time watch her expression. In a short time she could feel herself frowning and was able to correct the habit without the aid of the mirror.

PERSISTENT SALLOWNESS.

Another correspondent asks advice as to a persistent sallow condition of the skin. She adds that her general health is good and that she is careful in regard to diet. Chronic sallowness in the case of a person in good health may be due to two things a badly-balanced diet or inactivity of the little blood vessels feeding the skin. Choose a diet without too much starch, that is, cut down the amount of bread and potatoes eaten. Eat plentifully of fruit, green salads and raw onions if they do not occasion indigestion. Drink plentifully of water, but avoid coffee and strong tea.

Facial massage according to directions that I have already given, followed by rubbing with a lump of ice wrapped in a bit of linen will improve the circulation. A salt rub is also beneficial, but should not be tried if the skin is broken or at all sore. For a salt rub take coarse table salt, wet a handful and wash the face with it. Rinse afterwards with cold water.

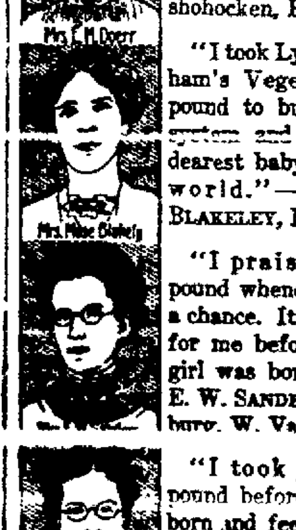
HAVE YOU A CHILD?

Many women long for children, but because of some curable physical derangement are deprived of this greatest of all happiness.

The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.



"I took your Compound and have a fine, strong baby."—Mrs. JOHN MITCHELL, Massena, N. Y.

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers."—Mrs. A. M. MYERS, Gordonville, Mo.

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me."—Mrs. E. M. DOERR, R. R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world."—Mrs. MOSE BLAKELEY, Imperial, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born."—Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it."—Mrs. WINNIE TILLIS, Winter Haven, Florida.

Think for Yourself

(By Lillian Russell)

Copyright, 1914, by LILLIAN RUSSELL.

THERE are too many women at the present time who depend upon others to think for them. They are either too lazy to use their brains or they have acquired the habit of allowing others to think for them.

There are many women gifted with excellent memories—memory for numbers, dates, names, etc.—but the majority of them are those who have been obliged to think for themselves from childhood and their memories have, therefore, become more or less cultivated.

Lack of mem[illegible] vated as quickly as memory. Take the cases of parents who bring up their children, never allowing them to express an opinion of their own. I know a case of a young woman who has never been allowed even to have a word to say in the selection of her own clothes. This girl has been through college and is wonderfully educated, but she is never allowed to enter into any topic of discussion, whether modern or otherwise, and probably the reason why this beautiful girl is still unmarried is because her parents are waiting to choose a husband for her—not giving her credit for enough sense to choose one for herself. No wonder if this girl lacks memory at the time when it is demanded of her.

There are women also who deliberately refuse to use their mental facilities. How often we hear a woman say, "O, I wouldn't know what to do about it. What do you think I should do?" This is the type of woman who is positively too lazy to think for herself and depends upon the opinions and memories of others. Her brain becomes relaxed from lack of use, just as the muscles of the body become relaxed from lack of exercise and as the body becomes soft and limp, so does the brain become soft and limp.

I overheard a young woman talking to a drug clerk a few days ago, as follows:

"I want to have that prescription put up again."

"What prescription, madam?"

"O, one I had put up three or four weeks ago, I think it was for a sore throat or indigestion, or something."

"What was the number?"

"The number, O, I forget the whole number. I know there was a three and a nine in it, but a whole lot of other numbers, too."

"What was the doctor's name?"

"His name, does that matter? I don't remember. I guess I had better phone to my sister. You know our phone number, don't you? Well, look it up, I have forgotten it, Smith is the name."

By that time other customers had entered the store and she never did get any further.

I felt sorry for the poor unthinking thing, for she will never grow to full intelligence, having been warped in her infancy by never being allowed to think for herself.

Remember. Memory is one of the most important of exercises, mental or physical.

Answers to Queries.

GWENDOLYN—Vaseline, if applied each night, will darken the eyebrows, but it will also stimulate their growth. If your eyebrows are heavy now it would not be advisable to use this treatment. I know of no permanent dye for the eyebrows and lashes. Be careful in using a dye on your lashes or brows, for there is danger of getting it into the eyes. Why don't you use a good eyebrow pencil? There are several good ones on the market, and they are harmless. I am sorry I cannot give you an eyebrow and eye lash darkener.

MISS E. N. B.—Cocoa butter is good for developing, but I would not advise you to use it on your face. It is too heavy and will cause a growth of hair. Too many sweets and rich, greasy foods will cause the face to break out. Be careful of your diet. Eliminate the rich foods and eat only the plain nourishing ones. Eat plenty of green vegetables, fruit and drink plenty of water between meals. I cannot give you full instructions for facial massage through the column, they are too long, but I shall be glad to send them to you if you will send me a stamped, addressed envelope.

M. N. B.—Hangnails are usually caused from improper manicuring. If you do not keep the cuticle at the base of the nails pressed down and from the nails, it will split, the skin will peel down and cause painful hangnails. Never pull these hangnails off. Cut them as closely as possible with a pair of small curved scissors, then apply a bit of peroxide.

MISS B.—You haven't much time for exercise, but you should see that you get a little each day. Every one needs exercise. Can't you take a walk at noon, or a short walk in the morning before breakfast, or in the evening before retiring. A five minutes' walk, taken regularly, would do quite a little good. Practice deep breathing as much as you can. Eat all foods except the rich, greasy foods. Eat plenty of vegetables and fruit, and drink plenty of milk and three or four glasses of water between meals.

VIOLA—Don't take anything internally for reducing your bust. You are liable to injure your health. Exercise will reduce the bust. Don't give up so easily. You must be persistent in your treatment if you wish to succeed in reducing. If you will send me a stamped, addressed envelope I shall send you instructions for reducing the bust.

TOTAL ECLIPSE OF SUN IS VISIBLE IN EUROPE

WASHINGTON, Aug. 22.—A total eclipse of the sun, which yesterday cast complete darkness over a strip eighty-five miles wide through Russia, Scandinavia, Asia Minor, Persia and India, was only partially visible in the United States, but was observed by astronomers at the naval observatory here.

All Europe, a portion of Africa and Asia, however, fell within its shadow. It was not visible in this country farther south than Washington nor west of North Dakota. The shadow fell on the earth first in Hudson's Bay and disappeared on the east coast of Africa just north of the equator.

In 1918 another total eclipse of the sun will be visible in the United States. Scientific parties are being organized to observe it in Florida. Several American parties went to Russia to observe today's phenomenon.

GNATS EATING FLORIDA MAN ALIVE; WANTS AID

SAN FRANCISCO, Aug. 22.—Does anyone in San Francisco know what a chinegua is? And if so, does that person know of aught that will drive this voracious mite of parasite life from its abiding place in the human body?

From far-away Florida there came recently in a letter to James Woods, manager of the Hotel St. Francis, a plea for help from Philip Berry, who by the way is a stranger to Woods. In part the letter says:

"Will give any price that any person may ask for a sure cure for dust, or skin, gnat flies, as they are called in Florida. The Chinese call them chinegua. They are almost as fine as dust and they bore right into the flesh and breed under the skin. They come out, bite and disappear. The doctors here know of no cure. They are fast eating me alive. Perhaps some Japanese doctor may know of a cure."

Woods is going to see what he can do to bring relief and any assistance along this line will be appreciated.

NATURALIST TO JOIN ARMY.

William Percy, the noted naturalist son of the Duke of Northumberland, has returned to Nome from the Arctic shores, where he went to hunt eider ducks for his collection of skins, and will take the next steamer to Seattle and thence go to England, having cut short his hunting trip in order to join the British army.

CHICAGO BANKS AFTER SOUTH AMERICAN TRADE

CHICAGO, Aug. 22.—Establishment of a branch of a Chicago bank in Lima, Peru, and of a trade clearing-house for the purpose of stimulation of trade between the central west and western South America is contemplated, it was learned here today.

John J. Arnold, a Chicago banker, has induced Frederico Alfonso Pezet, the Peruvian Minister to the United States, to come here September 3 to discuss trade relations with Brazil men of the Mississippi valley. The Peruvian Government owns a line of steamships now plying on the coast of South America and is anxious to extend this commerce to either New York or New Orleans.

Pezet is said to be interested in finding out whether Mississippi river points can supply the ships with regular cargoes and whether Peruvian imports can be handled economically through New Orleans.

"Together in One, All Things in Christ"

There are in the east bay cities a group of experts in human life. Day in and day out they study the art of sympathy. Their one mission is to serve bruised and lonely and hungry hearts.

Isn't that though reassuring? Most of us need and desire comfort—though the person next to us may never suspect it.

This announcement points to the goodly company of Physicians of Souls, all of whom have been trained in the school of the Great Commission.

They are the pastors and workers of the Churches of the city. Their aim is to obey their orders, "Comfort ye, comfort ye, my people."

Perhaps the reader does not know that from the pulpits of the Oakland Churches tomorrow will be spoken just the words that will heal his bruised heart. If he accepts our invitation, and attends church service, he may leave exclaiming, "Why, I never knew that anybody understood my inner life so well."

The call to Church is but one expression of the Carpenter's invitation, "Come Unto Me, All Ye That Labor and Are Heavy Laden, and I Will Give You Rest."

Go to Church Tomorrow, For Your Sick Spirit's Sake.

FIND NO TRACES OF HELENA SMITH

Search Still Being Conducted for Missing Artist and the Japanese Suspect.

CARMEL, Aug. 22.—While Ruel Smith, brother of Helena Smith the missing Carmel artist, is personally conducting a search for her, and the sheriff's office is still searching Point Lobos for George Kadoni, the Japanese photographer sought in connection with her disappearance, word has come from San Jose where a search was made for the woman in hospitals and institutions on a clew from here, that the police there was successful in locating traces of her. The San Jose authorities believe that Carmel is the proper place to seek the missing girl, and her brother, who is a New York newspaper man is conducting a rigid inquiry.

Many hundreds of stories of strange disappearances have passed through my hands in the course of my newspaper work," said Smith tonight, "but they [illegible] the one that comes home to me. Nor have I ever known one more singular in its circumstances. I am as yet so new on the scene, and so unfamiliar with the details of the case, that I could not even if I would make public any theory at this time.

"So far as I know my sister was quite well and in good spirits, and her letters to me have reflected her normal and industrious and cheerful nature. I know of no reason that could furnish a cause of suicide, and am disinclined at present to think that it is a case of sudden loss of memory and of wandering away in a dazed condition. If she has done so I think that by this time we should have heard of her, even if not directly from her. It seems incredible that a woman accompanied by a dog, without baggage and unprepared for a journey could wander very far without being reported.

"It seems to me that efforts should be concentrated now on the finding of Geo. Kadoni, the Japanese, and that he should be more thoroughly investigated than on the occasion of his arrest.

"Until I have had more time to go over the ground and acquaint myself with the details I do not wish to make up my mind that my sister was murdered."

The searching parties in the woods and along the shores have found no clew to the death, nor trace of the present whereabouts, alive or dead, of the missing artist.

SAN JOSE, Aug. 22.—A search of local hospitals and sanitariums for Helena Smith, missing Carmel artist, was conducted here in vain.

[illegible] detectives are working upon the theory that Miss Smith is acquainted with a number of prominent people in San Jose through her connection with the artist's colony at Carmel, and that it is possible, if she has not met with foul play, that she is dangerously ill at the home of some friend here, and that they are endeavoring to shield her until the publicity which has surrounded her disappearance has abated, when Miss Smith can return to Carmel and explain all.

A large grass fire on a vacant lot at the corner of Fourth and Montclair avenues called out the Fire Department this morning at 10:30 o'clock. The blaze was fanned by a brisk breeze and threatened residences in the vicinity for some time before the firemen succeeded in getting it under control. No loss was sustained.

VALLEJO NEWS

NAVY MAY AID IN CELEBRATION

Elaborate Plans Under Way for Vallejo Holiday Observance.

VALLEJO, Aug. 22.—Inasmuch as Uncle Sam's sailors and marines have always proven one of the leading features of the big parades held in the bay cities of California the Native Sons Admission Day celebration committee has requested the Navy Department to have as many ships as possible in the harbor during the celebration period so that the naval turnout in the procession may be the largest that ever featured any parade in this city.

Claremont Parlor of Oakland writes to Vallejo Parlor No. 77, N. S. G. W., that a committee will be here Sunday to secure headquarters for Admission Day. Claremont Parlor will bring its 25-piece band here on September 9 to participate in the monster parade. Presidio Parlor of San Francisco also writes that it will be here with its crack drum corps.

URGE REDUCTION OF SALOONS IN VALLEJO

VALLEJO, Aug. 22. — A committee consisting of Forbes H. Brown, J. D. Shippe, Guy Hale, W. R. Lain, Secretary Horn of the Naval Y. M. C. A., the Rev. W. Matthews, the Rev. C. Eastman and the Rev. D. A. Mobley paid a visit to Commandant F. M. Bennett, U. S. N., at Mare Island last Thursday evening. The object of the meeting was to have the head of the local naval station call the attention of Secretary of the Navy Daniels to the fact that the agitation started two or three years ago to reduce the 50 saloons in Vallejo has not met with any results up to date.

After listening to the committee the commandant decided to take the matter under consideration and as yet has not decided to sign the letter left in his hands by the delegation.

LODGEMEN VISIT VALLEJO.

VALLEJO, Aug. 22. — D. A. Finn, president of the San Francisco Exempt Firemen's Association, and Godfrey Fischer, treasurer of the organization, paid a visit to Vallejo Friday and made arrangements to secure headquarters for the exempts when they visit here on Admission Day. While in town they were the guests of J. A. Brown.

CLUB NAMES OFFICERS.

VALLEJO, Aug. 22. — A. Anderson was elected president of the Samoset Social Club last Thursday evening, while Frank M. Dickey was chosen vice-president; D. Passalacqua, treasurer, and J. R. Thornton, secretary. Following the election the members of the organization enjoyed an elaborate spread, which was served in the Samoset banquet hall.

HONOR NATAL DAY OF MRS. S. GWILT

The Friends of Genial Oakland Matron Tender Novel Surprise Dinner.

In honor of her birthday, Mrs. Susan Gwilt was entertained Thursday evening at a "surprise dinner," tendered at the Key Route Inn by a coterie of friends, the affair being one of the most novel held at the hostelry in some time. The decorations of gladiolas, tiger lilies and ferns were artistically arranged and shaded lights and candelabra added to the beauty and mellowness of the scene.

Orville B. Caldwell acted as toastmaster, and on behalf of those assembled, Mrs. Caldwell presented the honored guest with a beautiful water color, a typical California scene. Mrs. Gwilt made an appropriate and touching response.

Musical numbers were contributed by Mrs. Charles Poulter, Mrs. Edwin M. Fant, C. E. Poulter and John W. Gwilt. Cards concluded the evening's enjoyment.

Those present were Mrs. Susan Gwilt, Mr. and Mrs. G. W. Bacon, Mr. and Mrs. Orville B. Caldwell, Mr. and Mrs. Edwin M. Fant, Dr. and Mrs. J. B. Wood, Mr. and Mrs. C. C. Young, John W. ASK AMENDMENT OF LAW COVERING PATENT DRUGS

PHILADELPHIA, Aug. 22. Reform in the United States patent laws to enable American chemical manufacturers to compete with foreign dealers and obviate contingencies in the drug market such as may be caused by the European war were demanded in a resolution adopted yesterday by the members of the National Association of Retail Druggists in convention here.

Natural drugs essential to the making of many drugs are often protected by the present patent laws, according to speakers in support of the resolution. It was also asserted that many of these patents are in the hands of foreign manufacturers, who thereby prevent the manufacture of the drugs in this country.

Samuel C. Henry of Philadelphia was elected president of the association.

WILL WATERLOO BE FOUGHT SECOND TIME?

Germany is still trying to advance through Belgium into France and is now in possession of the city of Liege and of Brussels, although it appears the advance of the Kaiser's troops south from Liege has been halted and the army that has had Dusseldorf for its base is now making an effort to effect a turning movement in the vicinity of Waterloo in order to attack the allied forces in the rear.

The army which has Cologne for its base is massed, so far as can be ascertained, against the Belgian line of defense, extending from Liege southerly to Dinant, where the Belgians are working in conjunction with 80,000 French soldiers covering the border from the Meuse to a point near the junction of France, Belgium and the duchy of Luxemburg. This last force will doubtless encounter, perhaps is encountering right now, the German advance through Luxemburg, so that the situation from the German standpoint is an attack on the lower defenses of Liege and Namur south to Dinant, an attack on the French through the little duchy and the turning movement south of Brussels near Waterloo.

[illegible] commanders to leave the thwarting of that movement to the English general French, who with 120,000 men, is somewhere in that vicinity. That the second army of Joffre, the French commander, has been sent to cover the interval between Dinant and the right flank of the English army, thus presenting a line of defense extending from south of the Belgian capital to Belfort, against which line the Kaiser is making no less than four attacks, with what success must be inferred from reading the censored dispatches that are permitted to leak out.

If Germany's troops can execute the flanking movement on the Belgian defense of the points on the Meuse by the overthrow of the British in the vicinity of Waterloo, the defeat of the Belgians from Namur is so apparent there is nothing to it and then, unless France masses a mighty host, entrance to the northern part of the country would be comparatively easy. But while the Kaiser and his generals are planning for such an event, it must be recalled that the strategists of England, France and Belgium are prepared to meet any movement that may be attempted.

The airship has played havoc with grand tactics. Coups are no longer possible. These scouts of the skies fly hither and thither, ascertain locations of troops and report, thus keeping the commanders in quick touch with everything that is going on. It is for this reason we doubt the ability of the Kaiser to effect a turning movement below Brussels in the vicinity of the field where Napoleon met defeat at the hands of nations now fighting each other.

It is said the German forces engaged in the movement against Belgium will number above 750,000 men. The Belgians engaged total about 40,000, the French support on the Belgian flank is 80,000 and the English forces about 120,000, while the other French army will number, according to the best military authority obtainable at this time, about 300,000 or 540,000 so far opposing the invasion. However, there is a handicap against the Germans, who are fighting against men in fortifications, where ranges are definitely known and where artillery work is as precise as arithmetic.

Readers of THE TRIBUNE and other newspapers of the State may look for the story of a mighty battle at any time, and when the result is announced it will be found to have been one of the most disastrous in all history.

It is noted that one of the Progressive candidates has his balloon all ready for the ascension that will follow the November election.

Publishing the story of a man's death hours before he has expired and then lying about it afterward may be enterprise, but it is of the ghastly sort, the raw-head-and-bloody-bones variety that would invade a sepulchre for a sensation.

CHILE WORLD'S POWDER MAGAZINE.

It takes a lot of powder to kill a man in battle, and a great deal of lead and steel. Lead is easy to obtain, but the materials for powder are more difficult of acquisition. Just now Chile occupies the enviable or unenviable position—just as one looks at it—of being the powder magazine of the world. It has practically a world monopoly in the production of nitrate and last year nearly 3,000,000 tons were shipped from the various ports from the strip of country about five hundred miles long and from fifteen to ninety miles from the coast where the immense beds are located.

Strange to say this nitrate was generally used in the works of peace. Nitrate is calculated to make two blades of grass grow where only one grew before, and in this capacity it has been a great blessing to humanity. It is related that the discovery of the wonderful fertilizing powers of this nitrate were discovered about one hundred years ago by a Scotchman, who spread some of the crystals over a part of his garden. Plants grew marvelously immediately thereafter. Samples were sent to Scotland for analysis and the nature of the substance and its value quickly discovered, following which trade has constantly increased.

Chile derives a revenue from the sale of nitrate through the imposition of an export tax amounting to about $10 annually for each man, woman and child. This money has been expended for railway extensions, harbor improvements and for the fostering of education.

But from henceforth the nitrates of Chile will not be in demand for improving worn-out soils and increasing productivity. Its greatest use will be in the manufacture of explosives. Nitric acid is needed for the manufacture of nitro-glycerin, dynamite and smokeless powders used in war. No estimate as to the amount of the demand can be made, but it is more than likely that Chile will profit greatly through an advance in price sure to follow the opening of the strife over the water.

The mayor of Brussels asks the people to remain calm. Never fear; with the city lined with German bayonets the calmness will be so thick it can be carved.

This storekeeper at the Hotel Oakland who has bought up all the French mushrooms because he knew there would be no chance to import more until the end of the war, ought to be prosecuted as a trust. What will the poor of the city do for the succulent fungii during the long dry spell?

Please remember that dollar wheat also makes the ten-cent loaf of bread.

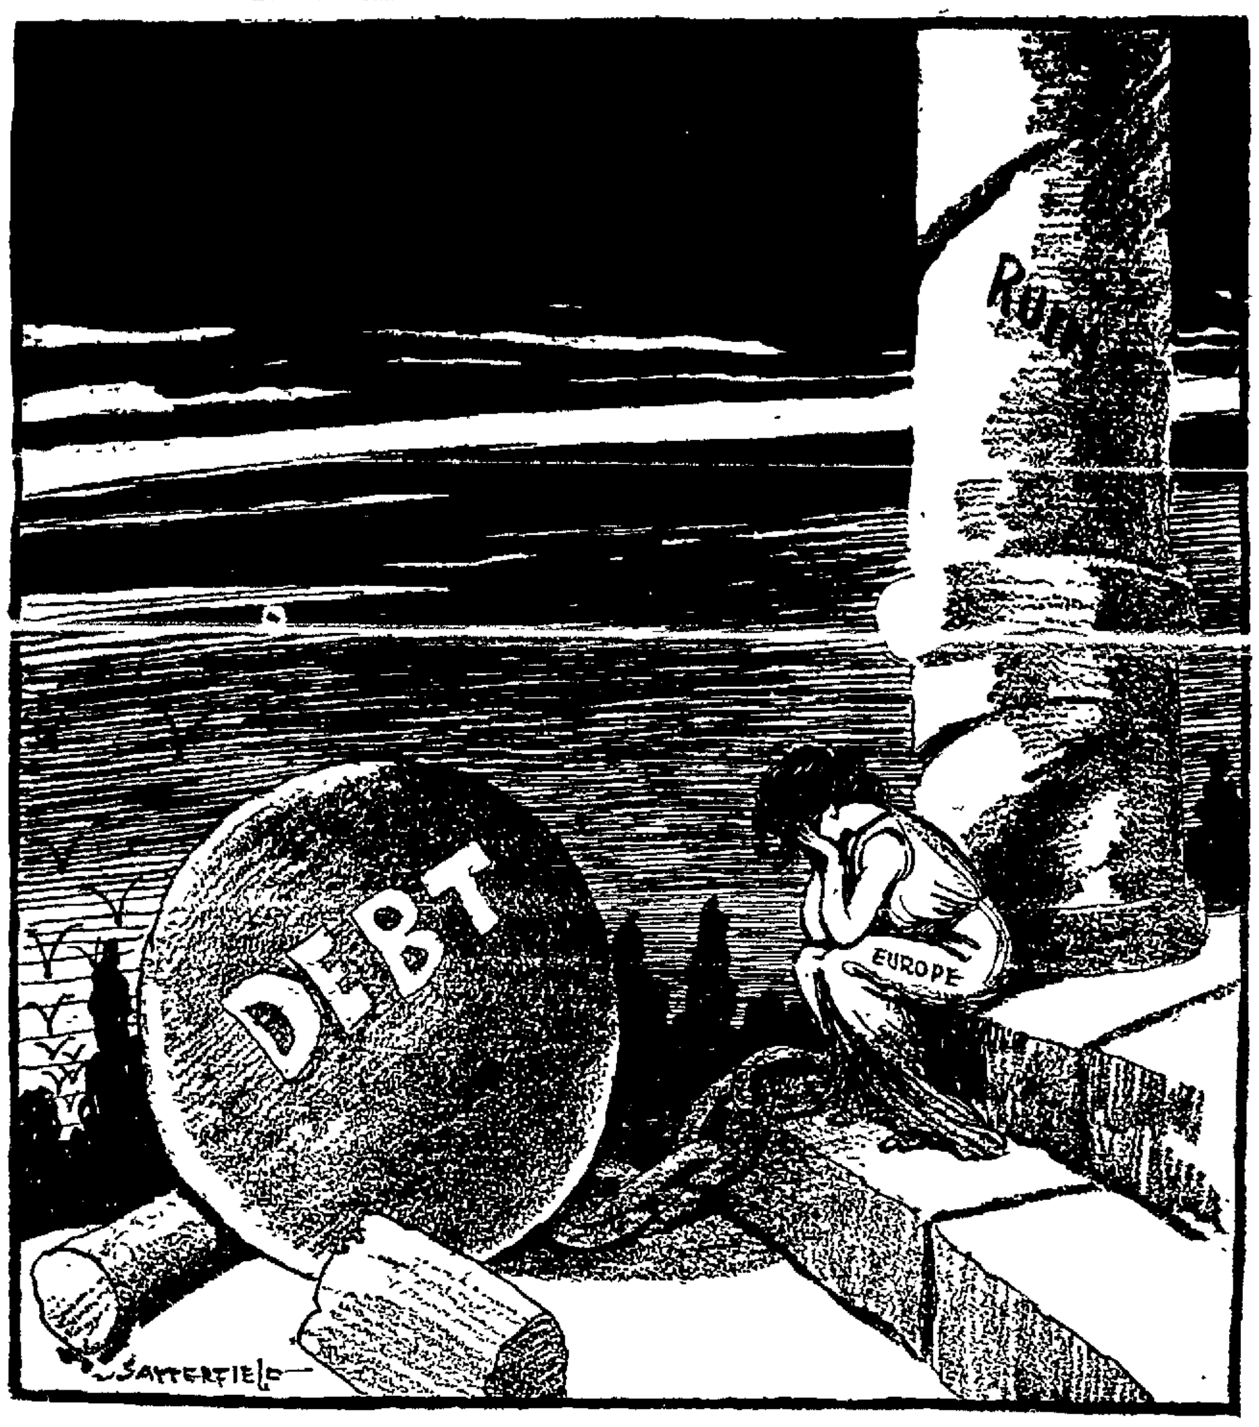
FOR YEARS TO COME



MILWAUKEE LEADER

ADVANCE IN PRICES RULE OF ECONOMICS.

It does not appear necessary to conduct exhaustive inquiries for the purpose of ascertaining why prices have advanced; they are self-evident. They have not been caused by shortage due to crop failures or increased consumption at home or exports abroad. The demand from Europe has not materially disturbed stocks on hand. The change has been brought about by men who follow the law of economics in order to make money out of misfortune and their action is legal, although to the ordinary observer it does not appear at all ethical or righteous.

But so far as statutes are concerned, sensitive as those restraining combinations for restriction of trade may be, it is doubtful if any prosecutions will be effective, except perhaps in special instances, for those who are holding provisions or who have been advancing prices by tacit agreement or special contract, can plead that they are but following a law of economy which is to the effect that when productive energy is suddenly checked without a corresponding decrease in demand, that which exists is enhanced in value. That is a part of our system and until a change is made will continue to be the rule.

As we are proceeding at present, scarcity or prospective scarcity justifies advance in prices and to advance them is to yield to the mandate of economic law. Economic law teaches that in times of war or shortage it is error to encourage normal consumption, thus encouraging scarcity, perhaps famine. Hence to advance prices is the method of enforcing frugality and abstemiousness necessary to cover the interval of two periods of ample supply.

It is not argued in this instance that this rule applies to everything on which prices have been boosted. For example we can see no valid reason for advancing the cost of milk in eastern cities at the risk of great increase in infant mortality, when the supply had not been decreased through any cause. Especially is this true when it is learned from a New York paper that eastern stocks of preserved milk are greater than ever before known, and that in the event of a demand, these canned products would be the only ones sent abroad and that the normal output of the factories would preserve the balance for some time.

Another instance may be cited. Canteloupes, as we all know, are perishable fruit. If not sold quickly the dealer loses money. Immediately following the outbreak of hostilities, when merchant ships of all nations were skipping over the seas to avoid being picked up by scouting cruisers, and there was no chance to export canteloupes, the combine controlling the output doubled the price. The action was apparently inexcusable and taken only because the dealers in this fruit saw a chance to enhance prices because of a war.

But as a rule the advance in price is the result of condition. The entire world must pay the cost of the follies of war, if not directly, then indirectly, and while it may not be popular to explain the real reasons for this hoisting of prices on commodities that are a part of our every day life, it is a cold fact just the same and will remain a cold fact until other methods of trade and commerce are devised, and those methods appear to be very distant.

About the only thing that could happen to crowd the war news off the front page would be the Oakland team climbing out of the cellar.

CANADA IS BRITISH

Every man of standing in the United States knows today that the fate of the British Empire hangs in the balance. If war comes, we may be very sure that our splendid heritage from the empire builders of ten generations will not be worth many years' purchase, should the battle go against us. A defeat for the Triple Entente will mean the obliteration of France as a first class power, the paralysis of Russia, the bringing of the whole continent under the command of Berlin and the presentation to Britain of the alternative of making her immediate peace with that new Napoleon or feeling the full force of the armaments of Europe launched against her.—Montreal Star

FAME'S PATHWAY

The ascent of the famous peak known as the Moench, which rises 13,568 feet beside the Jungfrau, near Geneva, was accomplished under the most unfavorable conditions recently by Thomas W. Brady of Baltimore, who took with him two Grundelwald guides. This was the first ascent of the season and the climb occupied ten hours.

Mrs. John Astor gave a very smart dinner last week for Grand Duke Michael, Countess Torby and Violet de Trafford, the most beautiful girl of the year, one of the Venus de Milo type, who is inseparable from the Torbys. After dinner the party went to Lady Dudley's Eton-Harrow dance, given by the two schools after their annual cricket game. The Duchess of Roxburghe, the Countess of Granard, Princess Pless and Countess Torby enjoyed dancing with the schoolboys, while Grand Duke Michael monopolized Miss De Trafford.

Anthony J. Drexel, also of the Astor party, showed some perfect tango dancing acquired under the best masters in Europe.

BRITAIN'S CHANCE

A far from impetuous people, the Britons have undoubtedly girded up their loins for a tremendous fight. MEXICAN DIPLOMATS STRANDED ABROAD

ACCESSION OF CARRANZA IS CAUSE

480 Emissaries of the Nation Lose Positions When Government Changes.

MEXICO CITY, Aug 22—Four hundred and eighty diplomatic representatives of Mexico are without positions to-day, owing to the change of governments. This number includes Ricardo Huerta, in charge of the archives of the Mexican embassy at Washington, the minister to Germany and his staff the ministers to Argentina and Austria-Hungary, and many new consuls

Fernando Iglesias Calderon, who has been acting as agent for General Carranza in Washington has been recalled to take charge of the foreign office.

The stamp tax has been reduced 50 per cent from what it was under the Huerta administration

The war office last night announced that the revolution of the Twenty-ninth infantry at Puebla had been quelled and the command disarmed General Gonzales Luque and his officers are now under arrest there

General Obregon left last night for the state of Sonora.

PRIESTS ARE REFUGEES.

LAREDO, Tex. Aug 22—A party of thirty-five Roman Catholic priests who arrived here last night, told a story of indignities to which they claimed Mexicans subjected them at Queretaro They said they were forced to submit to various insults and physical indignities.

Men of French and Spanish nationalities make up the party, according to their spokesman who said they intended to sail for France.

OROSCO RUN DOWN.

CHIHUAHUA, Aug 22—Generals Pascual Orozco and Marcela Carvaso leaders of Federal volunteers are reported surrounded by Constitutionalist troops in Zacatecas state These commanders were chiefs of the Orozco revolution of [illegible] They refused to lay down their arms to the Constitutionalists and took to the hills last month with several hundred followers near San Luis Potosi. They declared they would never surrender to the Constitutionalists, who would certainly execute them

An attitude of watchful waiting is being maintained by Villa and his officers here. They say they are waiting to see if Carranza would act in 'good faith" regarding the Villa-Carranza differences

VICTIM OF ATTACK

Fair Chinese Matron May Die of Wounds Inflicted by Thug With Chisel.

SAN FRANCISCO, Aug. 22—Lying unconscious on a couch which was drenched with blood and with her head cut in a dozen places Mrs Hoc Shee, a Chinese beauty 24 years old, was found in her room at 823 Grant avenue, at 8 30 this morning The identity of her assailant is a mystery but the room bore evidences of a terrific struggle during which the unhappy victim fought desperately for her life. A Chinese merchant with whom she is acquainted, was awakened by the ringing of his telephone at 8 a. m

This is Mrs Hoo," said a faint voice over the wire. "Come quick."

There was a gasp and the man heard nothing more. Dressing hurriedly he rushed to the woman's apartment and found her. Policemen Brosnan and Curtin of the Chinatown squad were summoned and she was rushed to the Harbor Emergency Hospital where she is in a sinking condition.

The officers set themselves to trail the would-be murderer They found several clews to his identity On the floor lay a chisel bar with which the beating had been accomplished. It was blood stained and lay next a crimsoned shirt which evidently belonged to the woman's assailant. Chairs and tables were overturned. the carpet and walls were bespattered with blood and a trail led as far as the door showing that Hoo Shee had tried to get out after the first blows were struck.

The Chinese who received the message and whose name was not learned by the officers explained that he realized Mrs. Hoo was in great danger by the tone of her voice. He could not think what had happened but made haste to reach the scene. He could tell the police nothing as to the identity of her assailant and could shed no light as to her friends or acquaintances. From information received from other occupants in the Grant avenue house, it developed that a noise had been heard in the woman's room about 4 o'clock this morning It is possible that the assault occurred shortly after that hour and that the woman, regaining consciousness for a moment, telephoned her friend The would-be murderer evidently came to the apartment with the idea of slaying the woman and carried the chisel bar for that purpose. There was no attempt made at robbery as Hoo Shee's rings and other articles of jewelry were found with her vanity box in their accustomed place

The woman's husband is in Alaska and she has been living alone since his departure. She is of the Americanized type of Chinese woman and extremely pretty At the hospital it was found that the vicious stabs with the sharp ends of the bar had cut their way into the bone in several places. Her night clothing [illegible] and it is thought that she cannot recover

YOUTH HELD FOR MURDER INQUIRY

Sheriff Believes Prisoner Taken in Reno Is Important Witness.

Deputy Sheriff J. T. Collier returned today from Reno, Nev., with Emmett Coll, arrested there in connection with the murder of an unidentified youth near Livermore three weeks ago in custody Coll was wanted as an important witness in the case and he has given the authorities considerable information that will be valuable

Coll, who has been traveling with the 'Knights of the Road" for several years, was a member of the hobo camp near Livermore, where the murder was committed He said that he left Livermore about 6 o'clock the evening of the murder, catching a freight train to Niles He admitted that he had discarded his hat and coat and that a brakeman gave him another outfit. From Niles Coll said that he had gone to Lathrop and thence on to Reno, where his father lives. He was arrested there three days ago on information sent out by Sheriff Frank Barnet.

The youth gave no clear reason why he had thrown away his hat and coat, and Sheriff Barnet believes that he may know more about the murder than he has so far admitted. Coll served ninety day in the County Jail and was released last June.

The only information as to the identity of the murdered youth he could give is that he was known as 'Kansas City Kid." He said that jealousy among the tramps was probably the motive for the crime.

Gymnasium Course Has Most Popular of Substitutes

BERKELEY Aug 22—"Thirty Love" calls the tennis player and the teacher marks the study card "perfect.

That's the new way of studying in the Berkeley high school The course is "tennis,"—and perfection counts a credit, just as good as a credit in Euclid or German. A clever serve is as valuable to the student as a perfect translation of "Die Lorelai" To parry such a serve is as valuable on a study card as a full solution of a simultaneous equation Altogether the new course in tennis—with credits attached—is about as successful a course as there is in the school

The idea is a new one It was found that some of the girls through arrangement of their study cards could not well attend the gymnasium courses The tennis idea was hit upon by Principal Biedenbach. All special students have periods assigned for tennis. Winning a game means first mark. The marks are counted, and a credit given at the end of the term

"It's a great system," declares Miss May Dohrmann, one of the tennis students' We get full credit for our gym work—and it's more fun" Miss Lillian Hegerty, another high school tennis player, also has received credit for work in the "tennis course"

BOARD LAYS DOWN RULES OF APPEAL

Federal Reserve Body to Hear Cities Petitioning Against Selections.

WASHINGTON, Aug 22—Rules were laid down yesterday by the Federal Reserve Board for appeals from the decision of the reserve bank organization committee in the selection of twelve cities for reserve banks At the time the selections were announced Baltimore, New Orleans, Pittsburg and Omaha bankers expressed dissatisfaction with the committee's selections and formal appeals are expected from bankers in these cities

Under the rules there will be no testimony taken Petitions against the selections may be filed when signed by proper officers of a majority of member banks in the city asking for a hearing These petitions must be followed by briefs containing the grounds relied upon by the appellants All member banks in the city concerned are to be notified of such action and an opportunity given to file a brief in answer

Oral arguments by counsel will be [illegible] to each side

Where banks seek a change in the geographical limits of the reserve districts the petitions must be signed by proper officers of at least two-thirds of the member banks in the territory the petition asks to take out of one district and have annexed to another.

GERMAN PROFS ARE VEXED AT JOSH PAPER

And Everybody Knows Kaiser Is President Wheeler's Friend.

BERKELEY, Aug 22—The university campus is gasping today with surprise at the temerity of the editorial staff which issued the Pelican yesterday Several German professors, who hold their country's cause in esteem, are doing more than gasp They are saying things that would not tickle the ears of the student editors

For the whole issue, they consider, was an ill-timed slap at the German kaiser, the German people and the German arms.

"I don't suppose we shall do anything about it,' this morning declared Professor L. J Demeter of the German department, "but I must state that I consider the matter in this issue to have been in very poor taste"

The problem of most interest before the student editors and managers of the publication however, is what President Benjamin Ide Wheeler will say about the issue when he returns to this city He is at present in the South, where he went to deliver an address before state normal school graduates He is expected back the first of the week. President Wheeler's personal friendliness with the Emperor, who has several times received him warmly at Berlin and discussed with him matters of importance, is well known In view of it the campus feels that President Wheeler will not be satisfied with the jesting at his friend.

The magazine as it appeared yesterday was termed the "war issue," and war is featured pretty much throughout. But there is no criticism of the countries of the triple alliance, and even Austria escapes the fate of her partner of the dual alliance But Germany and the Kaiser receives plenty of stings to make up for the rest.

SOME EXAMPLES

"Soak der Kaiser' is suggested by one wit as a new toast to take the place of the patriotic, "Hoch der Kaiser" Ringling Brothers are quoted by another as wiring to Europe

"Save us two Germans. Price no consideration"

Worst of all from the point of view of the German professors is a full page cartoon representing the German emperor in front of a mirror He is armed with a blacksnake, but the mirror returns to him an image of grandeur and mightiness. Beneath are Robert Burns well known lines

'Oh, wad some power the giftie gie us
"To see oorselves as ithers see us.

Another full-page cartoon of the emperor depicts him warming his hands over a fire, the fuel of which is a pile of skulls. Beneath is his own statement

"I have entered upon this war with a clear conscience and with clean hands."

Although none of the German professors was willing this morning to discuss at any length their opinions of the magazine, it was evident that they were anything but pleased. Professor Demeter declared that he did not believe action would be taken by the department with regard to the magazine or by the individuals thereof.

"It really is not of much importance what is said in such a publication," he explained this morning "I don't believe there will be anything done about it Personally, I do not hesitate to say that I consider the objectionable matter therein to have been published in very bad taste and I am surprised at its appearance. *But I do not think it is* important enough to justify us in filing a protest"

CANDIDACY OF JUSTICE ANGELLOTTI ENDORSED

Prominent Women of Alameda County Declare in Favor of the Noted Jurist

To the Voters of Alameda County: We, the undersigned electors of Alameda county earnestly endorse the candidacy of Justice Frank M Angellotti for the office of Chief Justice of the Supreme Court of California.

Your consideration of the matters stated herein is respectfully asked

For twenty-four years Justice Frank M. Angellotti has served the people faithfully and efficiently as a judge, twelve years upon the superior court bench of his native county, Marin, and the last twelve years upon the supreme bench

His term expiring this year, he is a candidate for re-election to the Supreme Court as chief justice.

It is universally conceded that he is a most satisfactory member of our highest court. He has been tried and has not been found wanting in any respect.

His industry his impartiality and freedom from any improper influence and his capability, are acknowledged by all. He has what no other candidate for the office possesses, the experience resulting from being for twelve years a member of the same court. No other candidate has ever been a member of any apellate court For this place he is the logical successor to Chief Justice Beatty, who has endorsed his candidacy In view of the long experience as a member of the Supreme Court, it is generally felt by those having knowledge of the facts, that he is the best fitted of all the candidates for this, the highest and most important judicial office in the state His candidacy has been very generally endorsed by the lawyers of the state regardless of party or faction.

The question presented to each voter in this matter is whether a judge who has always rendered faithful and efficient service, and who by his work has given every promise of greater usefulness, should be continued upon the bench

Justice Angellotti was born and has always lived in California He is a graduate of Hastings College of Law, University of California. He is 52 years of age Both in public and private life he has always been above reproach.

In the interest of good government and as a reward for faithful and efficient service we ask you to give your vote and influence in favor of the re-election of Justice Angellotti in the Supreme Court as chief justice.

FAMOUS STOCK TO COMPETE AT FAIR

Prize Horses of California Breeders Entered at Sacramento.

SACRAMENTO. Aug 22.—In various parts of the world there are communities that have gained fame as the producers of the most perfect pure bred live stock. If California farmers had the opportunity of traveling to distant lands they might come upon these famous districts, where the most noted blood lines of some of the famous breeds of live stock are so highly developed.

There is the famous district of La Perche, in France, where the massive, powerful, intelligent, Percheron horses are bred. There is that district in Belgium where the Belgian draft horse so ideal in conformation, has been developed There are districts in England where climate and soil and years of intelligent breeding have brought forth special breeds of live stock which have proven a blessing to mankind On the Island of Guernsey a breed of dairy cattle has been developed through centuries of patient selection and study and which are marvelous in their power of milk production The same is true of the Jersey Isle and a traveler could find many such districts

All of these breeds of horses and cattle will be brought to the very door of the California farmer by the state Fair in September, *which is the mecca for all* the greatest live stock exhibitors in California.

The Scriptural beast of burden the patient ass, will constitute a feature, as the entries so far listed are greatest in number in the history of the Fair The number of mules in California are increasing by leaps and bounds and the statisticians who on the introduction of automobiles, figured out the early disappearance of horses, might now prove anew poor old Dobbin's fate in the increase of mules But there is one circumstance preventing the statisticians' theory being realized

FEAR FILIPINOS ABDUCTED GIRL

Search Is Instituted for Mary Piver, Aged 14, Who Disappeared From Home.

Mary Piver, 14 years of age, has disappeared from her home, [illegible] Fourth street, and the fear is expressed that she may have been induced to run away from home by a Filipino with whom she was seen talking Thursday, the day of her disappearance. The police were today asked by Mrs Captilina Piver, mother of the girl, to assist in the search that has been instituted for her.

Mrs. Piver informed the police that the girl was not of a wayward disposition, and she fears that she has fallen into the hands of somebody who may be detaining the girl by force, or that the girl has met with some mishap.

The girl is described as a pretty brunette, somewhat short and stout for her age but well developed She wore a pink dress a blue ribbon in her hair and no hat. The police of San Francisco have also been asked to aid in the search.

The disappearance of J S Munsell, 1121 Oak street, was reported to the police today Munsell, who was an agent for the San Francisco office of the West Coast Life Insurance Company is said to have had business difficulties He disappeared Thursday Munsell was 50 years of age, 5 feet 10 inches in height, weighed 210 pounds, and when last seen was well dressed

date of maturity of such bonds and it shall be the duty of the state treasurer to pay the same when the same falls due. On the first Monday in July of each year, after the sale of any of the bonds as in this act provided the state controller and state treasurer are hereby authorized and directed to transfer the moneys hereby appropriated for the payment of the principal of said bonds to the said state buildings sinking and interest fund. The moneys so transferred to the said state buildings sinking and interest fund for the payment of the principal of said bonds, shall be invested from time to time by the state treasurer in United States or state bonds. All interest payable on such bonds so invested shall be paid into the said state buildings sinking and interest fund and be applied and held for the payment of the principal of said bonds or reinvested in other bonds for the payment of such principal, as herein provided.

The principal of all of said bonds sold shall be paid at the time the same becomes due, from the "state buildings sinking and interest fund" and the interest on all bonds sold shall be paid at the time said interest becomes due from said fund and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon.

The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the mat- [illegible] times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. When the bonds provided for by this act are redeemed, the state treasurer shall mark the same canceled, and shall, in the presence of the governor destroy the same by burning the said bonds.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1914, as to all its provisions excepting those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall go into effect ninety days after the final adjournment of the session of the legislature passing the same.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, nineteen hundred and fourteen, and all ballots at said election shall have printed thereon the words "For the state's buildings bonds" and such other designation as may be necessary to properly identify this act. In a square immediately below the square containing said words there shall be printed on said ballot the words "Against the state buildings bonds." Opposite the words "For the state buildings bonds" and "Against the state buildings bonds," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against this act, and those voting for said act shall do so by placing a cross opposite the words "For the state buildings bonds" and those voting against said act shall do so by placing a cross opposite the words "Against the state buildings bonds." The governor of this state shall include the submission of this act to the people as aforesaid. In his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rule as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if the majority of the votes cast aforesaid are against this act then the same shall be and become void.

San Francisco State Building Act.

An act to provide for the issuance and sale of state bonds to create a fund for the construction, erection, equipment, completion and furnishing of a state building or buildings upon a lot of land in the city and county of San Francisco, to be used by the officers and departments of the state which are located in said city and county of San Francisco, which lot of land has been secured from the city and county of San Francisco in exchange for the lot heretofore purchased by the state for said purposes; and to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; and making an appropriation of one thousand dollars for the printing and sale of said bonds; and providing for the submission of this act to the vote of the people.

The people of the State of California do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the commission for the construction, erection, equipment, completion and furnishing of a state building or buildings in the city and county of San Francisco as provided in an act entitled "An act to provide for the construction, erection, equipment and furnishing of a building or buildings in the city and county of San Francisco and for the improvement of the grounds thereof for the use and occupancy of the officers and departments of the state government of the State of California located in said city and county of San Francisco, and repealing other acts in conflict herewith," the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare one thousand suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from one to one thousand, inclusive, and to bear the date of the second day of July, 1915; the whole issue of said bonds shall not exceed the sum of one million dollars and the said bonds shall bear interest at the rate of four per cent per annum from the time of the issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value and they shall be payable at the office of the state treasurer at the times and in the manner following, to wit: The first twenty of said bonds shall be due and payable on the second day of July, 1916, and twenty of said bonds, in consecutive numerical order, shall be due and payable on the second day of July in each and every year thereafter until and including the second day of July, 1965. The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January and on the second day of July of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, 1916, on so many of said bonds as may have been theretofore sold. The state treasurer shall, on the second day of July, A. D. 1965, call in, cancel and destroy all bonds not theretofore sold and issued at the date of the maturity thereof. All bonds issued shall be signed by the governor and countersigned by the state controller and shall be endorsed by the state treasurer and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, 1915, and each shall have the seal of the State of California stamped thereon. The said bonds so signed, countersigned, endorsed and sealed, as herein provided for, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the persons so signing, countersigning or endorsing, or any of them, shall cease to be the incumbents of said office or offices.

Sec. 2. Interest coupons shall be attached to each of said bonds so that such coupons may be detached without injury [illegible] pons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds, and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expenses that may be incurred by the state treasurer in the printing and sale of said bonds. Said amount shall be paid out of the general fund on the state controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash, in such parcels and numbers as said state treasurer shall determine; but said treasurer must reject any and all bids for said bonds or for any of them, which shall be below the par value of said bonds so offered for sale, and he may by public announcement at the place and time fixed for the sale, for good and sufficient cause, continue such sale as to the whole of the bonds offered or any part thereof offered, to such time and place as he may select, not exceeding, however, sixty days. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The cost of such publication shall be paid out of the general fund of the state on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury and must be by him kept in a separate fund to be known and designated as the "San Francisco state building fund" and must be used exclusively for the construction, erection, equipment, completion and [illegible] ings in the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn and paid for other state work under the control of the said department of engineering.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco state building sinking fund," shall be and the same is hereby created as follows: The state treasurer shall, on the second day of January and on the second day of July, commencing on the second day of January, 1916, and thereafter on the second day of July and the second day of January of each and every year thereafter in which a portion of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state treasury to the said "San Francisco state building sinking fund" such an amount of the moneys appropriated by this act as may be required to pay the principal and interest of the bonds so becoming due and payable in such years. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable. There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

Sec. 6. The principal on all of said bonds sold shall be paid at the time the same becomes due from the said San Francisco state building sinking fund and the interest on all bonds sold shall be paid at the time said interest becomes due from said sinking fund. Both principal and interest shall be so paid upon warrants duly drawn by the controller of the state upon demands audited by the state board of control and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon.

Sec. 7. The state controller and the state treasurer shall keep full and particular account and record of all of their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 8. This act, if adopted by the people, shall take effect on the first day of December, 1914, as to all its provisions, excepting those relating to and necessary for its submission to the people and for the returning, canvassing and proclaiming the votes, and as to the said excepted provisions, this act shall take effect ninety days after the final adjournment of this session of the legislature.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, A. D. 1914, and all ballots at said election shall have printed thereon the words "For the San Francisco state building act" and in the same square, under said words, the following in brevier type: "This act provides for the issuance and sale of state bonds to create a fund for the construction, erection, equipment, completion and furnishing of a state building or buildings upon a lot of land in the city and county of San Francisco, to be used by the officers and departments of the state which are located in said city and county of San Francisco." In the square immediately below the square containing said words there shall be printed on said ballot the words "Against the San Francisco state building act" and immediately below said words "Against the San Francisco state building act," in brevier type, shall be printed "This act provides for the issuance and sale of state bonds to create a fund for the construction, erection, equipment, completion and furnishing of a state building or buildings upon a lot of land in the city and county of San Francisco, to be used by the officers and departments of the state which are located in said city and county of San Francisco." Opposite the words "For the San Francisco state building act" and "Against the San Francisco state building act" there shall be left spaces in which the voters may stamp a cross indicating whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco state building act," and those voting against said act shall do so by placing a cross opposite the words "Against the San Francisco state building act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The vote cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election, as aforesaid, then the same shall have effect as hereinabove provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast, as aforesaid, are against this act, then the same shall be and become void.

Sec. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and fourteen; the costs of publication shall be paid out of the general fund on controller's warrants, duly drawn for that purpose.

Sec. 12. This act shall be known and cited as the "San Francisco state building act."

Sec. 13. All acts and parts of acts in conflict with the provisions of this act

State Fair Grounds Bonds.

An act to provide for the issuance and sale of state bonds to be known as "state fair grounds bonds," to provide a fund for the acquirement of additional land for the enlargement and extension of the state fair grounds in the city of Sacramento, the erection of additions to buildings now existing on said grounds, the erection of new buildings thereon, the equipping of said buildings and the general improvement and beautification of said state fair grounds as a complete plant for the exhibition and exploitation of the resources and products of the state; appropriating the proceeds thereof for said purposes and providing for the manner in which the same shall be expended; creating a sinking and interest fund for the payment of interest on said bonds and the redemption thereof, making an appropriation therefor and providing for the collection of revenue for such purposes; making an appropriation for the expense of preparing such bonds and providing for the submission of this act to a vote of the people.

The people of the State of California do enact as follows:

Section 1. For the purpose of creating and providing a fund for the indebtedness hereby authorized to be incurred, as hereinafter provided, the state treasurer shall immediately after the issuance of the proclamation of the governor, provided for in section ten hereof prepare one thousand five hundred suitable bonds of the State of California, in the denomination of five hundred dollars each. The whole issue of said bonds shall not exceed the sum of seven hundred and fifty thousand dollars, and said bonds shall bear interest at the rate of four per centum per annum from the date of issuance thereof, and both principal and interest shall be payable in good coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of fifty years from their date. Said bonds shall bear date the second day of July, 1915, and shall be payable on the second day of July, 1965. The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January and on the second day of July of each year after the sale of the same. At the expiration of fifty years from the date of said bonds all bonds sold shall cease to bear interest and the state treasurer shall call in, forthwith pay and cancel the same out of the moneys in the sinking and interest fund provided for in this act. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and the said bonds shall be so signed, countersigned, and endorsed by the officers who are in office on the second day of July, 1915, and each of said bonds shall have the seal of the state impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided when sold shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person signing, countersigning and endorsing, or any or either of them, shall have ceased to be the incumbents of such office or offices.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said bonds shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1915. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

Sec. 3. The sum of two thousand five hundred dollars, or so much thereof as may be necessary, is hereby appropriated out of any moneys in the state treasury not otherwise appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash in such parcels and numbers as shall be directed by the governor of the state; but the state treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date and he may, by public announcement, at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. When a sale is continued, as hereinabove provided, no notice need be given other than the public announcement of the continuance, as hereinabove provided. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured before the date fixed for such sale. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for the state treasurer must give such further notice as he may deem advisable, but the expenses and costs of such additional notice shall not exceed five hundred dollars for each sale so advertised. The costs of such publications shall be paid out of any moneys in the state treasury not otherwise appropriated on controller's warrants duly drawn for such purpose. The proceeds of the sale of such bonds, except such amount as may have been paid as accrued interest thereon, shall be forthwith paid over by said treasurer into the state treasury, and must be by him kept in a separate fund, to be known and designated as the "state fair grounds fund," which fund is hereby established. Any and all sums which may have been paid as accrued interest shall be forthwith paid over by said treasurer into the state treasury, and must be by him kept in a separate fund to be known and designated as the "state fair grounds sinking and interest fund," which fund is hereby established.

Sec. 5. Any and all moneys derived from the sale of the bonds provided for in this act are hereby appropriated and shall be used exclusively for the following purpose, to wit: For the acquiring of additional land for the enlargement and extension of the state fair grounds in the city of Sacramento, the erection of additions to buildings now existing on said grounds, the erection of new buildings on said grounds, the equipping of said buildings and the general improvement and beautification of said state fair grounds as a complete plant for the exhibition and exploitation of the resources and products of this state. The funds herein appropriated shall be expended under the direction and control of the state board of agriculture; provided, that the plans and specifications for the erection of additions to existing buildings and for the erection of new buildings and for the improvement and beautification of said state fair grounds shall be prepared by the state department of engineering subject to the approval of the state board of agriculture, and all work at said state fair grounds to be paid for from the funds created by this act shall be carried out in accordance with the general law governing the construction and prosecution of all public work for the State of California.

Sec. 6. There is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, the sum of twelve thousand five hundred dollars annually, to pay the principal of the bonds issued and sold pursuant to the provisions of this act. Said annual appropriation to continue until the same, together with the accrued interest on the investment thereof, shall be sufficient to pay the principal of said bonds at the maturity thereof. There is also hereby appropriated out of any moneys in the state treasury not otherwise appropriated, such sum annually as will be necessary to pay the interest on the bonds issued and sold pursuant to the provisions of this act. There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the other revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided and it is hereby made [illegible] with any duty in regard to the collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum. On the 2d day of January and on the 2d day of July of each year, after the sale of any bonds as herein provided for, the state treasurer and state controller shall transfer from the moneys hereby appropriated to the state fair grounds sinking and interest fund, a sufficient sum of money to pay all interest due and payable on any bonds sold, and said transfer shall continue to be so made up to the date of maturity of such bonds and it shall be the duty of the state treasury to pay the same when the same shall fall due. On the first Monday in July of each year, after the sale of any of the bonds as in this act provided, the state controller and the state treasurer are hereby authorized and directed to transfer the moneys hereby appropriated for the payment of the principal of said bonds to the said state fair grounds sinking and interest fund. The moneys so transferred to the said state fair grounds sinking and interest fund for the payment of the principal of said bonds, shall be invested from time to time by the state treasurer in United States, state, county, city and county, municipal or school district bonds issued in the State of California, and such other bonds as are now or may hereafter be authorized by law. All interest payable on such bonds so invested shall be paid into the said state fair grounds sinking and interest fund and be applied and held for the payment of the principal of said bonds or reinvested in other bonds for the payment of such principal, as herein provided. The principal of all said bonds sold shall be paid at the time the same becomes due, from the state fair grounds sinking and interest fund and the interest on all bonds sold shall be paid at the time said interest becomes due from said fund and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the gov- [illegible] thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. When the bonds provided for this act are redeemed, the state treasurer shall mark the same canceled, and shall, in the presence of the governor destroy the same by burning the said bonds.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1914, as to all its provisions excepting those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall go into effect ninety days after the final adjournment of the session of the legislature passing the same.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, nineteen hundred and fourteen, and all ballots at said election shall have printed thereon the words "For the state fair grounds bonds" and such other designation as may be necessary to properly identify this act. In a square immediately below the square containing said words there shall be printed on said ballot the words "Against the state fair grounds bonds." Opposite the words "For the state fair grounds bonds" and "Against the state fair grounds bonds," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against this act, and those voting for said act shall do so by placing a cross opposite the words "For the state fair grounds bonds" and those voting against said act shall do so by placing a cross opposite the words "Against the state fair grounds bonds." The governor of this state shall include the submission of this act to the people as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rule as votes cast for state officers; and if it appears that said act shall have received a majority of all of the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if the majority of the votes cast aforesaid are against this act then the same shall be and become void.

San Francisco Harbor Improvement Act of 1913.

An act to provide for the issuance and sale of state bonds to create a fund for the improvement of San Francisco Harbor by the construction by the Board of State Harbor Commissioners of wharves, piers, state railroad, spurs, betterments, and appurtenances, and necessary dredging and filling in connection therewith in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; to define the duties of state officers in relation thereto; to make an appropriation of five thousand dollars for the expense of printing said bonds; and to provide for the submission of this act to a vote of the people.

The people of the State of California do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco, at a cost not to exceed ten million dollars (which said wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith the board of state harbor commissioners are hereby empowered to construct and do in the manner authorized by law, and at a cost not to exceed ten million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare ten thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of ten million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at such place in the United States as may be designated in the bonds (full authority to designate such place being hereby conferred on the governor who shall sign said bonds), at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of July, A. D. nineteen hundred and fifteen, and shall be made payable on the second day of July, nineteen hundred and eighty-nine. The interest accruing on such of said bonds as are sold shall be due and payable at the place designated in said bonds as aforesaid, on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of July, nineteen hundred and sixteen, on so many of said bonds as may have been theretofore sold. At the expiration of seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the third San Francisco seawall sinking fund provided for in this act, and he shall on the first Monday of July, nineteen hundred and eighty-nine, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, 1915, and each of said bonds shall have the seal of the state stamped thereon. The said bonds signed, countersigned and endorsed and sealed as herein provided when sold shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person signing, countersigning and endorsing, or any or either of them, shall have ceased to be the incumbent of such office or offices. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and fifty-four.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1915. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been by the purchaser of said bond, paid to the state at the time of such sale.

Sec. 3. The sum of five thousand dollars is hereby appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners, and approved by either the governor of the state or mayor of the city and county of San Francisco, who shall only approve the same when in their judgment the actual harbor receipts, and those reasonably anticipated, will justify such sale of bonds and the consequent increased burden on harbor receipts; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which [illegible] sale and the last preceding interest maturity date; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof, offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The cost of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for the purpose. The proceeds of the sale of such bonds except such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "third San Francisco seawall fund" and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith on the waterfront of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund. The amount that shall have been paid at the sale of said bonds as accrued interest on the bonds sold shall be, by the state treasurer, immediately after such sale, paid into the treasury of the state and placed in the "third San Francisco seawall sinking fund."

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "third San Francisco seawall sinking fund," shall be, and the same is hereby created, as follows:, to wit: The state treasurer, after the second day of July, nineteen hundred and thirty-three, shall on the first day of each and every month thereafter, after the sale of such bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time in months, the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the third San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of the bonds of the United States, or of the State of California, including any bonds authorized, issued and theretofore sold under authority of this act or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled, but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. The state treasurer may only purchase such bonds authorized and issued under authority of this act with moneys in said sinking fund as have been theretofore sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of May, in the year nineteen hundred and fifty-five and between the first and tenth day of May of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of June following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of July, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and fifty-five, the said treasurer shall in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. In the event that the state treasurer employs moneys in said sinking fund in the purchase of any bonds authorized, issued and theretofore sold under authority of this act, than at the time in this section provided for the drawing of bonds by lot, and immediately preceding such drawing the state treasurer shall retire and cancel any bonds in said sinking fund authorized, issued and sold under authority of this act, and the amount in said sinking fund remaining at the time shall constitute the amount for the purposes of such drawing. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, except bonds authorized, issued and sold under authority of this act, at governing market rates after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, nineteen hundred and fourteen, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect ninety days after the final adjournment of the session of the legislature passing this act.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, nineteen hundred and fourteen, and all ballots at said election shall have printed thereon and at the end thereof the words "For the San Francisco harbor improvement act of 1913," and in the same square under said words the following, in brevier type: "This act provides for the improvement of San Francisco harbor and for the payment of all costs thereof out of San Francisco harbor improvement fund." In the square immediately below the square containing said words, there shall be printed on said ballot the words: "Against the San Francisco harbor improvement act of 1913," and immediately below said words "Against the San Francisco harbor improvement act of 1913" in brevier type shall be printed "This act provides for the improvement of San Francisco harbor and for the payment of all costs thereof out of the San Francisco harbor improvement fund." Opposite the words, "For the San Francisco harbor improvement act of 1913" and "Against the San Francisco harbor improvement act of 1913," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco harbor improvement act of 1913," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco harbor improvement act of 1913." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, nineteen hundred and fourteen, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.

Sec. 12. This act may be known and cited as the "San Francisco harbor improvement act of 1913."

Sec. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Los Angeles State Building Bonds.

Initiative Measure to be submitted directly to the electors.

An act to provide for the selection, location, purchase or acquisition of a site for a state building in the city of Los Angeles; to provide for the construction, equipment and furnishing of a state building thereon, and for the improvement of said site; to prescribe the use or occupancy of said building; creating a commission to locate and acquire said site and to construct said building, with power to determine the respective amounts to be paid for said site, for the improvement thereof, for the construction of said building and for furnishing or equipping the same, providing for the issuance and sale of state bonds to be known as "Los Angeles state building bonds," to provide a fund therefor; establishing said fund, appropriating the proceeds thereof for said purpose and directing the manner in which the same shall be expended; creating a sinking fund for the payment of said bonds and interest thereon; making an appropriation therefor, defining the duties of state officers in relation thereto, and providing for the collection of revenue for said purpose; making an appropriation of two thousand five hundred dollars for the expense of preparation of said bonds and providing for the submission of this proposed act directly to the electors as an initiative measure at the next general election.

The people of the State of California do enact as follows:

Section 1. For the purpose of creating and providing a fund for the payment of the indebtedness hereby authorized to be incurred as hereinafter provided, the state treasurer shall, immediately after the taking effect of this act, if the same be approved by a majority of the electors voting thereon, as evidenced by the official declaration by the secretary of state showing the result of the election had thereon, prepare two thousand five hundred suitable bonds of the State of California in the denomination of five hundred dollars each, to be numbered from one to twenty-five hundred inclusive and to bear date the second day of July, 1915; the total issue of said bonds shall not exceed the sum of one million two hundred fifty thousand dollars and said bonds shall bear interest at the rate of four per cent per annum from the date of issuance thereof, to be evidenced by coupons attached thereto, as hereinafter provided, and both principal and interest shall be payable in gold coin of the present standard of value at the office of the state treasurer upon the presentation and surrender for cancellation of said bonds and interest coupons, as they respectively become due and payable and at the times and in the manner following, to-wit: The first fifty of said bonds shall be due and payable on the second day of July, 1916, and fifty of said bonds in consecutive numerical order shall be due and payable on the second day of July in each and every year thereafter until and including the second day of July, 1965. The interest accruing on all of said bonds that shall be sold shall be due and payable at the office of the state treasurer on the second day of January and on the second day of July of each and every year after the sale of the same, until the maturity of said bonds, provided that the first payment of interest shall be made on the second day of January, 1916, on so many of said bonds as shall have been theretofore sold. Interest on all bonds issued and sold shall cease on the day of their maturity and the said bonds so issued and sold shall, on the day of their maturity, be paid as herein provided and canceled by the state treasurer. All bonds remaining unsold shall, at the date of the maturity thereof, be by the state treasurer canceled and destroyed. A permanent record shall be kept by the state treasurer of the payment and redemption of all bonds so sold and also of the destruction of any such unsold bonds. All bonds issued pursuant to the provisions of this act shall be signed by the governor of the state, countersigned by the state controller and endorsed by the state treasurer and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, 1915, and each shall have the great seal of the State of California impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof or the sale of a portion thereof be made at a date or dates after the persons so signing, countersigning and endorsing or either of them shall have ceased to be incumbents of said office or offices.

Sec. 2. Interest coupons shall be attached to each of said bonds so that said coupons may be detached without injury to or mutilation of said bond. Said coupons shall be consecutively numbered and shall bear the lithographed signature of the state treasurer who shall be in office the second day of July, 1915. All such interest coupons shall, upon payment thereof, be canceled by the state treasurer. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the day of sale thereof, unless such accrued interest shall have been by the purchaser of said bond paid to the state at the time of such sale.

Sec. 3. The sum of twenty-five hundred dollars or so much thereof as may be necessary is hereby appropriated out of any moneys in the state treasury, not otherwise appropriated, to pay the expense that may be incurred by the state treasurer in the preparation of said bonds.

Sec. 4. When the bonds authorized to be issued under this act shall have been duly executed, as in section one provided, they shall be sold by the state treasurer to the highest bidder for cash in such parcels and numbers as shall be directed by the governor of the state, but the state treasurer must reject any and all bids for said bonds or for any of them [illegible] par value of said bonds so offered for sale plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date, and he may, by public announcement, at the time and place fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may then designate. When a sale is continued as hereinabove provided no notice thereof need be given other than the public announcement of such continuance. Before offering any of said bonds for sale, said treasurer shall detach therefrom and cancel all coupons which have matured or will mature prior to the date fixed for such sale. The state treasurer shall give notice of the time and place fixed for the sale of any of said bonds by publication in one newspaper published in the city and county of San Francisco and in one newspaper published in the city of Los Angeles and in one newspaper published in the city of Sacramento, once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed five hundred dollars for each sale so advertised. The cost of such publications and notice shall be paid out of any moneys in the state treasury not otherwise appropriated on controller's warrants duly drawn for said purpose. The proceeds of the sale of such bonds, except such amount as may have been paid as accrued interest thereon, shall be forthwith paid by said treasurer into the state treasury and must be by him kept in a separate fund, to be known and designated as "Los Angeles state building fund," which fund is hereby established. The amount that shall have been paid as accrued interest shall be forthwith paid by said treasurer into the state treasury, and must be by him kept in a separate fund to be known and designated as "Los Angeles state building sinking fund," hereinafter provided for.

Sec. 5. The amount placed in the Los Angeles state building fund pursuant to the provisions of section four of this act is hereby appropriated and shall be used exclusively for the following purpose, to-wit:

The selection, purchase or acquisition of a site for a state building in the city of Los Angeles, the improvement thereof and the construction, equipment and furnishing of a state building thereon. A commission is hereby created to consist of the governor of the state, the president of the state railroad commission and the presiding judge of the district court of appeals in the second appellate district, who shall constitute a commission to locate and acquire said site and to construct said building, with power to determine the respective amounts of said appropriation to be paid for said site, for the improvement thereof, for the construction of said building and for furnishing or equipping the same. Such commission shall receive no compensation for services, but necessary traveling expenses of the members thereof shall be paid out of the moneys herein appropriated. Immediately after the taking effect of this act, said commission shall proceed to select, locate, purchase or acquire a suitable site in said city of Los Angeles for the erection thereon of a state building for the use and occupancy of such officers, departments, boards or commissions of the state as now are or hereafter may be authorized or required by law to maintain offices or departments in said city of Los Angeles. Said commission shall have the power to receive in the name of the State of California gifts or donations of any such site or toward the purchase thereof, together with any and all appurtenances connected therewith. Title to any property so purchased or acquired shall be taken in the name of the State of California. When said commission shall have selected said site and determined the amount to be paid therefor, if the same is to be purchased, such commission shall present a claim therefor to the state board of control and upon the approval thereof the state controller shall draw a warrant for the amount thereof, payable out of the sum hereby appropriated in favor of the owner or owners of such property selected and agreed to be purchased as herein provided, such warrant or warrants when drawn to be delivered to such commission and the same shall be used for the purchase of such site, taking a deed therefor to the State of California, said deed to be delivered to the secretary of state of the State of California and to be placed of record in the office of the recorder of the county of Los Angeles and thereafter filed in the office of the secretary of state.

Immediately after the acquisition of such site said commission shall provide for the construction of a state building thereon adequate for said purpose and shall have power to expend the funds available therefor under this act, provided that the plans and specifications for the erection of such building and for the improvement of said ground shall be prepared by the state department of engineering and all work involved in such construction or improvement to be paid for from funds created by this act shall be carried out in accordance with the general law governing the construction and prosecution of all public work for the State of California.

After the purchase or acquisition of said property and its improvement and the construction and furnishing or equipment of the building thereon has been completed as herein provided, the management and control of the same shall vest in the official upon whom said duties are imposed by law and the legislature shall, from time to time, make suitable provisions therefor.

Sec. 6. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as "Los Angeles state building sinking fund," shall be and the same is hereby established and shall be constituted as follows: The state treasurer, on the second day of January and on the second day of July, commencing on the second day in January, 1916, and thereafter on the second day of July and the second day of January of each and every year in which a portion of the bonds sold pursuant to the provisions of this act or any interest thereon shall become due, shall transfer from the general fund of the state treasury to said "Los Angeles state building sinking fund" such an amount of the moneys appropriated by this act as may be required to pay the principal and interest of the bonds so becoming due and payable at each of such respective dates. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this act as [illegible] become due and payable. There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum.

Sec. 7. The principal of all of said bonds sold shall be paid at the time the same becomes due from the said "Los Angeles state building sinking fund" and the interest on all of said bonds sold shall be paid from said sinking fund at the time said interest becomes due; and the faith and credit of the State of California are hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon.

Sec. 8. The state controller and the state treasurer shall keep full and particular account and record of all of their proceedings under this act, and shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of the governor, the attorney general, a committee of either branch of the legislature, a joint committee of both, any person interested or any citizen of the state.

Sec. 9. This act, if approved and adopted by a majority vote of the electors voting thereon at the general election to be held in November, 1914, shall take effect five days after the date of the official declaration of such vote by the secretary of state as to all its provisions, except those relating to and necessary for its submission to the electors and for returning, canvassing and the issuance of the official declaration of such vote and as to said excepted provisions this act shall take effect in accordance with the provisions of the constitution and laws of the state relative to initiative measures to be submitted directly to the electors.

Sec. 10. This act shall be submitted to the electors of the state of California for their adoption or rejection by them at the next general election to be holden in the month of November, 1914, and all ballots at said election shall have printed thereon in the manner required by law such ballot title or designation of this act as has been prepared in accordance with law and opposite such designation or proposition to be voted on in separate lines the words "YES" and "NO" shall be printed. If an elector shall stamp a cross (X) in the voting square after the printed word "YES" his vote shall be counted in favor of the adoption of this act. If he shall stamp a cross (X) in the voting square after the printed word "NO" his vote shall be counted against the adoption of this act. The governor of the state shall include the submission of this act to the electors as aforesaid in his proclamation calling said general election.

Sec. 11. The votes cast for or against the adoption of this act shall be counted, returned, canvassed and declared in the same manner and subject to the same rule as those cast for state officers; and if it appear therefrom that this act shall have received a majority of all the votes cast upon the question of its adoption as aforesaid and that a majority of the qualified electors voting thereon approve said act, then the same shall take effect as hereinbefore provided, but if a majority of the votes cast as aforesaid are against the adoption of this act, then the same shall be and remain void. The secretary of state shall in accordance with the provisions of the constitution and law make official declaration of the vote thereon and of the result of said election upon the question of the adoption of this act.

Sec. 12. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county or city and county, if one be published therein, throughout the state for three months next preceding the general election to be holden in the month of November, 1914; the cost of publication shall be paid out of the general fund on controller's warrants duly drawn for that purpose.

Sec. 13. This act shall be known and may be cited as "Los Angeles state building act" and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged in full, but the legislature may, notwithstanding that it is an initiative measure, amend said act in furtherance of its purpose and the legislature may also repeal said act at any time after its adoption if no debts shall have been contracted in pursuance thereof.

State University Building Bonds.

Initiative Measure to be submitted directly to the electors.

An act authorizing the construction of the unfinished portion of the library building of the University of California, and the construction of a building for general use as a recitation building, of a building for the use of the college of agriculture, and of a building for the use of the college of natural sciences as a chemistry building, upon the grounds of said University of California at Berkeley; providing for the issuance and sale of State bonds to meet the cost of the foregoing purposes; and providing the necessary moneys for the payment of the principal and interest to become due on said bonds.

The people of the State of California do enact as follows:

Section 1. The regents of the University of California are hereby authorized to complete the construction of the library building of the University of California, and also to construct a building for general use by said university as a recitation building, a building for the use of the college of agriculture of said university, and a building for the use of the college of natural sciences of said university as a chemistry building, all on the grounds of said university in the city of Berkeley. For the purpose of meeting the cost of such construction, the State of California is hereby authorized to, and shall, incur an indebtedness in the manner provided by this act, in the sum of one million eight hundred thousand dollars ($1,800,000).

Immediately upon the taking effect of this act the treasurer of the state shall prepare eighteen hundred (1800) suitable bonds of the State of California, negotiable in form and payable to bearer, and expressing on their face the obligation of the State of California to pay, in gold coin of the United States, the principal amount thereof at the respective dates of maturity hereinafter specified, together with interest, as hereinafter specified, in the denomination of one thousand dollars ($1000) each. Said bonds shall be numbered consecutively from one (1) to eighteen hundred (1800) inclusive, and shall bear date the fifth day of January, 1915. The total issue of such bonds shall not exceed the principal sum of one million eight hundred thousand dollars ($1,800,000), and such bonds shall bear interest at the rate of four and one-half per cent (4½%) per annum upon the principal from the date thereof. The said bonds and the interest thereon shall be payable in gold coin of the United States at the office of the treasurer of the state, at the times and in the manner following, to wit: The first forty (40) of said bonds shall be due and payable on the fifth day of January, 1921, and forty (40) of said bonds in consecutive numerical order shall be due and payable on the fifth day of January in each and every year thereafter, until and including the fifth day of January, 1965. The interest accruing on all of said bonds that shall be sold shall be payable at the office of the treasurer of the state on the fifth day of January and on the fifth day of July of each and every year after the sale of the same. The interest on all bonds issued and sold shall cease on the day of their maturity, and the said bonds so issued and sold shall on the day of their maturity be paid, as herein provided, and canceled by the state treasurer. All bonds remaining unsold shall, at the date of the maturity thereof, be canceled and destroyed by the treasurer of the state. All bonds issued pursuant to the provisions of this act shall be signed by the governor of the state, countersigned by the state controller, and endorsed by the state treasurer, and each of said bonds shall have the great seal of the State of California impressed thereon. The said bonds signed, countersigned, endorsed and sealed, as herein provided, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the persons so signing, countersigning and endorsing, or any of them, shall have ceased to be the incumbents of said office or offices.

Sec. 2. Attached to each of said bonds shall be an interest coupon for each semi-annual payment of interest thereon, negotiable in form, and payable to bearer, and expressing the obligations of the State of California to pay the amount of such semi-annual payment of interest in gold coin of the United States at the time of maturity thereof. Said interest coupons shall be so attached that each may be detached without injury to or mutilation of, or detachment from said bond of the remainder of such coupons the time of payment of which has not yet been reached. Said coupons shall be consecutively numbered in the chronological order of their time of payment, and shall bear the lithographed signature of the state treasurer. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the day of sale thereof, except to the extent to which accrued interest shall have been paid to the state at the time of such sale by the purchaser of said bond.

Sec. 3. When the bonds authorized by this act to be issued shall have been signed, countersigned, endorsed and sealed, as in section 1 provided, the state treasurer shall, from time to time, sell such number thereof as the governor of the state may direct to the highest bidder for cash. The governor of the state shall, from time to time, issue to the state treasurer such direction immediately after being requested so to do through and by a resolution duly adopted and passed by a majority vote of the regents of the University of California. Such resolution shall specify the amount of money which, in the judgment of said regents of the University of California, shall be required at such time, and the governor of the state shall direct the state treasurer to sell such number of bonds as will, at the par value thereof, equal said amount of money so required according to such resolution of the regents of the University of California. Said bonds shall be sold in consecutive numerical order, save and except that the state treasurer may sell two or more bonds at the same time in one lot, which lot, however, shall be made up of bonds consecutively numbered, the first of which in number shall be the first bond [illegible] urer shall not accept any bid which is less than the par value of the bond or bonds bid for, and to the amount of the accepted bid there shall be added in each case, as a part of the purchase price to be paid by the bidder, the amount of interest which shall have accrued on the bonds bid for between the date of the payment for said bonds and the last preceding interest maturity date. Each bid shall be in writing and signed by the bidder and sealed, and shall be deposited with the state treasurer not later than the last business day preceding the date of sale. Each bid shall be accompanied by the deposit with the state treasurer, either in cash or by certified check on a reputable bank within the State of California, to the order of the State of California, of one-tenth of the amount of the par value of the bond or lot of bonds bid for. Such deposit of each unsuccessful bidder shall be returned to him immediately upon the next acceptance of his bid, and such deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the state treasury to the credit of the "University of California building fund" hereinafter mentioned, and shall be credited to the successful bidder upon the purchase price of the bonds bid for in case such price is paid in full by him within the time hereinafter prescribed. At the time of sale the state treasurer shall open said bids and accept the bid of the highest bidder for cash, save and except that no bid shall be accepted which is lower in amount than the par value of the bonds bid for, and that the state treasurer may, in his discretion, reject all bids. The purchase price of the bonds sold shall be payable within ten days after the acceptance of the bid therefor, and if not so paid the successful bidder shall have no right in or to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the state treasurer upon notice as hereinafter provided in case of original sale. Bonds sold shall be deliverable to the purchaser immediately upon, and not before, the payment of the purchase price therefor. Before delivering any of said bonds, the state treasurer shall detach therefrom all interest coupons which have matured before the date of the payment of the purchase price therefor. The state treasurer may, by public announcement at the time and place fixed by him for said sale, continue such sale to such time and place as he may at the time of said continuance designate. When a sale is so continued no notice thereof need be given, other than the public announcement of such continuance by the state treasurer as just hereinbefore provided. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco, in one newspaper published in the city of Los Angeles, in one newspaper published in the city of Oakland, and in one newspaper published in the city of Sacramento, once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised.

There is hereby created in and for the state treasury a fund to be known and designated as the "University of California building fund," and immediately after such sale of bonds the treasurer of the state shall pay into the state treasury and cause to be placed in said "University of California building fund" the total amount received from the sale of said bonds, except such amount as may have been paid as accrued interest thereon. The amount that shall have been paid at such sale as accrued interest on the bonds sold shall be by the treasurer of the state, immediately after such sale, paid into the treasury of the state and placed in a fund to be known as the "interest and sinking fund of the University of California building bonds."

The moneys placed in the "University of California building fund," pursuant to the provisions of this section, shall be used under the direction of the regents of the University of California exclusively for the completion of the construction of said library building and the construction of the other buildings hereinbefore mentioned.

Moneys shall be drawn from said "University of California building fund," for the purposes of this act, upon warrants duly drawn by the controller of the state, upon claims made by the regents of the University of California and approved by the state board of control.

Sec. 4. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of, and interest on, the bonds issued and sold pursuant to the provisions of this act as said principal and interest become due and payable. There shall be collected each year, and in the same manner and at the same time as other state revenue is collected, such sum in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds maturing in said year, and it is hereby made the duty of all officers charged by law with any duty in regard to the levy and collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum.

There is hereby created in the state treasury a fund to be known and designated as the "interest and sinking fund of the University of California building bonds." The state treasurer shall, on the first day of July, 1915, and on the first day of each January and the first day of each July thereafter, transfer from the general fund of the state treasury to said "interest and sinking fund of the University of California building bonds" such an amount of money as shall be required to pay the interest maturing at the next interest payment date on the amount of said bonds sold and outstanding; and shall likewise, on the first day of January of the year 1921, and the first day of January of each year thereafter in which any of said bonds sold and outstanding mature, transfer from the general fund of the state treasury to said "interest and sinking fund of the University of California building bonds" such an amount of money as may be required to pay the principal of such of said bonds sold and outstanding as mature in such year.

Sec. 5. The principal and interest of all of said bonds which may be sold shall be paid at maturity [illegible] from said "interest and sinking fund of the University of California building bonds," and the faith of the State of California is hereby pledged for the payment in full of the principal and interest of said bonds so sold as the same mature. Both principal and interest shall be so paid upon presentation to the state treasurer on or after the day of the maturity of the same of the bond or coupon so maturing, and the state treasurer is hereby authorized and required to make such payment. Warrants for such payments shall be duly drawn by the state controller upon the request of the state treasurer.

Sec. 6. There shall be provided in the general appropriation bill to be passed at the next regular session of the legislature sufficient money to defray all expenses that shall be incurred by the state treasurer in the preparation of said bonds and in the advertising of the sale thereof as in this act provided.

Sec. 7. The state controller and state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor, in triplicate, an abstract of all such proceedings thereunder, with an annual report, in triplicate, one copy of each to be by the governor laid before each house of the legislature bi-annually. The books and papers pertaining to the matters provided for in this act shall at all times be open to the inspection of any parties interested, or of the governor, the attorney general, or the legislature, or of any citizen of the state.

Sec. 8. This act shall be known and may be cited as the "University of California building bond act," and, after any of the bonds herein provided for have been sold, shall be irrepealable until the principal and interest of all bonds shall have been paid and discharged in full, but the legislature may amend this act at any time in furtherance of its purpose, and may also repeal this act at any time after its adoption, provided that there are at the time no bonds which have been sold thereunder outstanding and unpaid in full as to both principal and interest.

M., for the purpose of electing directors and for the transaction of such other business as may properly come before the meeting.

GOLDEN L. DOWNING,
Secretary Oakland Hotel Company.

AGED NOVELIST WOULD SERVE UNDER TRICOLOR

PARIS, Aug. 22.—Minister of War Messimy asked George Desparbes, a well known French novelist now in his sixtieth year, if he would write a story for the army bulletin.

"I will give you a story," Desparbes replied, "if you will give me back my corporal's stripes and send me to the front."

The minister of war objected and said that it was quite impossible.

RYNDAM BRINGING 1360.

ROTTERDAM, Aug. 22.—Thirteen hundred and sixty Americans sailed for New York on the steamer Ryndam late last night. Another party of 1800 is expected to sail from here Saturday. Two hundred refugees arrived here and at The Hague this noon. None was greatly troubled and few needed assistance of any sort. More are due here.

YEGGS ATTEMPT TO CRACK SAFE

Work Apparently the Effort of Amateur Cracksmen in Opening Vault.

Yeggs last night attempted to crack the safe in the loan office of J. Leon, 614 Washington street, after forcing an entrance to the place by cutting the screen from the rear window and breaking the glass. The attempt to force the combination of the safe failed, and it is believed that the men must have been interrupted while at work. The combination was broken from the safe, and the door jammed, but the men were apparently not skilled at their work and the vault resisted their efforts.

Leon discovered the attempt this morning when he entered his place of business and immediately notified the police. Detectives were detailed to investigate.

The burglars searched the place and [illegible] at $150. A description of the stolen property has been given to the police.

A burglar last night looted three homes on Merrimac street.

Mrs. C. F. Dunsmoor, 582 Merrimac street, reported to the police that burglars entered her home during the night and stole jewelry valued at $50.

The same burglar also entered the home of Mrs. M. Wallace, 588 Merrimac street, and searched the bedrooms. He was frightened away and obtained only $3 in coin.

Mrs. Alice Proctor, 576 Merrimac street, later discovered that her home had been entered by the same burglar. A pair of trousers and $6 in coin were stolen.

Mrs. Mabel Toschi, 1233 Fortieth avenue, reported to the police, that while she was in a Chinese butcher shop at Ninth and Franklin streets, her purse, containing $5 was stolen from her.

M. Dubovsky, 219 Broadway, reported the theft of silverware valued at $8 from his place of business.

John McCarthy, Hotel St. George, reported the theft of $7.25 from his person, by a young woman whom he met in the streets and with whom he held a conversation.

PRATHER WINS IN E. F. ADAMS SUIT

SAN FRANCISCO, Aug. 22.—The suit brought by Edson F. Adams as executor of the estate of Thomas Prather, ostensibly on behalf of creditors of the estate, was knocked out yesterday before Judge J. M. Seawall in the superior court of San Francisco.

In all litigation between Adams and Samuel D. Prather, Prather in every instance has been successful. Adams was represented by Milton S. Hamilton, Charles E. Snook and Corbet & Selby. Adams' press agent was absent.

AGED PIONEER OF OAKLAND IS DEAD

ELMHURST, Aug. 22. — Norman Turner, an aged resident of Elmhurst and who was identified with the early upbuilding of the east bay cities, died at his home, 1713 Eighty-eighth avenue, Thursday, after a protracted illness. Turner was 79 years of age and had lived in Oakland for 56 years, during which time as a leading contractor he built many of the pioneer buildings in Oakland, Berkeley and Richmond. He was a native of Kentucky, coming west as a young man and starting here as a carpenter. He had lived in retirement for a number of years.

Decedent is survived by a family of five, Mrs. Clara J. Hayes of San Francisco, M. I. Turner of Stockton, Duffen Norman Turner of Berkeley, Mrs. Lulu Critlett and Mrs. Maud Critlett of Elmhurst. The funeral took place this afternoon from the family residence in Oakland.

IS GRANDFATHER TWICE BEFORE MONTH PASSES

HAYWARD, Aug. 22.—I. B. Parsons, president of the Bank of Hayward, has the distinction of being twice a grandfather in one month. While he received congratulations over the arrival of the stork with a baby girl at the home of his daughter, Mrs. Douglas Parker of this city, Parsons was called to Berkeley, where another baby girl has come to the home of Mr. and Mrs. Sterry Lamson. Mrs. Lamson is another daughter of the bank president.

CREDIT MEN END SESSIONS.

ST. LOUIS, Aug. 22.—The annual convention of the Retail Credit Men's Association closed here last night after election of officers as follows: David J. Woodlock, St. Louis, president; A. J. Pickarts, Los Angeles, vice-president; H. R. Pindexter, Nashville, Tenn., treasurer; H. B. Richmond, Los Angeles, secretary. The next convention city will be selected by the executive committee next month.

BOTH TAKEN INTO CUSTODY.

Joseph French and Sam Tripp were taken into custody early this morning when they were found in Harrison park. Both men were in the act of removing their coats, and it is believed they were preparing for a bout at fisticuffs. A revolver was found in Tripp's pocket. They are being held for investigation.

LEGISLATORS AT BALL GAME.

WASHINGTON, Aug. 22.—Warrants were issued by Speaker Clark late yesterday for forty-three members of the House before a quorum could be assembled for consideration of a war claim bill. Deputy sergeants-at-arms rounded up the absentees, who were scattered all over the city. Ten were located in a party at the American League baseball park.

PIE AND CAKE DAY.

ELMHURST, Aug. 22.—Next Friday is pie and cake day in Elmhurst. A sale of these home cooked delicacies will be held by the Elmhurst Mothers' Club in the domestic science room of the grammar school. Mrs. F. W. Gomph, chairman; Mrs. C. E. Wilson and Mrs. Alexander Brown form the sales' commit-

REGISTRATION IN TOWNS.

KIDNAPED GIRL LONGS FOR LOVER

Sadie Broadhurst Refuses to Prosecute Her Sweetheart.

SAN FRANCISCO, Aug. 22.—"I love him and I don't want any harm to come to him. I am not going to prosecute him, either. I wish he was free." These words were spoken this morning by Miss Sadie Broadhurst just after she had greeted her sweetheart, Charles Bozelle, the young San Jose lad, who kidnaped her Thursday night from the home of Dr. W. J. Hawkins.

Young Bozelle appeared before Police Judge Crist this morning and was instructed and arraigned on the charge of kidnaping and assault to murder which had been lodged against him. His cases were continued until next Wednesday, and meanwhile he must remain in jail, as Bozelle has declined to come to his rescue and bail him out.

Norman Brown, the chauffeur, who has also been booked on a kidnaping [illegible] managed to gain his liberty this morning when the court reduced his bail to $250.

Attorney Harry Stafford appeared for Bozelle during the court hearing today. Miss Broadhurst, who is but 16 years old, and who was simply and tastefully attired, could hardly be dragged away from Bozelle long enough for the young man to be taken into court from the prisoners' dock which is kept in Judge Crist's chambers.

All parties were agreed that the matter might go over until Wednesday, at which time, it is believed, the police court hearing will proceed.

In the event that Miss Broadhurst and Miss Grace McDonald, who was shot in the ankle by Bozelle during his attempt to terrorize the Hawkins home, refuse to prosecute, it is believed that the detective department will insist on going ahead with the case.

SUICIDE FOILED, HE TRIES AGAIN

Removed From Hospital, Man Gashes Wound and Will Die.

Within three hours this morning Joe Corbett, a Turkish peddler, twice attempted suicide and will probably die as the result of the second attempt, which was made at Sixty-fifth street and San Pablo avenue at 10 o'clock. Shortly after 7 o'clock Corbett was found on a bench in Harrison square by Policeman Fisher. His throat had been cut with a rusty knife. He was taken to the emergency hospital, where Steward Emlay took several stitches in the wound under his left ear.

After being patched up Corbett left the hospital, presumably to go to his home at 415 Eighth street. Instead he went out San Pablo avenue on a street car and when he thought he was far enough away from the hospital he removed the bandages about his throat, took a razor he had obtained from some unknown source and reopened the wounds in his neck, only to make them deeper with the sharp blade. He severed his windpipe and bled profusely from the gaping wound. Neighbors telephoned to the northern police station and Corbett was rushed back to the emergency hospital, where Dr. G. G. Reinle and Dr. E. E. Dowdle attended him. The physicians gave little hope for his recovery.

When Corbett went to the hospital the first time today he explained that we was despondent over his business affairs. He is 44 years of age.

Two weeks ago Corbett attempted suicide by jumping into the estuary.

STORM RAINS DEATH IN GOTHAM STREETS

NEW YORK, Aug. 22.—For nearly half an hour yesterday afternoon New York was as dark as night while it was visited by one of the most severe electrical storms in its history. Five deaths, a panic among 2000 bathers in a pavilion struck by lightning and injury to seven persons caught in the path of a spectacular Broadway runaway, sum up the known casualties from the storm. It brought relief from the intense heat, the temperature dropping from 87 to 77 degrees.

NEW HAVEN SUFFERS.

NEW HAVEN, Conn., Aug. 22.—Two persons were killed, two others were perhaps fatally injured, and much property damage was done by a severe electrical storm which swept over the greater part of Connecticut late yesterday.

IN PENNSYLVANIA.

PHILADELPHIA, Aug. 22.—One man was killed by lightning, barns in many sections of the state were ignited and heavy damage was done to other property by violent electrical storms yesterday.

GERMANS ISSUE BOOK: "TRUTH ABOUT GERMANY"

LONDON, Aug. 22.—The Copenhagen correspondent of the Daily Telegraph, in a dispatch dated Friday, says that German merchants, fearing the war may ruin the nation's export trade with America and that Americans may boycott German trade, have formed a committee to try to prevent this result. The committee includes Prince von Buelow, former imperial chancellor; Field Marshal Von der Goltz, Albert Ballin, director-general of the Hamburg-American Line, and others who are great manufacturers.

A pamphlet has been issued in English called "The Truth About Germany: Facts About the War." It has been distributed among many American tourists still in Germany.

AUSTRIA CALLS OUT HER FINAL RESERVE

LONDON, Aug. 22.—In a dispatch from Amsterdam the correspondent of the Reuter Telegram Company transmits an official communication from Vienna saying that a new mobilization order calls all the reservists of the first class, now [illegible] the second class and the men in the Landsturm, to the colors for August 24.

The first and second class of the Hungarian Landwehr have been ordered to mobilize on the same date, as have also the recruits of 1914, and all the men in the Austrian and Hungarian Landsturm up to the age of 4[illegible] years.

WINS DIVORCE FROM SUGAR KING'S SON

Mrs. Edith Marie Spreckels Is Granted Decree on Ground of Extreme Cruelty.

SAN FRANCISCO, Aug. 22.—Mrs. Edith Marie Spreckels the beautiful wife of John D. Spreckels, Jr., millionaire son of John D. Spreckels and grandson of Claus Spreckels, the California sugar king, was granted a divorce by Superior Judge Graham this morning after testifying to the extreme cruelty of her young husband who sat facing her in the courtroom, at times smiling in friendly fashion upon her.

The rehearsal of the treatment accorded Mrs. Spreckels by her spouse was the [illegible] ceedings. The husband, who was present to make sure that everything went along as programmed, was ready with a greeting before his divorced wife almost before the court had signed the papers, giving her an interlocutory degree. As she left the courtroom Mrs. Spreckels swept by her husband, tapped him lightly and airily upon the shoulder, and said "good by" with great cordiality.

In just as jaunty fashion he bowed her farewell and the two shook hands, parting as perfectly good friends.

The public was not taken into the confidence of the couple as regards the settlements. All of the monetary adjustments were made out of court. Mrs. Spreckels of course was given nominal alimony and the custody of her three children.

On the witness stand she contented herself with telling a few of the habits of her spouse to which she objected. These included, nagging, quarreling and staying out late at night. She declared that Spreckels kept very bad hours and that he frequently remained away from home for long periods.

She was corroborated in her testimony by her aunt Mrs. Ornoff. Judge Graham asked a few questions and as there was no objection on the part of the defendant or his counsel the decree was granted.

The marriage of John D. Spreckels was one of the biggest events in the memory of the members of the local smart set. It was supposed to be an ideal match, but incompatibility of temper and differences regarding yong Spreckels' habits are said to have caused the estrangement which resulted finally in the action for divorce.

WHEREABOUTS OF BRITISH A SECRET

Curiosity Is Expressed As to When English Troops Will Come Into Fight.

LONDON, Aug. 22. — The English press gives no intimation as to the whereabouts of the British expeditionary force. With the approach of critical operations in the vast campaign the greatest curiosity and anxiety are expressed as to when the British troops will come into the fighting line.

Various descriptions, dated from unnamed camps in France, appear in the papers here, telling of the excellent condition of the British "tommies." It is announced, however, that the authorities will now allow the soldiers to write home to friends.

Therefore some light may be expected speedily on the mystery under which English relatives and friends have become a little impatient.

The Boulogne correspondent of the Times, describing the embarking of the British heavy field artillery for the front, but giving no indication of where the British camps are situated, says:

"To those of us who have watched the coming and going of the expeditionary force it is plain that we are coming to the end of the first act. The curtain is about to drop."

EMPEROR ISSUES RESCRIPT.

Among the German papers received in London is the Strassburger Post, which gives the Emperor's rescript issued after the German victory at Muelhausen and addressed to army headquarters. The Emperor said:

"I am grateful to our God who is with us. I thank you and our brave troops for the first victory and to express to all who took part in it my imperial thanks, which your chief war lord addresses to them in the name of the fatherland."

Berkeley Neutrality Nearly Like Belgian

BERKELEY, Aug. 22—The burley form of Policeman George Kohler, looming above the entrenchments at Page and Second streets, threw consternation this afternoon into the ranks of approaching French and German armies made up each of about two score boys.

Through a careless censorship advance report of the battle had reached the ears of Chief Vollmer, who took immediate steps to prevent bloodshed. Kohler believed when he saw the arsenal that each side had collected, that the chief was not unwise. There were iron belts, horse shoes, railroad spikes, broken bricks, rocks, clubs, and various other missiles, any one of which would have done damage had it ever struck. On opposite sides of the street the boys had constructed defense works and were already in position for the battle when Kohler arrived.

This morning a woman, who refused to give her name, whose son was apparently among the belligerents, telephoned the police such of the battle plans as she had accidentally overheard.

Interference was the result.

Burns Holds Out for 3 o'Clock Weight in the Proposed Azevedo Match

OLD RIVALS FIGURE AS THE NEXT MATCH

Moy, Burns, Azevedo and Grunan Are Now in Line

(By THE TIMEKEEPER.)

Oakland's pugilistic doormat is occupied today by Frankie Burns, Eddie Moy, Joe Azevedo and Ralph Grunan. From this likely quartet the next prize bout at the Wheelmen's Club will be selected. Off hand, it looks as though public demand as well as logical reasoning would result in the matching of Frankie Burns and Joe Azevedo. This has been the one bout for which local fans have been waiting for almost a year. This is the same bout for which Burns has been clamoring and for which he posted a side bet of $500 and made unusual efforts to secure.

The general assumption on the part [illegible] was that Jimmie Rohan, [illegible] reasons best known to himself for not sending the Portuguese lightweight up against the "Pride of Oakland" until the proper time arrived. Rohan today denied that he had ever been afraid to send Azevedo against Burns.

"On the contrary," observed Rohan, "I don't think that Burns has showed any great anxiety to meet Azevedo ever since Joe met Charley White, Frenchy Vaise and Joe Bayley. He has talked a bit but so far as hounding us for a match, he has subsided. I have respect for Frankie's ability, but it seems as though Azevedo should get a chance to come back and we might just as well pick out a hard man to tackle and get it over with. I would like to send Azevedo against either Burns or Ralph Grunan."

Burns has demanded that Azevedo make 133 pounds at 3 o'clock and this may prove the first obstacle in the way of the pair being matched.

Azevedo's battles hitherto have always been with the weight at 6 o'clock. The idea of weighing in seven hours before the battle does not appeal to Rohan, and he thinks that precedent should be followed.

Frankie Edwards, well known about the bay as a trainer and admitted to be about the greatest gymnasium fighter in the lightweight division, is dickering for a return to the ring, and from present indications will probably meet either Sally Salvadore or Ralph Grunan in the near future.

Frankie talked over the long distance with both Joe Azevedo and his brother yesterday and the latter made him a good offer for an appearance in Sacramento against Sally Salvadore for the first part of next month. The Azevedo brothers are interested in a boxing club in Sacramento and are planning a classy card for an Admission day program, figuring Sally Salvadore and Frankie Edwards for the main event, over the 20-round route.

Tommy Simpson has also made Edwards an offer for appearance before the West Oakland club on their next program. So far his opponent has not been picked, but Simpson is dickering with Ralph Grunan, Harry Foley's lightweight prodigy who last night made such a hit with the fans against Salvadore.

Grunan is one of the cleverest boys and most finished fighters that has appeared before the local fans in some time, but matched with Edwards he will find his equal in the boxing department. Edwards has acted as chief sparring partner for some of the greatest lightweights the coast has produced, and has never met his equal in the gymnasium. Willie Ritchie, Tommy Murphy and Frankie Burns have all worked with Edwards at different times, and they were all baffled by his speed and cleverness.

If the West Oakland club could land Grunan and Edwards for a bout in the near future there is no doubt that the boys would make one of the best drawing cards that the local fans have been treated to in some time.

Ralph Grunan made a good impression with the fans last night, when he seemed to have a decided advantage over Sally Salvadore. Referee Frank Schuler called the bout a draw but the bout could have [illegible] point. Harry Foley, who has been handling the Portland lad, has certainly made great strides in the improvement of Grunan's boxing, and his showing last night brands him as one of the classiest boys who has ever graced the four-round game across the bay. Salvadore managed to hold the battle fairly even in the first three rounds, but Grunan made a mark of him in the fourth and finally managed to slip over a hard right cross which staggered his opponent. At the finish the Sacramento boy was about all in.

In the special event Johnny McCarthy easily beat Joe Getz of Philadelphia and was given the decision by Eddie Burns, who refereed the preliminaries.

Harry Willie, the touted heavyweight champion of the south, stopped Battling Brant in the fourth. Willie made a favorable impression. Bill Sloane was awarded a decision over Jack Kelly. Freddie Wharton beat Frankie Driscoll easily, the referee stopping the bout after Driscoll had been knocked down twice in the second. Charley Moran earned a draw with Eddie Tait. Eddie White beat Chris George. Al Lloyd beat Herb Astrand in the second round. Frankie Olmstead was given a verdict over Kid Stanley.

Jimmy Clabby writes from the Antipodes that he will be back in America some time next month. He has been offered some vaudeville engagements in this country and after the completion of his contracts intends taking on any promising middleweights that are presented.

Jeff Smith is leaving for New York today, but promises to be on hand when Clabby returns from Australia. Smith is anxious to meet Clabby in this country and hopes to demonstrate the fact that he was Clabby's master in their bout across the water.

Smith and his manager, Al Lippe, conferred last night with Promoter Coffroth, but it was agreed that no legitimate match for the easterner was at present available. Smith is accompanied by his wife and baby, and his manager, Al Lippe.

Kid McCoy has decided not to try a come-back against Charley Miller as he was scheduled to do. McCoy considers himself too old to participate in a boxing contest. This is the third time McCoy has allowed himself to be reported signed for a bout and then backed out since he came to California several months ago.

Freddie Hamman, the local featherweight who made such a good impression in a six-round draw against Charley Givens at the last West Oakland show, has placed his ffairs in the hands of Grant Gorman. Freddie has shown the right stuff in all his local starts, but seems to have had a hard time keeping busy. During the last month he has spent most of his time in working with Frankie Burns as sparring partner but has been made a promise of a chance at the trans-bay four-round game for the near future.

ALL FOR THE PRICE OF ONE ADMISSION.

The cunning child in silence sat
Throughout the sultry summer day
And watched the players run and bat
And throw and catch and all that,
Nor did he have a word to say,
But yawned a trifle now and then,
For he was bored and quite blase.

And as the shadows longer grew
And as the sun in glory sank
As 'foresaid sun is 'sposed to do,
When all its daily work is through,
The dew came down, the dew so dank—
And glistened on our cunning child
Who sat and thinked and thunk and thank.

"The game is finished," said paw-paw,
"The game is o'er, the sun has set,
And autumn breezes chill and raw
Are clutching me with clammy claw;
Let's beat it home from out of the west."
The cunning child lisped: "Wait a while,
They haven't had a riot yet!"

If these players are as anxious to fight as they seem to be, they ought to declare war on Germany; everybody else is doin' it.

EX-NATIONALS LEADING AMERICAN LEAGUE IN CLOUTING BALL

Mike Mitchell and Hoblitzell Are Star Sluggers; Kauff Still Leading Feds.

CHICAGO, Aug. 22.—Two former National leaguers are leading their colleagues in the American league in batting, according to averages published here today. Dick Hoblitzel, now with Boston, is the top-notcher, with a percentage of .379 for the twenty games he played, and Mike Mitchell, in the score of games he has [illegible] Then follow Jackson, Cleveland, .366; Cobb, Detroit, .341; Collins, Philadelphia, .339; Baker, Philadelphia, .330; Cree, New York, .327; Speaker, Boston, .321; Crawford, Detroit, .319; McInnis, Philadelphia, .314. Philadelphia, with .266, and Detroit and Washington, with .247 each, lead in club batting. Collins, with 41, is ahead in stolen bases. Leading pitchers ranked according to games won and lost, include: Bender, Philadelphia, 11 and 2; Plank, Philadelphia, 14 and 3, and Leonard, Boston, 18 and 4.

Brooklyn has five batters ranked among the first ten of the National league. They include Ross Erwin, who leads, with .360 for twenty games. Following Erwin are Grant, New York, .347; Dalton, Brooklyn, .345; Mayers, Brooklyn, .333; Becker, Philadelphia, .327; Daubert, Brooklyn, .320; Burns, New York, .310; McCarty, Brooklyn, .310; Wingo, St. Louis, .310; Magee, Philadelphia, .300. Brooklyn leads in team batting, with .273, and New York is next, with .265.

Manager Herzog, Cincinnati, leads the base stealers, with 39. James, Boston, with 17 and 5; Doak, St. Louis, 13 and 4, and Rudolph, Boston, 17 and 7 are topnotchers among the pitchers.

Though John Titus of Kansas City, with .356, retains leadership among the American Association batters, Bill Hinchman is gaining on him. Hinchman's average is .375. Kansas City, with .276, and Minneapolis, with .275, lead in team hitting. Killifer leads in base stealing, with 42. Leading pitchers include Dougherty, Milwaukee, with 10 and 2; Larcy, Indianapolis, with 11 and 4, and Gallia, Kansas City, with 10 and 8.

In the Federal league, Kauff still sets the batting pace, the Indianapolis slugger having a .363 average. Indianapolis is ahead in club batting, with .284, and Baltimore is next, with .274. Kauff, with 51, leads in stolen bases. Among the top-notch pitchers are Ford, Buffalo, with 15 and 5; and Kaiserling, Indianapolis and Brown, St. Louis, with 12 and 5 each.

Matty McIntyre leads the batters of the International league. In twenty-six games for Providence he has batted .342. In club batting, Providence is ahead, with .276, and Toronto next, with .267. Gilhooley of Buffalo and Picks of Toronto lead in stolen bases, with 34 each. Wagner, Toronto, with 10 and 3; Hughes, Rochester, with 17 and 6, and Keefe, Rochester, with 16 and 6, lead the pitchers.

No one in the Southern league has topped Pete Kniseley's .352, which he made with Birmingham. Leaders in club batting are Chattanooga, with .265, and Mobile with .263. Barbare of New Orleans leads in stolen bases, with 39. Leading pitchers are Brown, Birmingham, with 18 and 7; Bagby, New Orleans, with 16 and 7, and Hogg, Mobile, with 18 and 9.

Larry Lejeune, Sioux City, still leads the batting in the Western league. His average is .394. Then comes Jordan, Lincoln, with .354; Mogridge, Des Moines, with .350; Shellieber, Omaha, with .348; Kane, Sioux City, with .344; Patterson, St. Joseph, with .341; Koener, Topeka, with .339; Butcher, Denver, with .338; Thomason, Omaha, with .334, and Congallon, Omaha, with .334. Denver, with .296, and Sioux City, with .293, lead in club hitting. G. Watson, St. Joseph, leads in stolen bases, with 49. Leading pitchers are Gasper, Sioux City, with 19 and 4; Gaskell, Denver, with 19 and 8, and Sherzer, St. Joseph, with 21 and 9.

WALTER C. HAGEN IS NATIONAL GOLF CHAMP

CHICAGO, Aug. 22.—Walter C. Hagen, 22 years old, native professional of Rochester, N. Y., won the open golf championship of America with a medal score of 290 for the 72 holes of the Midlothian course, just one stroke better than Charles Evans, who electrified the field by a spectacular finish.

George Sargent of Chevy Chase, champion 1909, when he scored 90 at Englewood, tied with Fred McLeod of Washington, D. C., for third and fourth prizes. M. J. Brady of Wollaston and James Donaldson of Glenview tied with Ouimet for fifth, sixth and seventh prizes. Louis Tellier had fifth best score, taking eighth prize, while J. J. McDermott and Arthur Smith of Columbus, Ohio, closed the list of prize winners with 300 each. Jack Neville of Oakland was 38 with a total of 318.

SANTA CLARA GETS PAT HIGGINS

SANTA CLARA, Aug. 22.—Rev. U. White, who was recently appointed moderator of athletics at the Santa Clara university to succeed Rev. Father Eline, who has left for St. Louis to complete his theological studies, has secured the services of Pat Higgins of Los Angeles to coach the Santa Clara university squad during the coming season. Higgings is one of the best coaches on the Coast, and he will arrive here next week to be ready for the initial practice at the opening of the university during the first week in September.

The team this year will be a very strong one, as many of last year's players will return, and there will be abundance of new material to pick from.

FISHING CONDITIONS ON FEATHER RIVER

The following reports of fishing conditions along the Feather river are made to the Sporting Department of THE TRIBUNE by the Western Pacific Railway:

Blairsden—Fishing in river, creeks and lakes, very good; using spoons and following flies: Black Gnat, Brown Hackle, Royal Coachman, and Oak. Quite a number of three-pound trout have been caught in the river near Blairsden in past week. Weather generally clear and calm.

Big Bar—River muddy and fishing poor.

Belden—Fishing in river not very good, but fair in side streams.

TWO TWIRLERS PITCH NO-HIT BASEBALL

DETROIT, Aug. 22.—Two players pitched no-hit ball today in the Southern Michigan league. Brazner of the Mount Clemens Club went eleven hitless innings against the Battle Creek Club. Russell Robbins of the Saginaw Club shut-out Jackson without the semblance of a hit.

Umpire Blake was choked into insensibility and severely beaten by a crowd at Bay City, which resented a decision at the plate in the game with South Bend.

AMATEUR BASEBALL

Much rivalry has existed between the San Francisco postoffice and the Oakland postoffice employes as to the ability of the respective employes on the baseball field. Both offices have enrolled ball players of no mean ability. Both offices claim their respective teams are the best. To settle this matter, a series of three games has been arranged. The first contest will be staged at Bay View grounds, tomorrow morning, at 10 o'clock. Captain R. A. Brown of the Oakland team expects to present a strong line-up, and the San Francisco team makes the same promise. Captain Brown is a member of the Alameda Baseball Club, and equally well known as captain of the Originals football team.

Hughie Smith, formerly of the Los Angeles Coast leaguers and later manager of the Colusa Trolley league club, has taken over the management of the San Rafael baseball club and will send his new charges into their first game tomorrow against the Bertillion club of Oakland.

SAN FRANCISCO CLUBS ENTERING FAST TEAMS

George Horine, committeeman for THE TRIBUNE marathon, reports that San Francisco athletes from the Caledonian, Barbarian, Olympic and Visitacion Clubs will enter the big race on the morning of Admission Day. Each of the clubs mentioned figures on sending in a team to capture the handsome silver trophy offered by THE TRIBUNE for the first team to finish.

Sunday night at the Oakland Y. M. C. A. is rally night. Participants have been assigned to their respective captains and immediately upon adjourning there will be a mile team race along the shores of Lake Merritt.

The ten teams are headed by the following captains:

B. Smith, J. E. Hutchinson, E. Kreiss, R. Hutchinson, V. E. Brown, D. B. Wiebe, H. Christiansen, J. G. Larson, O. Steinbeck, and H. Nielson.

These team races will be held every Monday night until Labor day. The men who have entered THE TRIBUNE Annual Marathon are taking these runs to put themselves in good condition. On Monday, Wednesday, and Friday nights, some of Oakland's admirers of athletes are seen watching the sturdy runners taking their work-outs under C. F. Martin and C. H. Street, the association physical directors.

This race is only being made possible by some of Oakland's merchants donating the use of their large trucks to carry the runners to and from their destination around the bay.

RUGBY SEASON FORMALLY OPENED BY BLUE AND GOLD ATHLETES

Athletes Admit That Prospects for 1914 Are Not Overly Bright at Start.

The official opening of the University of California football season took place at the big rally held in Harmon gymnasium, last night, where the hopes of this year were lined up by some of the prominent men at the university.

That it will be an uphill fight for the University of California in the football department is generally admitted. Stan-[illegible] team it has ever had. The old stars are practically all out for work this season, and the addition of two of the New Zealand stars gives the Blue and Gold a very hard proposition to buck against.

It was pointed, however, that there was a world of material to be gleaned out of last year's freshmen, and that with fourteen of the 1913 team on the job, and two men who earned their big "C" in 1912, California will have a fighting chance. The men who are not to return this year are five of the mainstays of the 1913 team, and filling their places will be a hard problem. The absence of Captain Pert, Flemming, King, Skinner, and Brant makes quite a hole in the aggregation.

The newly elected captain of the rugby team, Joe McKimm, was not over optimistic over the prospects, but believes that California will make a great showing.

"We have a hard fight ahead of us this year, but if we do not turn out a team to beat Stanford, it will be because it is not possible under existing conditions. The necessity of practicing on soft dirt, when all our games are scheduled on the turf, will undoubtedly have its effect, and the men will be working under a handicap. The only thing that can help us beyond our own efforts is the undivided support, and steady encouragement of the student body," said Captain McKimm.

The handicap that is suffered by the Californians of playing three classes against Stanford's two was also mentioned. Stanford's consistent ignorance of the freshman rule has always given them the advantage, both in obtaining and playing athletes, but it is thought by good authorities that the agitation to have Stanford adopt the rule prohibiting a freshman from playing on a varsity organization will succeed before another year has passed.

Seals Slam Koestner and Again Pass Tigers

SAN FRANCISCO, Aug. 22.—Four runs off Koestner in the first inning cinched the game for the Seals and enabled them to regain second place. Standridge was well supported and Del Howard's crew romped home a 7 to 2 winner. The score:

Dicky Bayless is not very much disappointed because Comiskey chose Kleinfer instead of himself to become a member of the 1915 White Sox. Bayless is very well satisfied with his job on the coast. He likes California, and figures his job here as more permanent than one in the majors.

Sailor Ralph Stroud, Sacramento flinger, admits that if the Federals offer him [illegible] spring, he is prepared to sell his services to the highest bidder. Not so with "Pep" Young, who says he will sign with the Detroit Tigers and be mighty glad to do so. "Pep" is figured to work to advantage with "Donnie" Bush.

Every member of the Portland team has signed as members of the players' Protective Fraternity and Bill Rodgers captain of the team, is busily engaged in collecting the initiation fee, which is $5 for the season, with no dues for the first year.

The intention was at the start to wait until it was seen whether the other Coast teams entered the organization. But Dick Bayless who is recruiting the Venice players, said that they were surely going ahead with their plans, and Portland will do the same.

Pape, Ryan, Lush and Krause are already members of the fraternity, but the other members of the club are not. They are all agreed that it is the best thing for them to do, and most of them have already paid over their initiation fee to Rodgers.

The initiation fee and first year's dues for major league players amout to $25, so minor leaguers are getting the same protection for less money, as it is understood that next year a nominal charge of 50 cents per month during the playing season is all that will be exacted of them.

Tommy Tennant is recruiting the Sacramento players in the same manner, while Bill Abstein is looking after the interests of Los Angeles. It is understood that the San Francisco and Oakland teams are also planning to enter.

Rodgers has been corresponding personally with David Fultz, head of the fraternity, and will turn over the names of the Portland players direct to him. All of them figure that even in case the Federals are taken into organized baseball circles, that the fraternity will do much toward keeping the salaries of players up to the present notch.

If the national commission is to be believed, "Doc" White was secured by the Venice club at tremendous cost.

In a recent bulletin issued by that body it is stated that the White Sox, in return for White, are to have the privilege of picking one player from the Tigers, not only this year, but in 1915 and 1916.

Howard Ehmke has turned down the contract offered him for next year by the Washington Americans. The schoolboy wonder was not satisfied with the terms offered him by Clark Griffith and Frank Dillon sent the document back to him. Unless Ehmke signs his Washington contract the deal is off, as the new rule of the majors puts it up to the minors to sign up purchased, drafted, traded, or optional players going to the big leagues. Ehmke has received an offer from the Federals and he feels that he does not have to accept the first terms offered [illegible]

Bill Malarkey beat the Angels yesterday, making the first victory for the Wolves this week. The Angels did not get a man past second, and only one that far.

The two lead-off men on each side made seven of the eight hits.

Sprained ankles are getting to be a specialty with the Oaks. Manager Christian had to be helped off the field after sliding into second base at a perilous angle. Tyler will be unable to take part in any of the games for at least a week.

Jake Geyer held the Beavers to one run and five hits for the first seven innings, but with a three-run lead, suddeny lost control in the eighth frame. Christian sent in "Dutch" Klawitter, who so successfully handeled McCredie's men Tuesday, but "Dutch" was easy meat.

The minute Klawitter started his delivery, the Beavers started batting, and before the eighth inning was over the score was 4 to 3 in favor of Portland.

Rube Geyer is still hitting his lively pace. He made two hits out of three times at bat yesterday.

Beavers Snatch Win Away in 8th Round

PORTLAND, Ore., Aug. 22.—Portland came from behind and defeated the Oaks in the eighth inning with three runs. Score, 4 to 3. McCredie used four pitchers and Oakland two. Klawitter relieved Geyer in the eighth after the latter had walked two men and a safe bunt by Doane and Lober's leaguer over third cinched the game.

Oakland signed a young catcher, Jones, to help Mitze, as Arbogast is out with a bad hand. The score.

Brook's Wild Peg Wins for Malarkey

LOS ANGELES, Aug. 22.—Sacramento won from Los Angeles, 1 to 0. It was a pitchers' duel in which Malarkey allowed but three hits and Musser five.

Brooks, however, decided the game by making a wild throw to third to catch Coy, who registered the only run of the game. The score:

MAY EXEMPT CHAMPIONS FROM QUALIFYING ROUNDS

Plan on Foot to Change Golf Rules in Fairness to Experts.

Why is it that the golf champion, both in the United States and in Great Britain, in order to hold his title each year, must go out and fight his way to the top the same as the other contenders?

This is a question often heard among golfers, and the belief is steadily growing among those most vitally interested that the holder of the title should only be compelled to protect his honors by one who has proved his right to contest for the title.

This rule exists in practically all of the other sports, and it is confidently predicted among those who have made golf what it is in America today that ere long the champion will not be asked to go into the tournament each year and take his chances, but instead will merely watch the others fight it out for the right to meet the title holder.

An official of one of the parent bodies stated recently: "The question has been brought to the attention of both the Western Golf Association and the United States Golf Association on two different [illegible] sition to such a step, some of the officials arguing that the champion should be willing to take his chances with the others [illegible] are striving for the title.

"They also contend that putting the champion on an equal footing with the outsider is responsible in a measure for the great interest which invades every tournament, and should things be changed so that the champion could escape the weeding-out process, it would give him a decided advantage over the player who had just finished a hard 36-hole match with the runner-up in order to qualify so that he could be in a position to be recognized by the champion.

"On the other hand, those who favor the champion playing only when challenged contend that asking the champion to go out and qualify with the large fields which enter the annual championship tournament and then take his chances in the match play necessary to eliminate all but two players is asking too much of the player who has won his way to the top.

"They argue that golf, being an uncertain game, and so much depending upon luck, the champion should not be asked to jeopardize his standing by taking part in anything but a challenge match. Champions in other sports, both amateur and professional have to be challenged before they enter a contest, and such an arrangement has always proved satisfactory to all concerned. My understanding is that this question is to be brought up before the golf association in this country and Great Britain at their next annual meeting, when, it is said, decided action one way or the other will be taken.

"With the adoption of this system, things would be much more congenial when it came to determining the world's champion. All that would be necessary would be for our best man to challenge the champion of Great Britain and the two could play for the international championship on a neutral course."

NATIONAL CHAMPIONS EASY WINNERS

SOUTHAMPTON, N. Y., Aug. 22.—Rain stopped play in the tennis tournament on the turf courts of the Meadow Club here before many of the afternoon's matches had been completed. The important match of the afternoon was in the doubles, with Maurice E. McLoughlin and Thomas C. Bundy, the national champions, facing Nathaniel W. Niles and Alfred S. Dabney. The latter were outvolleyed and out-smashed. McLoughlin playing at the top of his game. The Californian won at 6-2, 6-2. At the finish of this match, a heavy shower stopped all further play for the day.

HOUSES FOR SALE

To Be Sold Sunday

3 Brand New Modern Homes

Just Taken Over by Me and Must Be Disposed Of

These three new houses absolutely must be sold Sunday. Prices and terms to be arranged with buyers. If you have even a small amount of money and want a home at bedrock prices, TELEPHONE NOW, Oakland 1750, and make an appointment for Sunday. I can personally explain to you the reasons why this is the GREATEST OPPORTUNITY of the year for home buyers.

A Beautiful Two-Story Cement House

A most attractive seven-room house, complete and ready to move into; big, comfortable porch for wicker furniture and hammocks, 10x27 feet; very large living-room; leaded glass bookcases; leaded glass buffet and sideboard; roomy kitchen full of handy built-in features; tubs in half-solid, half-screened porch; one bedroom downstairs; upstairs, three bedrooms; capacious linen closets; sleeping porch of magnificent proportions, 10x21 feet; lot is 50-foot frontage; concrete walks, macadamized streets.

Big Roomy 5-Room Bungalow

Living-room, 21x15 feet; brick fireplace; largest bedroom has two outside closets; sleeping porch on second floor. This is one of the best built bungalows in Oakland and ought to sell for at least $1000 more than you can buy it for tomorrow. Telephone NOW, Oakland 1750, and make an appointment.

Two-Story House, $3500

Just to give you a line on the price at which these three houses can be purchased SUNDAY, when all three absolutely must be sold, I quote you NOW $3500 on easy terms for a big two-story house, modern in all respects. Reception hall, large living-room with fireplace, dining-room with built-in sideboard, cabinet kitchen, large bathroom with outside exposure. Protected sleeping porch alone will accommodate four beds. Reception hall, living and dining-room have hardwood floors and paneled walls. Did you ever hear of so much value for so little money? Easy terms.

Telephone Now Oakland 1750

WEEK-END SALES ENLIVEN MARKET

Extensive Transactions and Rise in Delta Megs Lend Better Tone.

The usual extensive week-end sales co-operating with a rise in Delta megs stimulated the Saturday market to a livelier tone than that of yesterday. Bay tomatoes arrived in heavy supplies, dropping from the high range reached previously. Lighter receipts were reported of seedless grapes, which, however, were not affected in price. Otherwise quotations remained at a standstill.

WHEAT MARKET IN ECCENTRIC RISE

CHICAGO, Aug. 22.—The recent eccentricities of wheat carried the market higher at the opening today and for the moment buyers and sellers were pennies apart.

Opening prices were from ⅝c up for May to 1¼c for December, and in a few moments another cent was superimposed, but part of this latter gain was relinquished on ensuing trades. The market continued strong and closed 2½c to 3c net higher.

An over-sea authority estimated that Germany and Austria-Hungary would need 288,000,000 bushels of wheat, corn, barley and oats from abroad, while English requirements were placed at 448,000,000 bushels. The volume of trade in corn was restricted by defection of traders to the wheat and oats pits, but prices were sympathetically strong. The market opened unchanged to ⅜c net higher and quickly added ⅜c to ¾c to the bulge.

The close was strong, ½c to 4c over yesterday.

Oats opened ⅜c to 1½c higher on reports of seaboard acceptances and early gained an additional ¾c. May touched 51½c.

Trade in provisions was very light, but prices were 2½c to 10c up.

Close: Wheat—September, 99½c; December, $1.04; May, $1.10⅞.

Corn—September, 79¼c; December, 70¾c.

Oats—September, 45⅝c; December, 47⅞c.

Pork—September, $22.50; January, $21.55.

Lard—September, $10.17; October, $10.32; January, $10.67.

Ribs—September, $12.72; October, $12.27.

PLAN FOR KNOWLAND RALLY

Tremendous Outpouring of Voters Is Expected

The executive committee of the County Republican Committee has completed all arrangements for the final Republican rally and reception to Congressman Joseph R. Knowland, that will be held in the Ivory ball room of the Hotel Oakland Monday evening, commencing at 8 o'clock.

In addition to addresses by Mr. Knowland and others, a musical program has been arranged which insures a delightful entertainment for all who attend. Mrs. Camilla Buergemeister, a vocalist of talent will be one of the soloists and the Pacific Musical Quartette, Rose N. Leman, Marion H. Nash, Rowena R. Mills and Emma M. Fitch, with Mabel H. Redfield, accompanist together with a concert band, will be attractions.

As this meeting is given as a welcome [illegible] Knowland after his strenuous, state-wide campaign [illegible] publican nomination for the United States Senate, there will be no reservation of seats and every one is invited. The various Republican candidates for state offices will occupy seats on the platform. Clinton G. Dodge, chairman of the central committee, will call the meeting to order and present Peter J. Crosby, a well known attorney of Hayward who will preside. Mrs. C. S. Chamberlain, chairman of the Woman's Republican Club of Alameda county representing the women members of the Central Committee, will speak briefly in reviewing the campaign work so successfully conducted by the organization.

Already the indications are for a tremendous outpouring of citizens to hear Mr. Knowland. This being the last opportunity of hearing Alameda county's distinguished son, prior to the primary, there is certain to be a great rush for seats.

Endorsements for Mr. Knowland continue to be received, one of the most recent being that of a large number of Latin-American residents of Los Angeles, who by a committee consisting of John Lopizich, Morris Orsatti, Luigi Dell Orto, Camille Sentous, Anton Pusich and Jules Viole, all men of prominence, have passed the following resolutions:

Whereas the Honorable Congressman Joseph R. Knowland has announced his candidacy for United States senator to represent our state in Washington, and

Whereas, during his services in both branches of the Legislature of California, and as a member of Congress from our state he has stood firmly and fought assiduously for the protection of our people and our products, championing the cause of our viticultural interests; citrus, raisin, sugar and all of our products, and,

Whereas, he has ably and diligently fought for our harbor improvement, our aqueduct, and Panama free tolls and

Whereas, he has been largely instrumental in passing the bill with reference to water and railroad freight rates protecting our farmers, manufacturers, producers and consumers, and,

Whereas, in every act and on every occasion he has shown himself to be the real champion of California in the House of Representatives,

Therefore, be it resolved, that we, representatives of the Latin American peopl in this section after carefully canvassing the situation and studying the record of Congressman Knowland, realizing his sterling character and eminent qualifications through his seventeen years of public service to our state, and feeling that he will be of great benefit to us as a member of the United States Senate, do hereby most heartily indorse his candidacy, pledge our support, and urgently request our friends and fellow citizens to aid in his election to a seat in the United States Senate.

It is nearly all over except the voting which will take place Tuesday. The primary campaign virtually ends tonight and until the lines are re-arranged after the victors have been declared and the nominees selected, the press agents will cease from troubling and the political writers will be given a rest. Most of the leading candidates are preparing to wind up their fights in their home towns, where they will be given good receptions. Then there will be little doing until the ballots are counted save figures and there will be figures plenty.

* * *

Captain John D. Fredericks closes his fight with an immense meeting at Shrine auditorium, Los Angeles, following a parade this afternoon and evening in which it is related that more than 1000 men will take part. An immense crowd has been promised and while the building in which the candidate is to speak will seat 8000, it is predicted that an overflow will be necessary in order to accommodate the vast throngs. Special excursions from points within a radius of 150 miles have been made and a great rush is expected from the towns within the area.

* * *

Captain John D. Fredericks was given a good send-off at Ventura last night where it is stated he spoke to the largest political gathering in the history of the city. His presentation of the issues captured the audience and he made a splendid impression. This was Captain Fredericks' last meeting with the exception of his Los Angeles address tonight for which it is said more than 800 vice-presidents have been selected.

* * *

Francis V. Keesling spoke to a good-sized audience in this city last night at Hamilton Hall. Mr. Keesling asserted that for four years California has been surfeited with super-heated language; that for four years the government of California has been oratory but the time has come to dispense with all this and get down to business.

"Our forensic entertainment has cost the state $20,000,000 in tax contributions, has crippled our institutions and demoralized business" said Keesling. "The [illegible] of 150,000 voters and the arrayal of class against class and the erection of a wall about our state which has prevented the entrance of outside capital are incidents of our 'bully [illegible]

[illegible] county candidates and other [illegible] will wind up their campaigns [illegible] in Alcatraz [illegible] streets, under [illegible] the United Political [illegible]

Protective League, an organization said to have a membership of 600 colored citizens. The railroad organizations will work in conjunction with the league on this occasion. Frederick S. Stratton, candidate for judge of the Third District Court of Appeal; J. A. Elston Progressive candidate for Congress; J. M. Kelly, candidate for county treasurer; Frank Barnet, sheriff; E. J. Tyrrell, for the state senate; George E. Gross, county clerk; William H. L. Hynes for district attorney; James E. Barber for tax collector; C. F. Horner for assessor; E. F. Garrison for auditor; G. W. Bacon for recorder; Judge Mortimer F. Smith and George Samuels; Judge Quinn; Miss Blanche Morse, who is a candidate for county superintendent of schools; Superior Judges Waste, Brown and Harris, and others will be present. Ladies are espec-[illegible]

Frederick S. Stratton, candidate for Justice of the Appellate Court, was, at a meeting of the San Francisco Army and Navy Republican League held on the 19th instant, endorsed as candidate for the office to which he aspires. The league has promised him in their resolution, their earnest support and that of their friends.

* * *

District Attorney W. H. L. Hynes has spent a busy week in speaking throughout the county and today toured the stock yards of Oakland and the railroad yards of Oakland and Alameda. This afternoon he delivered an address at the cotton mills in East Oakland and tonight will deliver half a dozen speeches in Oakland, Alameda and Berkeley.

* * *

Following a week of political activity, County Assessor C. F. Horner, who is running for re-election, will be entertained at a dinner this evening, given in Albany by friends who have arranged a large political meeting there. Mrs. Horner will also be an honored guest. The Thirteenth Avenue Political Club has endorsed the candidacy of Mr. Horner in a letter signed by F. S. Leuin, president, and J. Gallagher secretary, in which it states:

"Kindly be assured of our undivided support in your behalf—we will assist in every way to help you retain the office of which you are the incumbent.

* * *

A neighborhood meeting at which about forty women were present, was held in the interest of E. F. Garrison at 1235 First avenue, the home of J. Donovan, Mr. Garrison being the principal speaker. Miss Alice Dougherty, Supervisor Mullins, who talked on behalf of M. J. Kelly, county treasurer; Joseph A. Marshall, who advocated the election of Dr. Tisdale for coroner and others, spoke. A musical program was prepared and refreshments served.

Auditor Garrison has been endorsed by Local 577, Material Teamsters' Union in a resolution signed by L. D. Johns, president pro tem; R. F. Norman, secretary, and F. G. Stephenson, business agent, as follows:

Whereas: E. F. Garrison has been a fair, fearless, impartial and efficient public official, and

Whereas: As county auditor has always been fair in his treatment of our cause,

Therefore, be it resolved, that the Material Teamsters' Local 577, does hereby endorse the candidacy of E. F. Garrison as county auditor of Alameda county.

* * *

Non-partisan and Democratic candidates addressed the members of the Woman's Democratic Club of Alameda county at the Hotel Oakland yesterday, Mrs. Carrie Hoyt acting as mistress of ceremonies, while Mrs. Mary Fraser presided. The speakers were Miss Blanche Morse candidate for county superintendent of schools; H. W. Brunk of Berkeley, who spoke for Sidney Van Wyck, candidate for governor; Mrs. Julia SanBorn of Berkeley, representing Mrs. N. E. Davidson, candidate for state superintendent of schools, and William J. Hayes, recently appointed referee in bankruptcy.

* * *

Local No. 70, Brotherhood of Teamsters and Chauffeurs Charles Johansen, president; B. W. Carter, secretary, and E. S. Hart, business agent, has by resolution endorsed the candidacy of Charles W. Heyer for supervisor in the second district.

* * *

Chester H. Rowell candidate for the Progressive senatorial nomination, spoke last night before a large audience at the Hotel Oakland, on "The Causes of the European War." Rowell was introduced by Charles Stetson Wheeler, who declared, in his preliminary remarks, that "men and leaders of cool intellect and wise counsel were needed by America at the present stage of affairs. "These," said Wheeler, should be specially trained to deal with European affairs and for this reason," he declared, "Rowell is an ideal candidate."

* * *

Last night's meeting of the Eugene Stachler Club was the best attended gathering of the county campaign. It began early in the evening and lasted until one o'clock this morning. Scott's band furnished music and numerous candidates addressed the voters, among them being Frederick S. Stratton, candidate for judge of the Third District Court of Appeal; E. F. Garrison, county auditor; George E. Gross, candidate for county clerk; William Hennessy, representing District Attorney Hynes, Congressman Knowland and Assessor C. F. Horner; J. M. Murphey, Progressive candidate for secretary of state. Police Judges Mortimer F. Smith and George Samuels; Justice Quinn; Judge of the Superior Court Brown, who also said a [illegible] Harris and Waste; George Frick, candidate for county superintendent of schools; John Reardon, who represented M. J. Kelly, and others. Mr. Stachler made remarks on behalf of all the candidates.

* * *

County Recorder Gilman W. Bacon, candidate for re-election will speak tonight at Venice beach in Alameda at a political meeting to be held under the auspices of the Native Daughters of the Golden West. Later he will speak before the mechanics of Oakland. He will address a large number of smaller meetings throughout the day. Tomorrow morning he will attend an outing of the Maennerchor at Redwood Canyon on the Oakland & Antioch Railway.

* * *

Sheriff Frank Barnet, candidate for re-election, was the guest of honor last night at a big political meeting and high jinks of the Eugene Stachler Club, which has already endorsed his candidacy. Barnet is receiving fresh endorsements daily and expects little real opposition. He will probably be re-elected at the primaries as he has the unqualified support of practically every labor and political organization in Alameda county.

* * *

The Thirteenth Avenue Political Club, of which F. S. Lewin is president and J. Gallagher is secretary, have endorsed George K. Smith for the assembly nomination for the Thirty-sixth district.

* * *

We, the undersigned representatives of Organized Labor, do hereby endorse the candidacy of J. A. Elston, for Representative in Congress from the Sixth District. His attitude towards Organized Labor has at all times been absolutely fair, and as secretary to the Governor of this State and at the present time an appointee of the Hon. Governor Johnson he has always been found friendly to our interests and we firmly recommend as the only logical candidate for the above mentioned office:

Frank Schrepple, member of executive board Iron Workers, No. 117; Asa E. Bennett, member of executive board Iron Workers, No. 117; George Lockner, member of executive board Iron Workers, No. 117; William A. Brazier member of Pile Drivers' Union; Eugene Moran, member of Cement Workers' Union, No. 19; Chester C. Morris, vice-president Structural Iron Workers; David Dry, past president Cement Workers' Union, No. 19; E. C. Rossi, member of Housesmiths' Union; Ernest Barney, member of Structural Iron Workers' Union; J. Roanyi, member of Housesmiths' Union; Teamsters' Union, No. 70; John H. Nerney, Order Railway Conductors; Joseph F. Short, Order Railway Conductors and B. R. T.; Richard Liebig, past president Local Union No. 78, W. B. McGowan, member Structural Iron Warkers' Union; J. J. Kennedy, member Bill Posters' Union, No 54; R. P. Smith, member Local Union No. 117; E. L. Burns, member executive board Structural Iron Workers; C. C. Coyle, member Boilermakers' Union Local No. 317, A. McCaw, member Bill Posters' Union, Local 54; Charles Elcholz, member Iron Workers' Union, No. 117; J. Stromberg, member Cement Workers' Union, No 19; Bert Clancy, member Cement Workers' Union, No. 19; H. J. Horwege, member Local Union, No. 117; C. M. Roek, member Electrical Workers Union, Paul Horwege, member Housesmiths' Union; Anthony Donohue, delegate to Building Trades Council Local, No. 19, Edward J. Gibbons, delegate to Building Trades Council Local, No. 117, J. W. Bibby, past president Alameda County Building Trades Council and member of the Ex. Board State B. T. C. of California; M. P. Scott, delegate to the Alameda Labor Council; John J. Callaghan, International Union Steam Engineers' Local, No. 532; J. F. Kennedy, Glass Workers' Union.

DR. H. B. MEHRMANN, WHO SEEKS NOMINATION FOR PUBLIC ADMINISTRATOR AT THE PRIMARIES.

Oakland Cal., Aug. 20, 1914.

Dr. H. B. Mehrmann, Public Administrator, Oakland, California.

"Dear Doctor: I desire to take this opportunity of expressing to you my sincere appreciation as a citizen and taxpayer of this county, of the manner in which you have conducted the office of public administrator of Alameda county.

"In my capacity as superior judge of this county, presiding in the probate department, I have, of course, come in close contact with you, and have had most excellent opportunity of observing the manner in which you have conducted your office and fulfilled the very exacting technical requirements thereof. Having had such opportunity of observing these matters, it affords me great pleasure to be able to say to you that everything that has been required has been done promptly, efficiently and courteously. I have found that your accounts with the various estates which you have handled, are kept with scrupulous care, which is only indicative of the integrity which you are known to possess.

"I am sure that it must be a great source of comfort and satisfaction to the heirs of decedents whose estates are in your hands, to have the feeling of security that I as a superior judge of this county have felt concerning all estates which have come into your hands as administrator. I am perfectly assured that so long as you remain as public administrator no tinge of reproach will ever be yours.

"F. B. OGDEN,
Superior Judge."

Dr. Mehrmann has been in office eight years and has made a splendid record. He will undoubtedly be elected at the primary.

Rev. Rojas Here From Mexico With Treasure

HAVANA, Aug. 22. — The most Rev. Francisco Maria Rojas, Archbishop of Chiapas, Mex., and apostolic delegate to Mexico, is now at Belen College here. It is reported that he arrived here three days ago from Vera Cruz on the steamer Maria Christiana disguised as a third class passenger. He is said to have brought a trunk containing a large quantity of treasure in American gold belonging to the sisters of the Chiapas convent. He will remain in Havana for the present.

CHAMPAGNE COMES TO STOP FAMINE

Some of Us Hadn't Noticed the Scarcity, However, and for Good Reason.

Los Angeles, Aug. 22. — The champagne famine in Los Angeles is over. It will also come to an end in several other parts of the State as soon as railroad trains can get the sparkling liquid distributed.

Casting a line on the Municipal dock yesterday, the English steamer Crown of Saville completed a 65 days' voyage from Antwerp with 1500 tons of champagne and other things mostly liquors in blissful ignorance that a war in all Europe was raging. The Seville is now unloading and will proceed to San Francisco Sunday.

Chico, Aug. 22. — Two new craters have appeared on the north and south sides of Lassen peak about 200 feet from the top during the eruptions now in [illegible] has been thrown out, but steam and ashes were spouted 10,465 feet into the air early yesterday, according to transit measurement taken by Forest Ranger Stark from Mount Turner, sixteen miles away. The present eruption is much more violent than its predecessors.

San Gagriel, Aug. 22. —San Gabriel authorities have their own way of preventing the spread of smallpox, and it seems very efficacious. Guadaloupe Pinta, a fullblooded Yaqui Indian, in whose family the disease exists, broke the quarantine regulations yesterday and wandered out among [illegible]. He was captured and not knowing what else to do with him, the authorities ordered that he be taken out into the open and chained to a tree. Consequently Guadaloupe is now enjoying his freedom with a leg chain attachment.

San Mateo, Aug. 22. — John Sufrin, a local dry goods merchant, died of heart failure at his store on Second avenue and B street at 8 o'clock yesterday. He was a native of Roumania and formerly conducted a store in South Africa. He established himself in San Mateo five years ago after having been connected with the City of Paris in San Francisco for ten years.

Fresno, Aug. 22. — According to figures compiled by Manager James Madison of the California Associated Raisin company, yesterday, nearly 1000 tons of raisins were shipped from California by rail and water during July. These raisin shipments were all to points outside of the State.
